CITY COUNCIL WORKSHOP

Monday, January 6, 2014

5:00 p.m.	Dinner
5:15 p.m.	Fiscal Year 2013 Comprehensive Annual Financial Report (CAFR) and Report of the External Auditor
6:15 p.m.	Transportation: CDOT'S FY13-14 Snow and Ice Control Plan
7:30 p.m.	Citizens Forum

COUNCIL WORKSHOP AGENDA ITEM SUMMARY

TOPIC: Fiscal Year 2013 Comprehensive Annual Financial Report (CAFR) and Report of the External Auditor

COUNCIL FOCUS AREA: All

RESOURCES: Greg Gaskins, Chief Financial Officer
Eddie Burke, Partner, Cherry Bekaert LLP

KEY POINTS:

- Financial highlights of the fiscal year 2013 CAFR.
- Report of the External Auditor, including receipt of a clean audit opinion.

COUNCIL DECISION OR DIRECTION REQUESTED:

None. This presentation is for informational purposes only.

ATTACHMENTS:

FY2013 CAFR

COUNCIL WORKSHOP AGENDA ITEM SUMMARY

TOPIC: CDOT'S FY13-14 Snow and Ice Control Plan

COUNCIL FOCUS AREA: Transportation

RESOURCES: Saleem Khattak, Street Superintendent

KEY POINTS:

