## Getting ready for spring cleaning? Don't forget to check for at home leaks too!

Locate your home's main shut off valve in case of emergency

Keep an eye on your monthly bill to catch leaks early

Repair dripping faucets, spigots, or appliances

Check and replace toilet flappers to prevent silent leaks

To learn more about tackling at-home leaks, visit our blog:

# Planting This Spring?

Stay water-wise in your garden by following our tips and tricks such as:

- ✿ Planting drought tolerant native grasses and flowers
- ✿ Grouping into irrigation zones
- ✿ Mulch!

See our gardening blog series to learn more!
