A COTS solution is generally a preference, we do NOT have that as requirement in this RFP.

In order to solution this, there are many things in this RFP that are not standard practice. Do you expect there to be redlines on the SOW in the RFP template provided? (Ex - we will not name any client on our insurance)

Exceptions to the sample contract can be listed in the exceptions section on the required forms. Suggestions or recommendations your firm for consideration regarding the statement of work in the RFP the can be included in your proposal response.

The ZIP file in eBuilder seems empty. We cannot extract anything out of it. What should be in there?