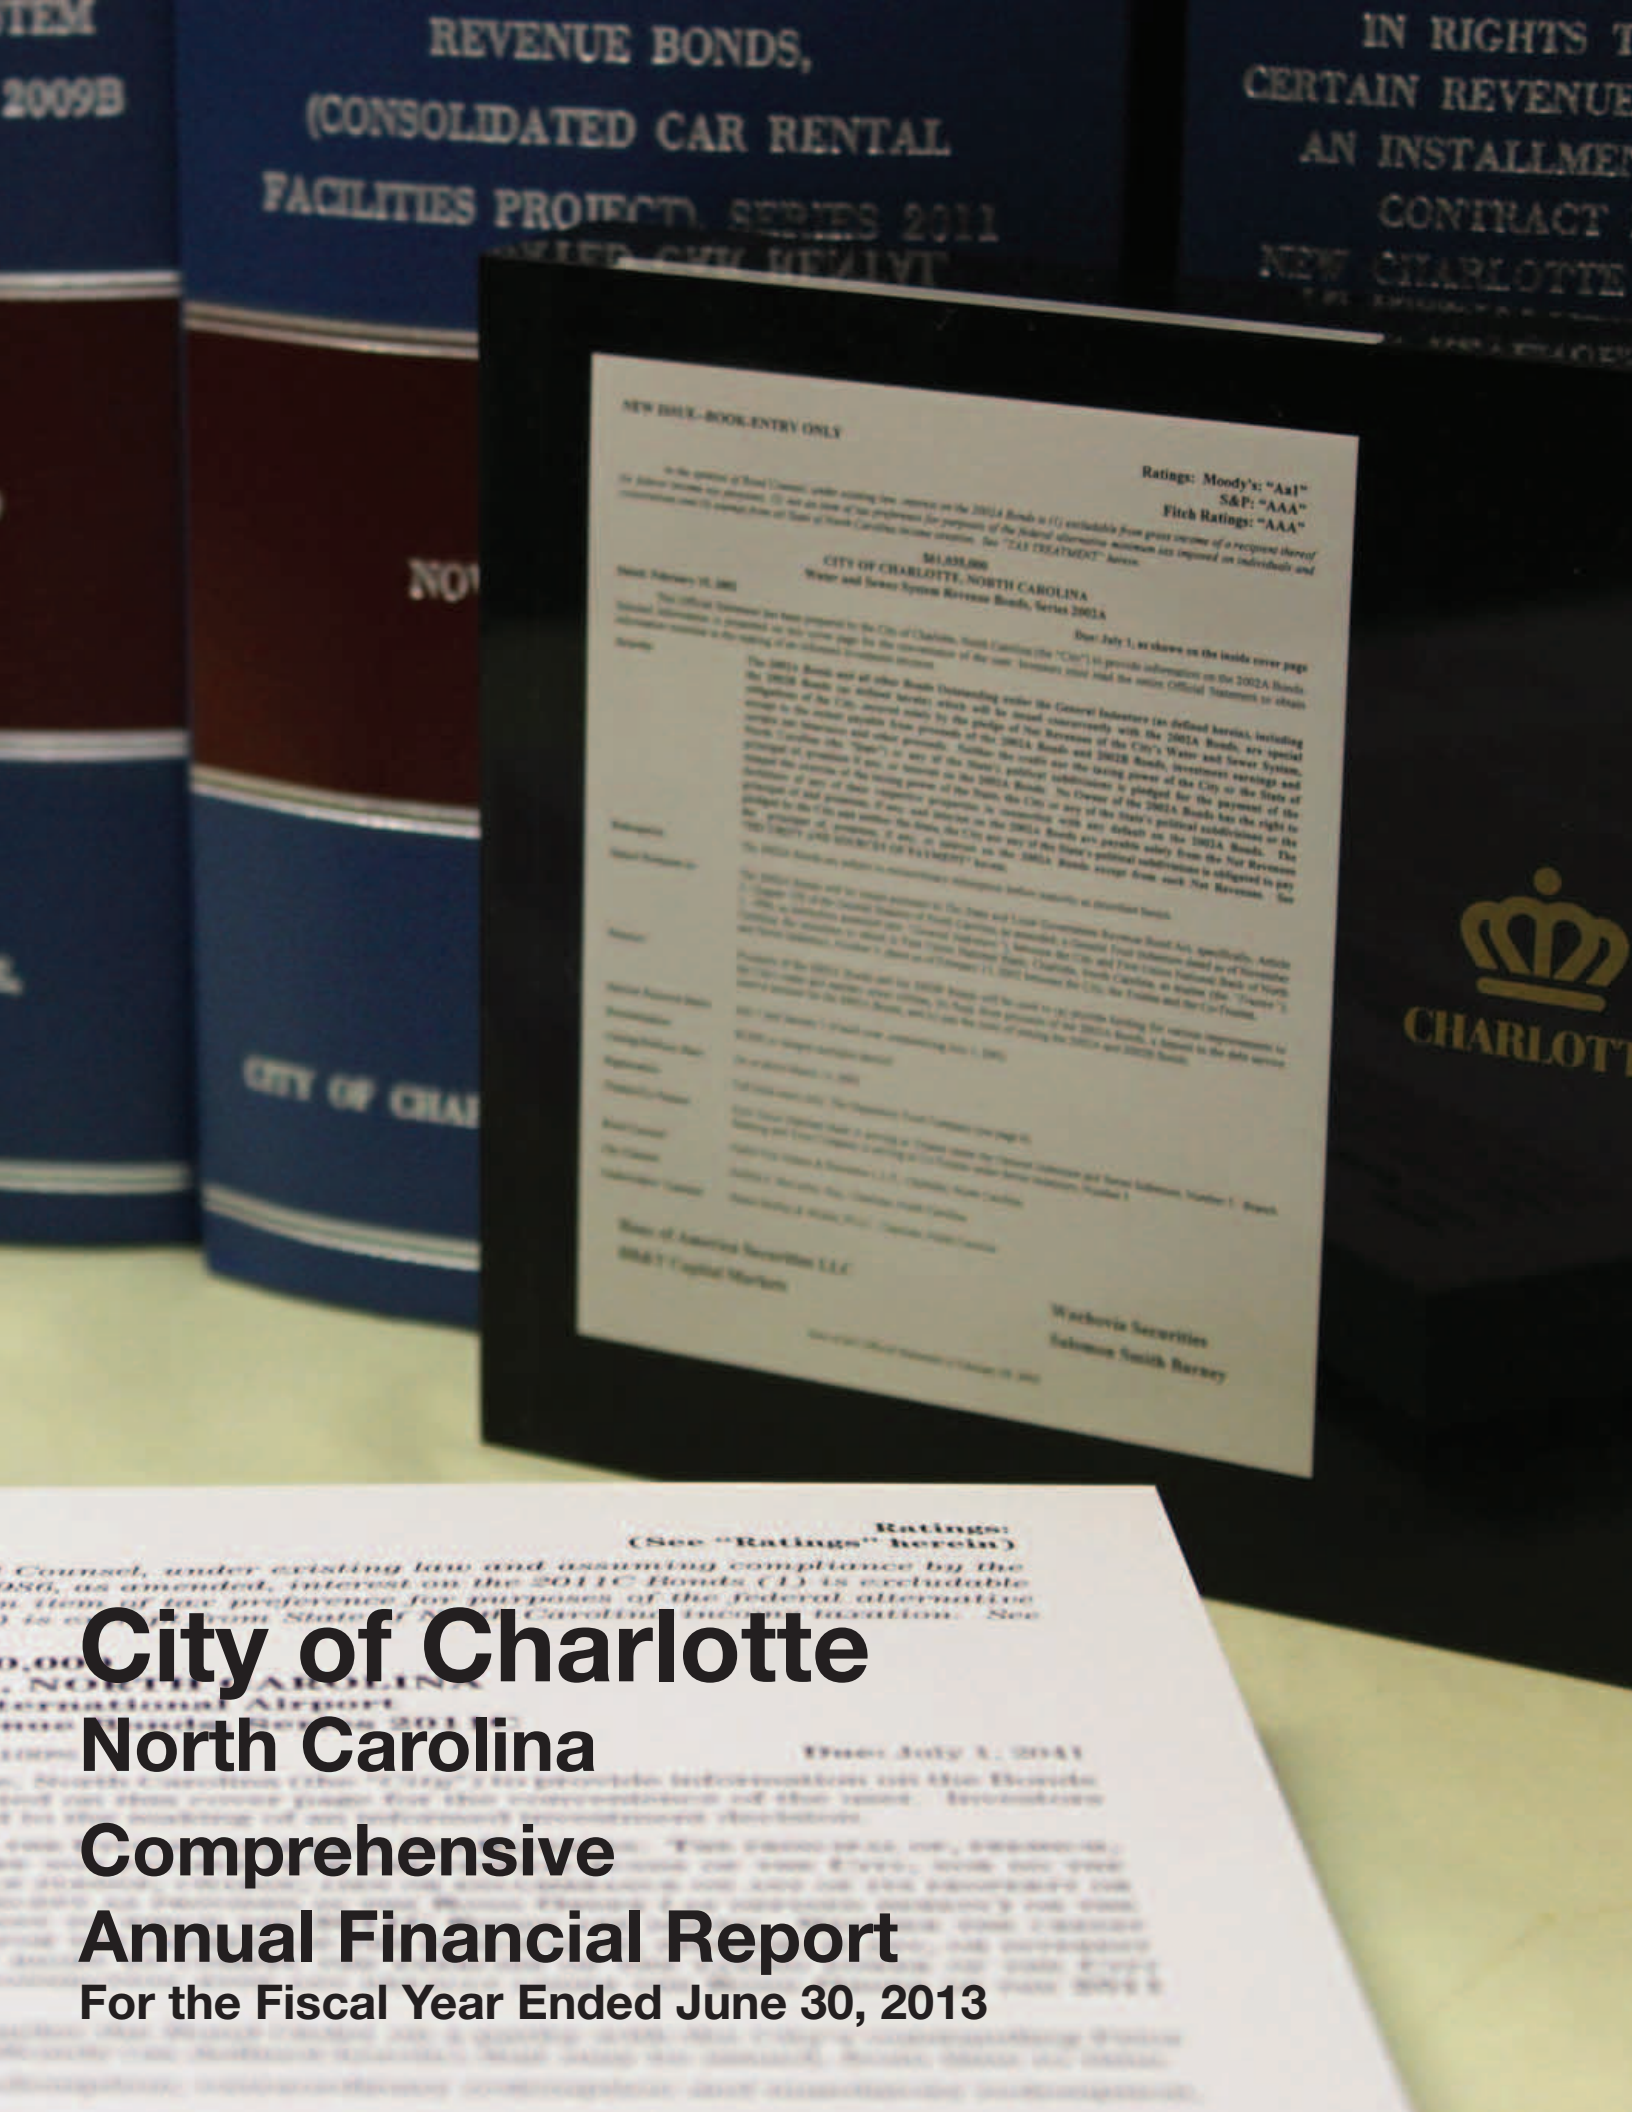

- The objective of this presentation is to provide Council with an overview of the Snow and Ice Control Program.
- Information to be presented includes:
 - Street Maintenance Division Overview
 - Program Objective and Scope
 - Planning and Preparation
 - Road and Weather Information
 - Treatment Methods
 - Equipment and Resources
 - Storm Severity and Response Plans
 - Service Levels
 - Communication and Coordination
- The Snow and Ice Control Plan is tested and ready to be executed.

COUNCIL DECISION OR DIRECTION REQUESTED:

None. This presentation is for informational purposes only.

ATTACHMENTS:

None.

NEW BOND-BOOK ENTRY ONLY

**Ratings: Moody's: "Aa1"
S&P: "AAA"
Fitch Ratings: "AAA"**

In the opinion of Bond Counsel, under existing law interest on the 2012A Bonds is (1) excludable from gross income of a recipient thereof for federal income tax purposes; (2) not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations and (3) exempt from all State of North Carolina income taxation. See "TAX TREATMENT" herein.

**\$1,020,000
CITY OF CHARLOTTE, NORTH CAROLINA
Water and Sewer System Revenue Bonds, Series 2012A**

Issue: February 15, 2012 **Date: July 1, as shown on the inside cover page**

The Official Statement has been prepared for the City of Charlotte, North Carolina (the "City") to provide information on the 2012A Bonds. Additional information is presented on this cover page for the convenience of the user. Investors must read the entire Official Statement to obtain information necessary to the making of an informed investment decision.

The 2012A Bonds are of other Bonds Outstanding under the General Indenture (as defined herein, including the 2002B Bonds (as defined herein) which will be issued concurrently with the 2012A Bonds, are special obligations of the City, secured solely by the pledge of Net Revenues of the City's Water and Sewer System, except to the extent payable from proceeds of the 2012A Bonds and 2012B Bonds, investment earnings and surplus net revenues and other funds. Further, the credit for the 2012A Bonds, investment earnings and North Carolina (the "State"), or any of the State's political subdivisions is pledged for the payment of the principal of and interest on the 2012A Bonds. The City or any of the State's political subdivisions or the principal of any of these respective obligations is subordinate with any default on the 2012A Bonds. The City or any of the State's political subdivisions has the right to prepay the 2012A Bonds, and the City or any of the State's political subdivisions is obligated to pay "TAX EXEMPT AND GOVERNMENT SECURITIES" bonds.

The 2012A Bonds are subject to mandatory redemption before maturity at discretion of the City. The 2012A Bonds are to be issued pursuant to the State and Local Government Revenue Bond Act, specifically, Article 1, Chapter 153 of the General Statutes of North Carolina, as amended, a General Trust Indenture dated as of November 1, 2011, as amended hereunder and "General Indenture 2," between the City and First Citizens Trust Bank of North Carolina, as trustee, and the City of Charlotte, North Carolina, as issuer (the "Trustee"), dated as of November 1, 2011, and the City of Charlotte, North Carolina, as issuer (the "Trustee"), dated as of November 1, 2011, between the City, the Trustee and the City of Charlotte.

Proceeds of the 2012A Bonds will be used to (a) provide working for certain improvements to the City's water and sewer system, (b) pay the principal of and interest on the 2012A Bonds, (c) be used to the debt service on the 2012A Bonds, and (d) pay the cost of issuing the 2012A and 2012B Bonds.

For more information, see the Official Statement (see page 10).

CHARLOTTESM

OCTOBER 31, 2013

HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL
CITY OF CHARLOTTE, NORTH CAROLINA

State law requires that all general-purpose local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Charlotte (City) for the fiscal year ended June 30, 2013.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the preparation and fair presentation of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements, as required by North Carolina General Statute 159-34, have been audited by Cherry Bekaert LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2013, are free of material misstatement. The independent audit involved performing procedures to obtain audit evidence supporting the amounts and disclosures in the financial statements; evaluating the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was sufficient audit evidence for rendering an unqualified opinion that the City's financial statements for the fiscal year ended June 30, 2013, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally and state mandated “Single Audit” designed to meet the special needs of federal and state grantor agencies. The Single Audit was performed in compliance with the Single Audit Act of the U.S. Office of Management and Budget Circular A-133 and North Carolina General Statute 159-34 (Single Audit Implementation Act). The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Single Audit Section at the end of this report.

GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City’s MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE GOVERNMENT

Charlotte, located in Mecklenburg County, North Carolina, is the largest city between Baltimore and Jacksonville, Florida. The City is in the Piedmont Region of the Carolinas, two hours east of the Appalachian Mountains and three and one-half hours west of the Atlantic Ocean. New York City is 631 miles to the northeast and Atlanta is 256 miles to the southwest. Location and growth reinforce the City’s role as a regional center in the Southeast.

The City, incorporated in 1768, became the county seat in 1774 and has grown from an initial 360 acres to a present area covering 306 square miles of the 527 square miles in Mecklenburg County. The City owes its name to German born Queen Charlotte, wife of England’s King George III, and the County’s name to her birthplace of Mecklenburg. That is why Charlotte is referred to as the “Queen City.” With an estimated population of 796,921, Charlotte is the core of the Charlotte-Gastonia-Concord Metropolitan Statistical Area, an area of over 1.9 million people that includes six counties. The vision of the City is to be a model of excellence that puts citizens first and makes this a community of choice for living, working and leisure activities. The mission of the City is to ensure the delivery of quality public services and to promote the safety, health, and quality of life of its citizens.

The City of Charlotte has had a **Council-Manager** form of government since 1929. Policy-making and legislative authority are vested in a governing council consisting of a mayor and eleven other members elected every two years on a partisan basis. The Mayor and four Council members are elected at-large by a citywide vote. The remaining seven Council members are elected by district, from voters who reside in each district.

The City Council is responsible for appointing the City Manager, City Attorney, City Clerk and members of various boards and commissions which enact ordinances, resolutions and orders; reviewing the annual budget, setting the tax rate and approving the financing of all City operations; and authorizing contracts on behalf of the City. The City Manager is responsible for carrying out policies and ordinances, and directs the daily operations of the City through Manager-appointed department directors.

The City provides a full range of services, including police and fire protection; the construction and maintenance of streets and other infrastructure; solid waste collection; water and sewer; storm water; an airport; and public transit. The City also has component units, organizations for which the City is financially accountable. Financial accountability is determined in accordance with criteria established by the Governmental Accounting Standards Board (GASB). The **Charlotte Firefighters' Retirement System**, a blended component unit, is presented as a Pension Trust Fund. The **Charlotte Regional Visitors Authority** is reported as a discretely presented component unit. Additional information on these legally separate entities and the reporting entity can be found in Note 1.a. in the notes to the financial statements.

The **Strategic Operating and Community Investment Plan** illustrates the allocation of resources to fund the City's operations and capital programs. The City develops annually updated two-year operating budgets and five-year capital budgets. The City Council identifies priorities enabling departments to submit their budget requests based on organization focus and strategy. The Council Budget Committee ensures that the operating budget reflects the needs and issues of the City and the organization. Requests are submitted in January, followed by several half-day retreats, beginning in February, held to discuss requests that serve as the basis for the preliminary strategic operating plan presented to City Council in May. Workshops and public hearings are scheduled to enable citizens an opportunity to respond to the preliminary plan. In June, City Council adopts a final Strategic Operating and Community Investment Plan. Budget-to-actual comparisons are provided in this report for each fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented as part of the basic financial statements. For other funds with annual and project-length budgets, detailed budget-to-actual comparisons are presented in the Combining and Individual Fund Statements and Schedules section of this report. Additional information on the budget can be found in the MD&A and Note 3.a. in the notes to the financial statements.

LOCAL ECONOMY

Charlotte has emerged as a financial, distribution and transportation center of an entire urban region. There are 7.5 million people living within a 100-mile radius.

Financial Services Center - One of Charlotte's many strengths as a leading business center is the concentration of financial institutions and resources. The City ranks as the nation's second largest financial center in headquartered banking assets and is the home of Bank of America Corporation, one of the nation's largest banks based on deposits. Thirty-five banks, with approximately 250 banking offices, and a branch of the Federal Reserve Bank operate in Charlotte. Other financial services that have a significant presence include mortgage banking, commercial finance and insurance industries.

Transportation and Distribution Hub - The City plays a major role in the transportation and distribution of goods throughout the nation. Charlotte/Douglas International Airport (CLT) is considered the "gateway to the world"; averaging 730 flights per day with non-stop service to 171 cities. CLT has five concourses with 95 airline gates; the airport's large number of gates helps 87 percent of flights leave CLT on time, compared to 86 percent nationally. The airport served 41 million passengers in 2012.

The Airport currently ranks 6th nationwide in operations, 8th in passengers, and 33rd in cargo. Nine major commercial airlines and fourteen regional carriers offer direct or non-stop service. There are more than fifteen cargo carriers serving the area. With customs services available at the Airport and a foreign trade zone designation, Charlotte is a port of entry and export.

In addition to being accessible, CLT is also renowned for its facilities and hospitality. Charlotte Douglas' 1.8 million square foot state-of-the art terminal includes a glass-enclosed expansion terminal that feels more like a shopping mall than an airport. CLT was recently named the third most efficient North American airport by Air Transport Research Society's Global Airport Performance Benchmarking study. Travel Leaders Group ranked CLT as the second best airport in the U.S. for making a connection.

Trucking is a major industry in Charlotte. Charlotte's trucking industry is served by two interstate highways that pass through the City limits, Interstate Highways 77 and 85 (I-77 and I-85), running north/south and northeast/southwest, respectively. Convenient access to the nation's interstate highway system makes Charlotte an appealing location for the trucking industry. Approximately sixty percent of the nation's population is within a 24-hour drive from the city. There are over 329 trucking companies located in Charlotte, including most of the nation's top trucking companies.

Interstate 485 (I-485) is the Outer Belt highway serving Mecklenburg County and metropolitan Charlotte. The 67-mile loop is presently open or under construction. NCDOT has taken steps to coordinate the three remaining projects that will complete the I-485 loop. These projects include building the final 5.7 miles of I-485, linking I-77 to I-85; converting the existing I-485 interchange to a turbine interchange, the first of its kind in North Carolina; and widening approximately 7 miles of I-85 from four to eight lanes in Cabarrus County. All three I-485/I-85 improvement projects will feature innovative interchange designs that will help save on construction costs while moving traffic more efficiently and safely. The final segment of I-485 has a scheduled completion date of early 2015.

Charlotte is also the center of the country's largest consolidated rail system. Two major rail systems, Norfolk Southern Railway and CSX Transportation, bring approximately 300 trains through Charlotte weekly and link Charlotte to 23 states, Washington, D.C. and Canada. To better integrate air, rail, and communications, Charlotte Douglas International Airport is constructing a \$92 million intermodal rail and trucking facility that is expected to bring the region an economic boost of \$7.6 billion over the next two decades. The intermodal yard is situated on a 200 acre tract of land that is located between the airport runways. Once construction has been completed in December 2013, the intermodal yard will create yet another competitive edge for Charlotte, and will provide a boost to approximately 100 distribution centers operating in the Southeast.

Business Environment – Charlotte enjoys a vibrant, highly diversified economy that encompasses many sectors, as well as companies that range in size from multinational to micro-business. Charlotte currently ranks 10th nationally in the number of Fortune 500

Top Five Industries
(by number of employees)

- Education, Healthcare and Social Services
- Wholesale and Retail Trade
- Finance and Insurance
- Administrative and Waste Services
- Accommodations and Food Services

headquartered companies. Charlotte is home to operations for 270 companies that are listed on the Fortune 500. The City also has 4,277 Hoover's Million Dollar Companies. There are approximately 950 foreign-owned firms in the region, which have spawned the creation of several international and cultural organizations. Charlotte was ranked as the top U.S. city for foreign investment by *Site Selection* magazine. Charlotte is a major manufacturing force and is home to every major manufacturing sector. Manufacturing in the Charlotte region includes industrial machinery, metal working, computer and electronic products, and biomedical facilities. The over 3,371 manufacturers in the Charlotte-Mecklenburg region employ more than 155,000 workers.

Growth Outlook - While many cities have seen construction costs rise, significant commercial growth continues throughout Charlotte. Charlotte construction costs rank as one of the lowest of the major metro centers. These low costs are reflected in the City awarding nearly 15,244 building permits in 2013 that represent more than \$2.3 billion of new construction. In 2012 a total of 1,180 firms created 9,595 jobs and square footage increased by 6.9 million.

On September 14, 2012, The Charlotte Knights, the AAA affiliate of the Chicago White Sox, broke ground on their new uptown BB&T Ballpark in Third Ward. The Knights will play their first home game on April 11, 2014, nearly 25 years since the team last played in Charlotte. The team hopes to improve attendance and has reported that all 1,000 club level seats for the 2014 season have already sold out. The new stadium will have views of the Charlotte skyline, picnic tables, a lounge area, and suites facing home plate. The new ballpark is anticipated to encourage additional development in the Third Ward.

On October 4, 2012, the ribbon was cut to open Mosaic Village. This mixed-use development includes suite-style apartments and 7,500 square feet of retail space. Mosaic Village is in close proximity to Johnson C. Smith University. The project is a \$25 million public-private partnership between Johnson C. Smith University and the Griffin Family, operators of Griffin Brothers Tire Stores. In addition, on October 25, 2012, Johnson C. Smith University broke ground on their 62,000 square foot Science Center that will house innovative programs in the College of Science, Technology Engineering, and Mathematics.

Romare Bearden Park's grand opening was August 30, 2013. The 5.2 acre park is located in the Third Ward and at one point Bearden lived near the location of the new park. The park design is inspired by Bearden's multimedia collages where he used memory, experiences and tradition as the basis of his work. The main pathway of the park links Church Street to the future Charlotte Knights Ballpark.

SKYE Condominiums is located in the building previously known as The Park. This revitalized 22 story tower will be Charlotte's newest mixed-use development; all four phases of the project are currently being constructed simultaneously. The development includes 67 luxury residential condominiums, a 172-room Hyatt Place Hotel, ground floor retail, and a rooftop restaurant with breathtaking 360-degree skyline views. The building will also feature the first and only open-air rooftop restaurant in Charlotte. The project opened in the third quarter of 2013.

Work to complete the much-anticipated First Ward Urban Village project is currently underway. The estimated public-private project could cost up to \$700 million and take fifteen years to complete. The project would transform nine blocks or 30 acres to include a new park, 1,500 apartments, 1.5 million square feet of offices, 350 hotel rooms, 350,000 square feet of retail, three parking decks and a new set of streets and sidewalks.

