Introduction and General Information

1.6. Proposal Conditions.

1.6.1. The following terms are applicable to this RFP and the Company's Proposal Not An Offer. This RFP does not constitute an offer by the City. No binding contract, obligation to negotiate, or any other obligation shall be created on the part of the City unless the City and the Company execute a Contract. 1.6.2. Right to Terminate Discussions.
The Company's participation in this process might result in the City selecting the Company to engage in further discussions. The commencement of such discussions, however, does not signify a commitment by the City to execute a Contract or to continue discussions. The City can terminate discussions at any time and for any reason.

1.6.3. Trade Secrets and Personal Identification Information.

Definition.

Upon receipt by the city, all materials submitted by a Company (including the Proposal) are considered public records except for (1) material that qualifies as "trade secret" information under N.C. ("Trade Secrets") or (2) "personally identifiable information" protected by state or federal law, to include, but not be limited to, Social Security numbers, bank account numbers, and driver's license numbers ("Personally Identifiable Information" or "PII").

Instructions for Marking and Identifying Trade Secrets.

If any Proposal contains Trade Secrets or PII, such Trade Secrets and PII must specifically and clearly be identified by clearly separating them from the rest of the Proposal and marked either "Personally Identifiable Information – Confidential" or "Trade Secret—Confidential and Proprietary Information." This confidentiality caption must appear on each page of the Trade Secret or PII materials, and the document(s) must be submitted separately in the Procurement Portal.

Availability of Proposals to City Staff and Contractors.

By submitting a Proposal, each Company agrees that the City may reveal any Trade Secret materials and PII contained therein to all City staff and City officials involved in the selection process, and to any outside consultant or other third parties who serve on the Evaluation Committee or who are hired or appointed by the City to assist in the evaluation process.

Availability of Proposals via Public Records Requests.

Any person or entity (including competitors) may request Proposals submitted in response to an RFP. Only those portions of RFPs properly designated as Trade Secret or PII are not subject to disclosure. The public disclosure of the contents of a Proposal or other materials submitted by a Company is governed by N.C. Gen. Stat. §§ 132 and 66-152, et seq.

1.6.8. Proposal Terms Firm and Irreversible.

The signed Proposal shall be considered a firm offer on the part of the Company. The City reserves the right to negotiate price and other terms. All Proposal elements (including all statements, claims, declarations, prices, and specifications) shall be considered firm and irrevocable for purposes of future Contract negotiations unless specifically waived in writing by the City. The Company chosen for award should be prepared to have its Proposal and any relevant correspondence incorporated into the Contract, either in part or in its entirety, at the City's election. Any false or misleading statements found in the Proposal or Contract exceptions not included in the Proposal may be grounds for disqualification.

1.6.9. Charlotte Business INclusion Program.

Pursuant to Charlotte City Council's adoption of the Charlotte Business INclusion (CBI) Policy, the CBI program seeks to enhance competition and participation of Minority-owned, Women-owned, and Small Business Enterprises (MWSBEs) in City contracting. To accomplish this, the City has examined its procurements and set specific MWSBE participation goals on a contract-by-contract basis. The CBI Policy and CBI Manual are posted online here: www.charlottebusinessinclusion.com

To determine whether disparities exist in City contracting based on race, gender or other factors, and also to measure the effectiveness of the City's Charlotte Business INclusion ("CBI") Program, the City tracks the utilization of subconsultants and suppliers on certain City contracts based on race, gender, small business status, and other factors. The City's testing company will prepare test cylinders in accordance with ASTM C31 and take them to their laboratory for curing and testing. The Company is responsible for providing adequate curing boxes, blankets, and burlap, if needed. If the average strength of concrete cylinder test results fail to attain the specified minimum compressive strength at twenty-eight (28) days, but meet or exceed 70% of the minimum compressive strength, the Engineer will have the option of instructing the Company to replace all concrete represented by those cylinders with concrete not meeting specifications or of allowing the concrete to remain in place at a reduced Contract price.

The Contract Unit Price for such concrete left in place shall be reduced by the following formula:

Reduced Unit Price = Contract Unit Price x Avg. Strength of Test Cylinders at 28 Days
Specified Minimum Compressive Strength

Cores shall be taken from locations selected by the Engineer.

- g. If the average strength of the concrete test results (cylinders and cores) fail to attain seventy percent (70%) of the specified minimum compressive strength at twenty-eight (28) days, all applicable concrete shall be rejected. The Company, at no additional cost to the City, shall remove the rejected concrete and replace it with concrete that meets specifications.
- h. The Company must submit a Process Control plan for review by the City, including the name of the field person in charge for the Company during concrete placement per the NCDOT Standard Specifications. This person must be concrete certified per ACI and NCDOT Field Level 1 Concrete.
