WT Harris/Plott Road Water Main Project

Lane Closure Notice: Hickory Grove Road

Contractors for Charlotte Water are continuing construction work on water main improvements in the area. As part of this project, crews will be working to install a new water main from W.T. Harris Boulevard and Idlewild Road to Plott Road and Plaza Road Extension. **Part of this work requires lane closures on Hickory Grove Road between Market Street and W.T. Harris Boulevard for several weeks to complete this work.**

Lane closures in this immediate area are expected to begin May 31 and will be in place until early July. **Construction schedules are subject to change, due to weather and other conditions.**

During this time, motorists should follow all traffic signage. Charlotte Water understands that construction can be inconvenient, but this closure is necessary to ensure safety of all individuals.