In November 2007, Charlotte opened the first light rail line in the Carolinas, a 9.6-mile line known as the LYNX Blue Line. It runs between Uptown Charlotte and I-485 just north of Pineville. With fifteen stations and twenty light rail vehicles in operation, the LYNX Blue Line has exceeded opening year ridership projections by sixty-five percent and is approaching the future year forecast of 18,200 riders nearly fifteen years ahead of schedule. The LYNX Blue Line had 4.9 million riders at a cost of \$2.72 per rider in fiscal year 2013.

In October 2012, CATS was awarded a Federal Full Funding Grant Agreement for the LYNX Blue Line Extension project. Construction recently began on this project, which will extend the current system 9.3 miles connecting Center City Charlotte with UNC Charlotte's main campus. Revenue service is anticipated to begin in fiscal year 2017.

Recreational, Visitor and Cultural Events - The City's eight percent hotel/motel and one percent prepared food and beverage taxes have provided a dedicated resource for the purpose of promoting the City as a destination for convention, business and leisure travel. Despite the slowly recovering economy, Mecklenburg County received \$4.4 billion in domestic traveler spending in 2012 (an increase of 7.0 percent over 2011).

The 2012 Democratic National Convention (DNC) held in Charlotte, N. C., in September 2012 was the single largest event in the City's history, producing an equally impressive economic impact of \$163.6 million. The DNC drew approximately 35,000 delegates, media and visitors to the Queen City. The 2012 DNC had a tremendously positive impact on the

City and the region.

Charlotte Regional Visitors Authority (CRVA), a discretely presented component unit, focuses on tourism promotions and facilities management. Through CRVA, the City provides entertainment and exhibition facilities consisting of an auditorium, two enclosed sports arenas and a convention center. The CRVA also operates the NASCAR Hall of Fame complex.

In May 2005, the North Carolina General Assembly passed legislation providing for funding a NASCAR Hall of Fame. On March 6, 2006, NASCAR awarded the Hall of Fame to the City of Charlotte. A two percent county-wide occupancy tax, which is a component of the eight percent hotel/motel tax, finances the construction, repair, maintenance and financing of the Hall of Fame. The Hall of Fame which opened in 2010 includes a 150,000 square foot museum, a 102,000 square foot expansion to the Convention Center which includes a 40,000 square foot ballroom and NASCAR Plaza, a 19-story, 393,000 square foot Class A office tower.

The City is home to two major-league sports franchises, the Carolina Panthers of the National Football League (NFL) and the Charlotte Bobcats of the National Basketball Association (NBA). Home for the Carolina Panthers is the Bank of America Stadium, a privately owned, 73,778-seat stadium in uptown Charlotte. The NBA's Charlotte Bobcats play in the uptown Time Warner Cable Arena. In July 2013, the NBA voted to approve the Bobcats' petition to change its name back to the Hornets for the 2014-15 seasons. The Charlotte Hornets was the original franchise in Charlotte for fourteen seasons between 1988 and 2002. The team's owner, Michael Jordan, sought to "bring the buzz back" by reclaiming the "Hornets" nickname. The Queen City is also home to the Charlotte Knights; the Charlotte Checkers of the American Hockey League affiliate of the NHL Carolina Hurricanes; and the Charlotte Eagles and Lady Eagles professional soccer teams of the United Soccer League.

Charlotte Motor Speedway is the largest sports facility in the southeast. The 1.5 mile superspeedway, annually hosts three series of racing, including the Sprint Cup Series NASCAR Sprint All-Star Race, Coca-Cola 600, and the Bank of America 500; the Nationwide Series History 300 and Dollar General 300; and the Camping World Truck Series North Carolina Education Lottery 200. The Coca-Cola 600 has the second largest attendance of all sporting events in the nation. The speedway hosts 140,000 permanent seats and has the capacity for nearly 40,000 more spectators in the infield. Charlotte Motor Speedway is recognized as one of the busiest NASCAR facilities in the U.S. Charlotte Motor Speedway is also home to the world's largest high definition television. The 200 foot-wide, 80-foot tall HDTV, created by Panasonic, debuted during the NASCAR Sprint All-Star Race. Also attracting race fans is the zMax Dragway at Charlotte Motor Speedway. The drag racing facilities' track, pit areas and midway cover 125 acres and seats 30,000. The dragway is unique in that it is the only four-lane, all concrete quarter-mile dragway surface.

College sports fans can attend the Belk Bowl at Bank of America Stadium, which has matched an ACC team against a Big East team for the Bowl's twelve year history. Beginning with the 2014 game, schools from the SEC and ACC will face off. College fans can also attend the CIAA Basketball Tournament which is held in the Time Warner Cable Arena. Golf lovers can attend one of the top events on the PGA tour, the Wells Fargo Championship. The U.S. National Whitewater Center is located on the Catawba River and is the world's largest artificial whitewater river and U.S. Olympic Training site. The 400 acre facility includes whitewater rafting and kayaking, flat water kayaking, mountain biking, rock climbing, zip lines, a canopy tour, team building and rope courses. With over 24 activities, a restaurant, live music shows and events, this is the perfect playground for both children and adults.

Charlotte offers diverse facilities for culture, the arts, nature and science. The Bechtler Museum of Modern Art features collections of work by the most important and influential artist of the mid-20th century such as Alberto Giacometti, Pablo Picasso, Andy Warhol, Joan Miro, Jean Tinguely and Barbara Hepworth. The Knight Theater, part of the Blumenthal Performing Arts Center, is home for North Carolina Dance Theatre and also hosts other performing arts. The Harvey B. Gantt Center for African-American Arts + Culture serves as a community epicenter for music, dance, theater, visual art, film, arts education programs, literature and community outreach.

The 145,000 square foot Mint Museum Uptown combines four collections (Craft + Design, Contemporary, American and selected European pieces) under one roof. The North Carolina Blumenthal Center for the Performing Arts, containing a 2,100-seat performance hall and a 440-seat theater, showcases the best in opera, symphony, chorus, dance and theater. The Charlotte Nature Museum, founded in 1946, provides programs and exhibits centered on a science theme of “Nature and Man.” The “hands-on” science and technology museum, Discovery Place, features a 284 seat IMAX Dome Theatre. The 40,000 square feet Billy Graham Library on the grounds of the ministry’s international headquarters in Charlotte includes a bookstore and a café. Also on the grounds is the Graham Family Home place.

Education - The County operates Charlotte-Mecklenburg Schools (CMS), a consolidated City-County public school system with current enrollment for kindergarten through grade 12 of more than 141,171 students. The City has no direct financial responsibility for the school system operations or capital. CMS has a diverse mix of students representing 157 different countries and various ethnic and cultural backgrounds. CMS offers magnet programs in 37 of its schools that develop the talents of students who have interests and talents in specific areas. On October 5, 2013, CMS received the National School Boards Association’s Council of Urban Boards of Education Annual Award for Urban School Board Excellence. Charlotte-Mecklenburg Schools are being recognized for increased student test scores and increased graduation rates. The school board has raised its standing with the public by engaging the community in strategic decisions that will influence the school system’s future.

There are numerous opportunities for secondary education in the Charlotte area. Within the greater-Charlotte region there are twenty-three public and private secondary institutions offering baccalaureate degrees; seventeen schools offering graduate opportunities; seventeen junior colleges, community colleges and technical institutes conferring two-year associate degrees. Central Piedmont Community College (CPC) is the largest of the North Carolina Community College System colleges, serving nearly 60,000 students per year. CPC was selected as the Community College of the Year by the National Alliance of Business. UNC Charlotte is the 4th largest of the sixteen institutions comprising the University of North Carolina

system. UNC Charlotte offers 92 bachelor's programs, 59 master's degrees and 19 doctoral programs. A survey by Kiplinger ranked nearby Davidson College as the 5th best value liberal arts college, and U.S. News and World Report rated Davidson as number twelve on its list of the best liberal arts colleges. Queens University, located in the historic Myers Park neighborhood, has an approximate enrollment of 2,500. The Queens University College of Arts and Sciences has been praised by the National Endowment for the Humanities for its interactive approach to teaching liberal arts; serving as a model for other institutions of higher learning across the nation. Johnson & Wales University's Charlotte Campus is growing rapidly with over 2,500 full-time students enrolled in one of three colleges: the College of Business, the College of Culinary Arts or the Hospitality College. Pfeiffer University at Charlotte has an urban campus and offers adult learners the opportunity to earn both undergraduate and graduate degrees. Wake Forest University continues to have a strong graduate school presence in Charlotte with several top-

ranked MBA programs. These programs attract talented professionals and foster an "urban campus" in the heart of the City's business district. The Charlotte School of Law relocated to Charlotte Plaza in August 2013. This strategic move puts students closer to businesses and Mecklenburg and federal courts located uptown. The new facility includes 243,000 total square feet and 32,250 square feet in the library. There are seventeen classrooms, three moot court rooms, one training room, one courtroom, thirty-eight study rooms and five knowledge bars. Charlotte School of Law received full accreditation from the American Bar Association in June 2011.

