

Lakeview Road Project Cushing Drive to Old Statesville Road State Transportation Improvement Program Project No. U-5905

Project Description

The Lakeview Road Project is being administered by the City of Charlotte to improve Lakeview Road from Cushing Drive to Old Statesville Road (NC 115), approximately 1.6 miles. The project is 100% state-funded using Bonus Allocation funds.

The purpose of the Lakeview Road Project is primarily to improve travel conditions for vehicles, while striving to improve accommodations for bikes, pedestrians, and transit users. The project will focus on increasing vehicular capacity at key intersections along the corridor to facilitate movement to the Lakeview Road direct connector interchange.

Why am I here?

Community engagement is a critical part of the planning process for transportation projects. At this stage of the Lakeview Road Project, we are eager to share the planning that has been completed to date and get your input on the preferred alternative. We want to hear your comments to ensure we design and construct a project that benefits as many users and nearby property owners as possible.

Project Vicinity Map

Statesville Road (US 21)
Add turn lanes

W.T. Harris Boulevard (NC 24)
Lengthen turn lanes

Preferred Alternative

The preferred alternative includes a multi-use path from I-77 to Hankins Road. At Statesville Road, the project will add turn lanes and at WT Harris Boulevard turn lanes will be lengthened. The project finishes the multi-use path and roadway improvements at Hankins Road, but includes a new traffic signal at Old Statesville Road (NC 115).

Current Schedule

Late 2018 - Begin real estate acquisition

Summer 2019 - Begin utility relocations

Summer 2020 - Begin construction

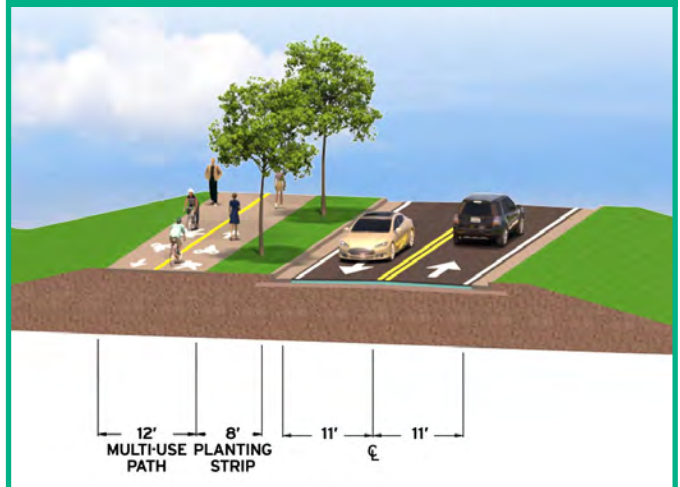

What's Next?

The City of Charlotte will review public input and explore options to incorporate changes and address comments. As the process continues, you can stay informed about the project by visiting the web page at:
