Good afternoon, Council Member Johnson,

I am back to fulfill your request for street lighting project updates along WT Harris from The Plaza to Mt. Holly-Huntersville Road. The middle segment between Old Concord Road and I-85 already has street lighting.

The Plaza to Old Concord Road

- Duke Energy is finalizing the design this week. We anticipate construction to begin in Q4 this calendar year.

I-85 to Mt. Holly-Huntersville Road

- The Charlotte Department of Transportation recently received Construction Authorization for the project from NCDOT and expect Duke Energy to begin construction by the end of the year barring any unforeseen circumstances.
- We anticipate construction to take about two years and will know more when we receive the construction schedule from Duke Energy.

Tamara Blue

Gm. Just checking on the status of the lights. Just to confirm the location is from the Plaza to 485.

Also any word on the adopt a street that we discussed a few weeks ago? Thanks