Health Care - Charlotte and Mecklenburg County are served by a number of health care providers. There are nearly 2,500 hospital beds in the Charlotte-Mecklenburg area representing two health care systems, Carolinas HealthCare System and Novant Health. Carolina's HealthCare System is one of nation's largest public hospital systems in the country and is the most prominent health care system in the Carolinas. Carolinas Health Care System operates 33 hospitals in the Carolinas, and operates a regional network of more than 1,900 employed primary and specialty care physicians. Charlotte's largest hospital, Carolinas Medical Center (CMC), is a state-designated Academic Medical Center Teaching Hospital and for the 14th year has been recognized as Charlotte's most preferred hospital by the National Research Corporation. The center includes the Sanger Heart and Vascular Institute, a nationally known center with over 80 heart specialists, the nationally ranked Neuroscience and Spine Institute and the Women's Institute that specializes in the diagnosis and management of women's medical and reproductive conditions. The CMC campus also includes the 234-bed Levine Children's Hospital dedicated to the care of children and their families, and is the most comprehensive such facility between Washington, D.C. and Atlanta. Levine offers care in over 30 specialties and sub-specialties including pediatric surgery; a pediatric kidney, liver and heart transplant program; a pediatric intensive care unit and a children's diagnostic center. Presbyterian Healthcare is a not-for-profit healthcare provider under the parent organization of Novant Health. Novant Health was ranked 21st nationally among the Top 100 Integrated networks. Presbyterian Hospital was recently recognized as one of the "100 Great Hospitals" in the nation for 2012 by Becker's Hospital Review. Presbyterian earned a place on this list because of accolades including innovative patient care, specialty programs that provide the highest level of care for patients, and clinical quality.

LONG TERM FINANCIAL PLANNING

Each year, in the early stages of budget planning, City Council establishes the areas of the community into which it wants to focus resources. These Focus Areas are the basis for budget decisions and operational programs. For fiscal year 2014, those areas are: **Community Safety, Housing and Neighborhood Development, Environment, Transportation and Economic Development.** The City uses the **Corporate Balanced Scorecard** performance measurement system to translate mission and strategy related to the Focus Areas into tangible objectives and measures; communicate strategy to employees; and ensure alignment of resources throughout the organization. City Strategy is documented in the Focus Area Plan and includes sixteen critical Corporate Objectives that guide and direct planning, decision making, and the accomplishment of the vision and mission of the City. For fiscal year 2014, Initiatives within each Focus Area include:

“Charlotte will be one of America’s safest communities.” Community Safety is a major

priority for the City. The City’s approach to building a safe community is focused on reducing crime and the loss of life and property resulting from fires. Initiatives in community safety include decreasing crime and life and property damages from fires; enhancing citizen perception of safety through citizen partnerships, crime and fire prevention and education activities; developing recruitment strategies that attract diverse applicant pools to the Police and Fire departments; and building collaborations with partners that enhance community safety initiatives.

“Creating and sustaining communities of choice for living, working and recreation.” The

City’s long-term health, vitality, and distinction as a competitive city is predicated upon its ability to utilize national and local best practices to create and sustain communities of choice for living, working and recreation. Initiatives in housing and neighborhood development include creating healthy and vibrant neighborhoods by improving and implementing quality physical infrastructure; strengthening

opportunities for public and private partnerships to encourage the integration of education, recreation, employment and housing resources in identified redevelopment areas; assisting with increasing the supply of affordable housing; and redesigning the Quality of Life Study to more accurately reflect the City’s neighborhood conditions.

“Charlotte will become a national leader in environmental sustainability, preserving our natural resources while balancing growth with sound fiscal policy.”

The City recognizes that environmental stewardship is fundamentally important to quality of life and essential to maintaining a vibrant economy. Protecting our natural resources, promoting conservation,

and improving the environment all enhance the City’s mission to preserve the quality of life of its citizens. Initiatives in environment include leading by example by practicing environmental stewardship in City operations and facilities; seeking and supporting collaborative and regional solutions to environmental problems; and facilitating the growth of the clean energy industry, including the alternative energy sector.

“Charlotte will be the premier city in the country for integrating land use and

transportation choices.” Safe, convenient, efficient and sustainable transportation choices are critical to a viable community. The City’s strategy focuses on integrating land use and transportation choices for motorists, transit users, bicyclists and pedestrians. Initiatives in transportation include enhancing multi-modal mobility, environmental quality and long term sustainability; promoting transportation choices,

land use objectives, and transportation investments that improve safety, promote sustainability and livability; communicating land use and transportation objectives as outlined in the Transportation Action Plan; and seeking financial resources, external grants, and funding partnerships necessary to implement transportation programs and services.

“Charlotte will be the most prosperous and livable city for all citizens through quality economic development.”

The City’s long-term economic health is in large part driven by its ability to facilitate private sector job growth and investment through partnerships which require public investment in public services and facilities and

infrastructure. A healthy economy also requires a commitment to strengthen and grow existing businesses, small business enterprises, entrepreneurship, business corridors and adjacent neighborhoods. Initiatives in economic development include helping grow small businesses; continue to focus on job and tax growth in business corridors; focusing on continuous improvement within the permitting and regulatory environment to facilitate job and tax base growth and to improve the customer experience; working with economic development partners to grow and retain business in the targeted industry sectors of energy and environment, finance, healthcare, manufacturing, defense, motorsports, tourism, film and international firms; and working with community partners to support youth employment and development in the community.

MAJOR INITIATIVES

The City’s capital policy and future capital plans are established in a five-year community investment plan which matches the City’s highest priority capital needs with a financing schedule. The FY2014 - FY2018 Community Investment Plan (Plan) totals \$3.4 billion and includes investments in neighborhoods, housing, storm water, roads, transit, water and sewer, the airport and government facilities. This is a 2.7percent increase from the FY2013 - 2017 Plan. The increase in the overall five-year Plan is a result of increases in the Transit, Aviation and General Government capital programs.

Capacity for capital formation is determined annually through a comprehensive model that evaluates revenues dedicated to capital and future debt service requirements. The model specifies the additional capacity to issue debt that can be fully repaid with existing or planned revenues. As a result, when voters approve General Obligation Bonds, revenues are expected to be available to repay debt service without future tax increases. Revenue restraints in recent years have led to minimal new capacity.

General Government. The General Government Plan totals \$663.2 million, including \$197.7 million for housing and neighborhoods; \$149.5 million for facility investments; \$16.5 million for environmental services; \$205.5 million for transportation; and \$94.0 million for economic development. General government projects are funded through a variety of sources including long-term financing, pay-as-you-go and capital reserves.

Water and Sewer. Charlotte-Mecklenburg Utilities' Plan is designed to address increased demand, environmental issues, and State and Federal regulations. This includes maintenance and expansion of the existing system of water and sewer mains and water and sewer treatment plants. The Plan totals \$461.7 million, and is fully financed from water and sewer fees. Major projects include \$187.8 million to maintain and extend existing infrastructure; \$165.3 million to support growth and development; \$85.8 million to support other public projects and Utilities operations.

Aviation. The Aviation Plan includes maintenance and expansions to the airfield, terminal, cargo and parking areas. The Plan totals \$966.8 million and is fully funded from airline, cargo, and general aviation revenues, federal and state grants and commercial leases. Major projects include \$175.0 million for the International Terminal (phase I); \$125.0 million for terminal lobby expansion; \$92.3 million for a fourth parallel runway; \$67.0 million for Concourse B; \$47.5 million for the Business Valet Parking Deck; \$45.0 million for an In-line Baggage System; and \$45.0 million for the Air Traffic Control.

Charlotte Area Transit System (CATS). The CATS Plan includes funding for maintenance and expansion of the existing bus, special transportation, circulator, community and regional transportation systems. The program also includes planning, design and construction of rapid transit. The program totals \$1.1 billion, and is fully financed through the one half-cent sales tax and federal and state capital grants. Major projects include: \$907.8 million for the LYNX Blue Line Extension (NE Corridor Light Rail); \$76.8 million for bus and special transportation vehicle replacement; \$22.3 million for the Light Rail facilities, maintenance, and equipment; and \$22.2 million for preventative maintenance.

Storm Water. The Storm Water Plan funds repairs to private properties with flooding problems and improvements in the public right-of-way drainage system. The Plan totals \$213.2 million and is fully financed through storm water fees. Major projects include: \$112.9 million for flood control projects in neighborhood water basins; \$70.7 million for storm water repairs; \$11.4 million for minor storm water projects; and \$10.7 million for pollution control projects.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Charlotte for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2012. This was the twenty-eighth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The cooperation of each City department is appreciated as we continue to provide a high level of public services at a reasonable tax rate. We appreciate the professional competency and dedication of the Finance Department staff throughout the year, especially during the preparation of this CAFR. Credit is given to the Mayor and City Council for their leadership and support in maintaining the highest standards of professionalism in the fiscal management of the City.

