Corridors of Opportunity

HEALTHY, SAFE, & ACTIVE COMMUNITIES

WHAT WE HEARD

During community engagement sessions, stakeholders discussed needs for the corridor and existing/potential projects and programs that would best address them. Those ideas included:

- Rehab existing building stock
- Expand free/subsidized wi-fi/mobile device lending
- Explore options to eliminate the North End food desert
- Improve lighting & safety
- Invest in natural and built environment improvements that create a sense of place

TOP PROJECTS
