 - Completed backflow application (**does not apply to 5/8-inch residential or sewer only requests**)
 - Connection and system development fees (check or money order only)
 - Recorded private service easement, upon CLT Water allowance
 - Private water service easements are not acceptable unless property is landlocked

NEW SERVICE RESPONSIBILITIES:

- CLT Water is responsible for the new water service from the main line connection to the meter near the road right-of-way
- CLT Water is responsible for the new sewer service from the main line connection to the clean out, installed directly behind the road right-of-way
- Customer is responsible for private plumbing from back of meter / sewer clean out to residence
- Customer is responsible for clearly marking their preferred location of services
 - Note: Due to underground conflicts or other circumstances, CLT Water may not be able to install your service connection at your requested location. Do not install private plumbing until the service connection is installed.

STREET MAIN EXTENSIONS:

- Apply by submitting residential application and payment
- All unmaintained public road right-of-way's must be cleared the width of the right-of-way or to the width deemed suitable by the CLT Water Engineer to allow access and future servicing, prior to CLT Water initiating survey
- Street main extension program only applies to extensions within 1,000 LF of existing infrastructure and within the public right-of-way

INSTALLATION TIME FRAMES (ANTICIPATED BUT SUBJECT TO CHANGE):

- NEW WATER/SEWER SERVICES: 8 WEEKS (Longer if NCDOT Encroachment or CDOT/Town Permit required)
- SHORT MAIN LINE EXTENSIONS (LESS THAN 140 LF): 10 MONTHS
- LONG MAIN LINE EXTENSIONS (GREATER THAN 140 LF): 1 – 2 YEARS

Billing for services shall commence immediately after service installation without regard to the use of the service during that time. If you wish to discontinue billing, you must call 311 (704-336-7600) after the service is installed.