Respectfully submitted,

Ron Carlee
City Manager

* Council Appointed

Report of Independent Auditor

To the Honorable Mayor and
Members of the City Council
City of Charlotte, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Charlotte, North Carolina (the "City") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Charlotte Regional Visitors Authority (the "CRVA"). Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the CRVA, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison of the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Emphasis of a Matter

As discussed in Note 6k to the basic financial statements, it was discovered that capital assets were understated and long-term debt were overstated as of and for the year ended June 30, 2012. Accordingly, beginning capital assets and long-term debt have been restated to properly reflect balances as of June 30, 2012.

As discussed in Note 6k to the basic financial statements, the City adopted the provisions of Governmental Accounting Standards Board Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and Governmental Accounting Standards Board Statement No. 65, *Items Previously Reported as Assets and Liabilities*, effective July 1, 2012.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements as a whole. The introductory section, combining and individual fund financial statements and schedules, statistical section as well as the accompanying schedule of expenditures of federal and State awards as required by U.S. Office and Management and Budget Circular A-133, *Audits of States and Local Governments, and Non-Profit Organizations* and the State Single Audit Implementation Act are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, and the schedule of expenditures of federal and State awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us. In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2013 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Dollar Amounts in Millions)

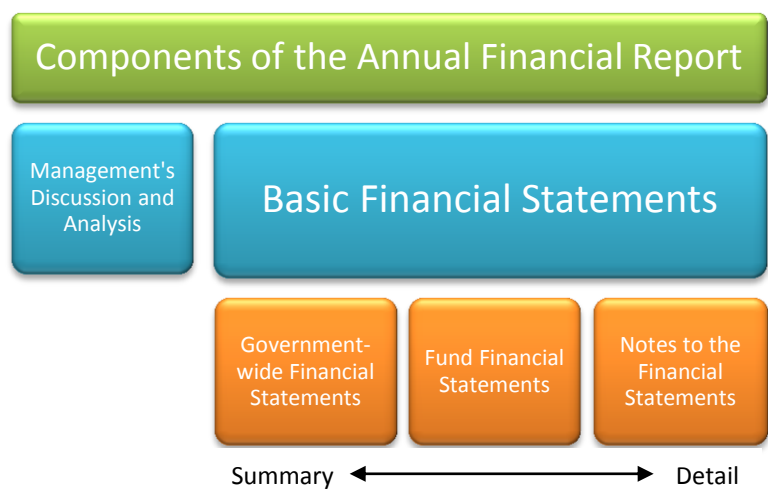

This section of the City of Charlotte's (City) annual financial report presents a narrative overview and analysis of the City's financial performance for the fiscal year ended June 30, 2013. Please read it in conjunction with the transmittal letter at the front of this report and the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$9,319.6, (net position). Of this amount, \$1,203.0 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The overall financial position of the City improved in 2013 as evidenced by an increase in total net position of \$317.4. This increase was from both governmental (\$63.7) and business-type (\$253.7) activities.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$653.7, an increase of \$29.8 in comparison with the prior year. This increase resulted from increased property tax revenue.
- Unassigned fund balance in the General fund was \$90.2 at June 30, 2013 and represents a traditional fund balance reserve maintained for emergencies, liquidity and overall financial strength. This meets the City Council's goal of 16 percent of the budget for fiscal year 2014. The amount exceeding the City Council's goal of 16 percent, \$12.5, is committed.
- The City maintained its AAA bond rating from all three major rating agencies.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the City's basic financial statements. The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements. This diagram shows how the components of the annual report are arranged and relate to one another.

The first two statements (pages 33-35) are *government-wide financial statements* that provide both long-term and short-term information about the City's overall financial status. The remaining statements (pages 36-53) are *fund financial statements* that focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.

- The *governmental funds statements* tell how general government services like public safety were financed in the short term as well as what remains for future spending. A budgetary comparison statement has been provided for the General fund to demonstrate budgetary compliance.
- *Proprietary funds statements* offer short- and long-term financial information about the activities the City operates like businesses, such as the water and sewer system.
- The *fiduciary funds statements* reflect the financial relationship with the Firefighters' Retirement System, which provides benefits exclusively for certain City employees, and the Employee Benefit Trust, which accumulates resources for the provision of other postemployment benefit payments for retirees and their beneficiaries.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data (pages 54-116). A section is also included with combining statements that provides details about nonmajor governmental funds, internal service funds, and fiduciary funds, each of which are totaled and presented in single columns in the basic financial statements. This section (pages 117-166) also includes detailed budgetary information required by North Carolina General Statutes.

The remainder of this overview section explains the structure and contents of the government-wide and fund financial statements.

Government-wide financial statements. The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies.

The *statement of net position* includes all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether financial position is improving or deteriorating. Other nonfinancial factors such as changes in the City's property tax base and the condition of the City's roads must be considered to assess the overall health of the City.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. The statement accounts for all of the current year's revenues and expenses regardless of when cash is received or paid.

The government-wide financial statements are divided into three categories:

- Governmental activities - Most of the City's basic services are included here, such as public safety, community planning and development, and streets and highways. Property taxes, other taxes, and grants and contributions finance most of these activities.
- Business-type activities - The City charges fees to customers to cover the costs of certain services provided. The City's water and sewer system, storm water system, airport, and public transit system are included here.

- Component unit - The City's annual report includes one other entity, the Charlotte Regional Visitors Authority. Although legally separate, the City appoints the governing board and provides financial support.

Fund financial statements. The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole. Funds are accounting groups that the City uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State Statutes. Other funds are established to control and manage resources designated for specific purposes.

The City has three kinds of funds:

- Governmental funds - Most of the City's basic services are included in governmental funds, which focus on (1) the flow in and out of cash and other financial assets that can readily be converted to cash and (2) the balances left at year-end that are available for spending. These funds are reported using the modified accrual accounting basis and a current financial resources measurement focus. Consequently, the governmental funds statements provide a detailed short-term view that helps determine the financial resources available in the near future to finance the City's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that follows the governmental fund financial statements.

The City adopts an annual budget for the General fund, as required by State Statutes. A budgetary comparison statement is presented for the General fund using the City's budgetary basis of accounting. This statement reflects the following: (a) the original budget, (b) the final budget as amended, (c) actual resources, and (d) the variance between the final budget and actual resources. Because the budgetary basis of accounting differs from the modified accrual basis used in the funds statements, a reconciliation is provided at the end of the statement.

- Proprietary funds – Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. The City has two types of proprietary funds. Enterprise funds are the same as the business-type activities (shown in the government-wide financial statements), but provide more detail and additional information, such as cash flows. Internal service funds are used to report activities that provide supplies and services for the City's other programs and activities. These internal service activities predominately benefit governmental rather than business-type activities; therefore, they have been included with governmental activities in the government-wide financial statements.
- Fiduciary funds - The City is the trustee, or fiduciary, for the Firefighters' Retirement System and the Employee Benefit Trust. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. This fiduciary activity is reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. These funds are excluded from the City's government-wide financial statements because the City cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Net position. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. For the City, assets exceeded liabilities by \$9,319.6 at the close of the most recent fiscal year. A summary of the City's net position at June 30, 2013 and 2012, as restate, is presented below. Information about the restatement is presented in Note 6.k. to the financial statements.

	Net Position					
	Governmental Activities		Business-type Activities		Total Primary Government	
	<u>2013</u>	<u>2012</u>	<u>2013</u>	<u>2012</u>	<u>2013</u>	<u>2012</u>
Current and other assets	\$ 953.8	\$ 921.7	\$ 1,595.3	\$ 1,491.8	\$ 2,549.1	\$ 2,413.5

Unrestricted	447.4	421.9	755.6	792.7	1,203.0	1,214.6
Total net position	<u>\$ 5,381.2</u>	<u>\$ 5,317.5</u>	<u>\$ 3,938.4</u>	<u>\$ 3,684.7</u>	<u>\$ 9,319.6</u>	<u>\$ 9,002.2</u>

By far the largest portion of the City's net position (81 percent) reflects its investment in capital assets (land, buildings, roads, bridges, etc.), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the City's net position (6 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$1,203.0) may be used to support operations and provide for payment of long-term debt.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

Government-wide net position increased by \$317.4 during the current fiscal year from increases in both governmental and business-type activities. The increases resulted in part from contributed assets including the addition of streets due to annexation and contributions of infrastructure assets from developers.

Changes in net position. The following table presents the City's changes in net position for the fiscal years ended June 30, 2013 and 2012:

	Change in Net Position					
	Governmental Activities		Business-type Activities		Total Primary Government	
	<u>2013</u>	<u>2012</u>	<u>2013</u>	<u>2012</u>	<u>2013</u>	<u>2012</u>

Total government-wide revenues of \$1,729.7 were derived primarily from grants and contributions (16 percent) and property and other taxes (39 percent). These sources of revenues increased 2 percent from the prior year, primarily due to increased property tax revenues due to a higher than anticipated collection rate.

The total expenses of all programs were \$1,412.3. The expenses cover a range of services with the two largest being transportation (streets and highways, airport and public transit) for 33 percent and public safety (fire and police) for 26 percent. Transportation expenses increased over the prior year in part due to increased expenditures for street maintenance.

Governmental Activities

As shown in the chart, property, sales and other taxes (70 percent) and grants and contributions (15 percent) were the major sources of revenues for governmental activities.

Governmental expenses increased from \$762.5 to \$801.1 during this fiscal year. Expenses in the current year related to public safety costs for the Democratic National Convention (funded by a Federal grant) contributed to this increase. As in prior years, public safety continues to be the largest expense with 47 percent in the current and prior year.

Governmental Revenues by Source

This chart highlights the net cost (total cost less fees generated by the activities and intergovernmental grants) of the City's governmental programs mainly public safety, streets and highways and community planning and development. The net cost shows the financial support provided by taxes and other general revenue sources not restricted to specific programs.

Governmental Expenses Compared with Program Revenues

In addition to property and other taxes, the total cost of services of \$801.1 was supported by \$111.8 provided by other governments and organizations for specific programs and \$98.0 provided by fees, fines and charges from those who directly benefited from the programs.

Business-type Activities

Revenues for the business-type activities were \$851.1, an increase of 13 percent from the prior year. This increase is due in part to receipt of grants for the construction of the Blue Line Extension and runway and bridge improvements at the Airport.

Business-type Revenues by Source

- Fees, fines and charges for services
- Grants and contributions
- Sales taxes levied for Public Transit
- Other

The chart below highlights the net cost of the City's business-type programs. For all business-type activities except Public Transit, user rates and fees are established to provide for operating expenses, debt service costs and adequate working capital. Public transit passenger fares are established to provide reasonably priced public mass transportation and therefore may not cover all operating costs. In addition to fare revenues, state operating assistance grants, a one-half percent sales tax and contributions from other local governments fund the transit program.

Business-type Expenses Compared with Program Revenues

Airport expenses increased \$1.8 or 1 percent from the prior year due in part to increased security and utility costs. Transit expenses increased \$7.5 or 5 percent from the prior year due in part to the purchase of new equipment such as buses and the addition of staff for the Blue Line Extension project.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At June 30, 2013, the governmental funds reported a combined fund balance of \$653.7, an increase of \$29.8, or 5 percent from last year. This amount consists of the following:

- (a) \$4.1 nonspendable for inventories and perpetual care,
- (b) \$245.3 restricted for State Statutes, special obligation debt service and specific programs,
- (c) \$103.0 committed primarily for capital projects,
- (d) \$211.1 assigned for debt service and specific programs, and
- (e) \$90.2 unassigned.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$90.2, while total fund balance reached \$179.5. The City's Capital Investment Plan Financial Policies include a policy to maintain fund balance at 16 percent of the operating budget. Any portion in excess of 16 percent is dedicated to capital expenses, unless otherwise directed by City Council. \$12.5 is committed for capital projects.

Other major governmental funds are the debt service and the capital projects funds. The debt service fund has a total fund balance of \$223.7, all of which will be used for either the payment of debt service or is restricted by State Statutes. Debt service fund balance decreased \$6.3 from the prior year due primarily to a transfer to the capital project fund to finance the Eastland Acquisition project. The capital projects fund has a total fund balance of \$87.8, all of which is committed for future capital projects. Capital project fund balance increased \$0.8 from the prior year due a transfer from the debt service fund to finance the Eastland Acquisition project.

Proprietary funds. Proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position at the end of the year amounted to \$172.9 in the Water and Sewer fund, \$49.2 in the Storm Water fund, \$370.4 in the Airport fund and \$147.4 in the Public Transit fund. The change in net position for the funds was \$61.2, \$38.1, \$106.1 and \$47.3 respectively. Factors concerning the finances of these funds have already been addressed in the discussion of the business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the fiscal year, City Council approved several immaterial budget amendments. The most significant amendments related to funding a transfer from the debt service fund from general obligation bond refunding savings to be applied to the Eastland Acquisition project.

Revenues were \$6.6 above the final budgeted amount. Property tax revenues were \$6.7 greater than expected due in part to lower than estimated rebates and higher than expected collection rates.

The fiscal 2013 budget reflected slow growth following the economic recession, weathered by the City through budget reductions and a continuation of conservative financial strategies. The most significant expenditure increases were \$2.4 to fund 50 police officers hired under the American Recovery and Reinvestment Act Grant, \$.7 for maintenance and repair of Fire vehicles and equipment plus fuel price escalations, \$.9 for increased solid waste disposal costs, and \$.4 for maintenance and repair of Solid Waste Service vehicles and equipment. Actual expenditures were \$6.9 below final budget amounts for fiscal year 2013.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets. At June 30, 2013, the City had \$11,487.3 (net of accumulated depreciation) in capital assets consisting primarily of land, buildings, roads, and water and sewer lines. This amount represents a net increase of \$224.5, or 2 percent over last year. The following is a summary of capital assets at June 30, 2013 and 2012:

Capital Assets (Net of Depreciation)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2013	2012	2013	2012	2013	2012
Land	\$ 3,163.9	\$ 3,146.2	\$ 399.4	\$ 388.7	\$ 3,563.3	\$ 3,534.9
Buildings	799.4	809.1	317.8	325.6	1,117.2	1,134.7
Improvements other than buildings	-	-	3,255.4	3,229.0	3,255.4	3,229.0
Infrastructure	1,629.3	1,652.2	-	-	1,629.3	1,652.2
Intangibles	2.6	1.7	6.1	3.4	8.7	5.1
Machinery and equipment	52.0	43.9	129.2	133.9	181.2	177.8
Construction in progress	450.0	403.4	1,282.2	1,125.7	1,732.2	1,529.1
Totals	<u>\$ 6,097.2</u>	<u>\$ 6,056.5</u>	<u>\$ 5,390.1</u>	<u>\$ 5,206.3</u>	<u>\$ 11,487.3</u>	<u>\$ 11,262.8</u>

This year's major capital asset additions included:

- Fleet maintenance master plan - \$7.8
- Streets in annexed areas - \$39.4
- Annexation area water mains - \$10.7
- Annexation area sewer trunks - \$12.7
- Airport Aircraft Rescue and Fire Fighting facility - \$6.2
- Airport D-check point modifications - \$5.0
- Bus replacement - \$6.3

At June 30, 2013, authorized and unexpended capital projects totaled \$1,955.7 as follows: governmental (\$490.7), water and sewer (\$731.3), airport (\$298.8), storm water (\$123.7), and public transit (\$311.2). The City has plans to issue additional debt to finance these projects in addition to using resources currently available.

More detailed information about the City's capital assets is presented in Note 4.f. to the financial statements.

Long-term Debt. At June 30, 2013, the City had \$4,506.6 of debt outstanding in bonds, installment purchases, commercial paper notes, derivative instrument liability, and other financing agreements. This was an increase of \$14.2 or 0.32 percent over last year. Details by type of debt are presented in the following table:

	Outstanding Debt					
	Governmental Activities		Business-type Activities		Total Primary Government	
	<u>2013</u>	<u>2012</u>	<u>2013</u>	<u>2012</u>	<u>2013</u>	<u>2012</u>
General obligation bonds (backed by the City's taxing authority)	\$ 577.4	\$ 606.2	\$ 231.3	\$ 259.0	\$ 808.7	\$ 865.2
Revenue bonds (backed by specific fee revenues)	-	-	2,404.5	2,473.4	2,404.5	2,473.4
Special obligation bonds	9.2	10.1	-	-	9.2	10.1
Installment purchases	727.9	730.3	288.4	167.1	1,016.3	897.4
Commercial paper notes	98.1	24.1	-	-	98.1	24.1
Derivative instrument liability	50.0	68.0	69.6	101.6	119.6	169.6
Swaption borrowing payable	9.1	7.9	-	-	9.1	7.9
Other financial agreements	35.3	39.1	5.8	5.6	41.1	44.7
Totals	<u>\$ 1,507.0</u>	<u>\$ 1,485.7</u>	<u>\$ 2,999.6</u>	<u>\$ 3,006.7</u>	<u>\$ 4,506.6</u>	<u>\$ 4,492.4</u>

New debt for 2013 resulted from issuing Storm Water revenue bonds (\$20.6) for refunding debt; issuing installment purchases for refunding debt (\$178.3), purchasing equipment (\$22.1), improving public facilities (\$16.7), and constructing light rail facilities (\$123.3).

The City's sound financial condition is evidenced by the continuation of its Aaa rating from Moody's Investors Service and AAA rating from Standard & Poor's Ratings Services and Fitch Ratings. Charlotte is one of the few cities in the nation that maintains the highest financial category rating from these major rating agencies. This achievement is a primary factor in keeping interest costs low on the City's outstanding debt.

The City's total debt of \$4,506.6 arises from both governmental and business-type activities. The largest portion of debt is revenue bonds (53 percent), which are backed by specific fee revenues, rather than the City's taxing authority.

North Carolina General Statutes limit the amount of general obligation debt that the City can issue to 8 percent of the total assessed value of taxable property. The legal debt margin for the City at June 30, 2013, was \$5.1 billion. The City had \$354.2 in authorized but unissued debt for streets, housing, and neighborhood improvements.

More detailed information about the City's long-term liabilities is presented in Note 4.j. of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The following economic indicators impact the City's budget outlook:

- During fiscal year 2013, 15,244 building permits were issued with a value of over \$2.3 billion compared to 14,572 permits for 2012.
- Retail sales during 2012 were \$15.1 billion compared to \$14.3 billion for 2011.
- The June 2013 unemployment rate was 8.4 percent compared to 9.3 percent for the state and 7.8 percent for the nation.
- Assessed property valuations are expected to exceed \$88.5 billion for 2013 compared to \$89.2 billion for 2012, or a decrease of .8 percent, and is due primarily to a county-wide revaluation.

The fiscal 2014 operating budget reflects the continuation of core services with only small base budget adjustments.

The General fund budget increased to \$563.5. Property tax revenues including current and prior year collections, interest, and other penalties and rebates are expected to increase 1.2 percent over 2013. Sales tax and user fees are expected to increase 3.5 and 9.6 percent respectively. The most significant expenditure increases are \$1.7 for maintenance and repair of Police and Fire vehicles and equipment, fuel price escalations, and specialized training; and \$2.0 to create a Rental Assistance Program Endowment.

The following are highlights for the 2014 budgets for the business-type activities:

- Utilities customers will experience an increase in the volume rate, fixed billing charge, and the availability fee for both water and sewer. The average monthly total water and sewer bill for residential customers is estimated to increase \$2.14 per month. Operating expenses will decrease by \$827.1 over 2013.
- Storm water impervious surface fee rate will increase 5.5 percent while expenses are expected to increase by 6.0 percent.
- Airport revenues are expected to increase 1.8 percent largely due to increased Passenger Facility Charge revenues. Operating expenses are also expected to increase 1.8 percent. This increase is due primarily to increased transfers to debt service funds.
- Public transit revenues are expected to increase from the Sales and Use Tax by 3.5 percent along with 22.0 percent increase from advertising revenue. Operating expenditures are expected to increase 4.8 percent due in part to increased projected fuel costs.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability. Questions concerning this report or requests for additional financial information should be directed to the City of Charlotte's Finance Department, 600 East Fourth Street, Charlotte, NC 28202-2848.

CITY OF CHARLOTTE, NORTH CAROLINA
RECONCILIATION OF THE GOVERNMENTAL FUNDS
BALANCE SHEET TO THE STATEMENT OF NET POSITION
JUNE 30, 2013
(In Thousands)

Total fund balances for governmental funds	\$ 653,730
Total net position reported for governmental activities in the statement of net position is different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	6,097,145
Pension assets resulting from contributions in excess of the annual required contributions are not financial resources and therefore are not reported in the funds.	5,023
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	182,926
Internal service funds are used to charge the costs of insured and uninsured risks of loss as well as employee health and life claims to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	42,174
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. (Note 2.a.)	<u>(1,599,789)</u>
Total net position of governmental activities	<u>\$ 5,381,209</u>

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

CITY OF CHARLOTTE, NORTH CAROLINA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2013
(In Thousands)

Net change in fund balances - total governmental funds \$ 29,772

The change in net position reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. (Note 2.b.) 57,502

The net effect of various miscellaneous transactions involving capital assets (i.e., sales and donations) is to decrease net position. (Note 2.b.) (16,887)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. 2,494

The issuance of long-term debt (e.g., bonds and installment purchases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net assets in the government-wide statements. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. (Note 2.b.) (8,651)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. (Note 2.b.) (3,906)

Internal service funds are used to charge the costs of insured and uninsured risks of loss as well as employee health and life claims to individual funds. The net revenue of certain activities of the internal service funds is reported with governmental activities. 3,379

Change in net position of governmental activities \$ 63,703

The notes to the financial statements are an integral part of this statement.

CITY OF CHARLOTTE, NORTH CAROLINA

CITY OF CHARLOTTE, NORTH CAROLINA
RECONCILIATION OF THE STATEMENT OF BUDGETARY COMPARISON TO THE
STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
GENERAL FUND
FOR THE YEAR ENDED JUNE 30, 2013
(In Thousands)

Sources (inflows) of resources:	
Actual amounts (budgetary basis) "available for appropriation" from the statement of budgetary comparison	\$562,388
Differences - budget to GAAP:	
Contributed fund balance is a budgetary resource available for appropriation but is not a current-year revenue for financial reporting purposes.	335
Transfers from other funds are inflows of budgetary resources but are not revenues for financial reporting purposes.	(5,738)
Proceeds from the sale of salvage and land are budgetary resources but are regarded as other financing resources, rather than revenue, for financial reporting purposes.	<u>(912)</u>
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds	<u>\$556,073</u>
Uses (outflows) of resources:	
Actual amounts (budgetary basis) "total charges to appropriations" from the statement of budgetary comparison	\$562,388
Differences - budget to GAAP:	
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.	(20,059)
Transfers to other funds are outflows of budgetary resources but are not expenditures for financial reporting purposes.	<u>(38,687)</u>
Total expenditures as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds	<u>\$503,642</u>

The notes to the financial statements are an integral part of this statement.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013
(Dollar Amounts In Thousands)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Charlotte and its discretely presented component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies.

a. Reporting Entity

The City of Charlotte (City) is a municipal corporation governed by an elected mayor and eleven-member council. The accompanying financial statements present the activities of the City and its two component units, entities for which the City is financially accountable. The Charlotte Firefighters' Retirement System (System) is so intertwined with the City that it is, in substance, the same as the City. Accordingly, the System is blended and reported as if it was part of the City. The Charlotte Regional Visitors Authority (Authority) is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City. The following table describes the City's component units:

Component Unit	Criteria for Inclusion	Reporting Method	Separate Financial Statements
Charlotte Firefighters' Retirement System	The System provides retirement, disability and death benefits to civil service employees of the Charlotte Fire Department. These services are exclusively for the City.	Blended	Charlotte Firefighters' Retirement System 428 East Fourth Street, Suite 205 Charlotte, North Carolina 28202
Charlotte Regional Visitors Authority	A "special district" as defined by state statutes. The City Council appoints the governing board and the City pays outstanding general obligation bonded debt. Net operating proceeds are to be used to pay principal and interest on the bonded debt or as otherwise directed by City Council.	Discrete	Charlotte Regional Visitors Authority 501 South College Street Charlotte, North Carolina 28202

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

The Charlotte Housing Authority (Housing Authority), which is excluded from the City's financial statements, is considered a related organization. The City Council appoints the Housing Authority's governing board; however, the City is not financially accountable for the Housing Authority.

The Charlotte Transit Center, Inc. is a joint venture resulting from an agreement between the City and Bank of America. The corporation was established to build and operate a public transportation terminal known as the Charlotte Transit Center (Center). The Board of Directors is comprised of two members appointed by the City and two members appointed by Bank of America. The City provided the land and Bank of America constructed the building. The Center has two sections, transit and retail. The City funds all expenses related to the transit section and common areas which benefit transit riders and employees. Bank of America funds all expenses related to the retail area which is available for lease to tenants. The City does not have an equity interest but does have an ongoing financial responsibility because the Center's existence depends on continued funding by the City. The City's expenditures related to the transit section are reflected in the Public Transit Enterprise Fund. The financial statements of the Center, which has a December 31 year-end, may be obtained from the following address:

Charlotte Transit Center, Inc
c/o Lincoln Harris, LLC
525 North Tryon Street, 5th Floor
Charlotte, North Carolina 28202

b. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government (the City) and its component unit. These statements include the financial activities of the overall government, except for fiduciary activities. These statements distinguish between the *governmental* and *business-type* activities of the City as well as the City and its discretely presented component unit. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for a given function or activity. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include (a) charges paid by recipients of goods or services offered by the program and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included as program revenues are reported as general revenues.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are certain charges between the City's enterprise functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements: The fund financial statements provide information about the City's funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds, charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The City reports the following major governmental funds:

General fund. This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Debt Service. This fund accounts for the resources accumulated and payments made for principal and interest on debt of governmental activities.

Capital projects. This fund accounts for financial resources, primarily proceeds from bonds, other financing agreements and taxes, used for the acquisition, construction and improvement of capital equipment and facilities.

The City reports the following major enterprise funds:

Water and sewer. This fund accounts for the activities of Charlotte-Mecklenburg Utilities, provider of water and sewer services.

Storm water. This fund accounts for the activities of Storm Water Services, administrator of storm water programs and policies.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Airport. This fund accounts for the activities of the Charlotte/Douglas International Airport.

Public transit. This fund accounts for the activities of the Charlotte Area Transit System, provider of public mass transportation.

The City reports the following fund types:

Internal service funds. These funds account for (a) the general insurance program of the City, as well as risk management services provided, on a cost-reimbursement basis, to other governmental units and agencies in Mecklenburg County, and (b) funds contributed by the City and its employees for health and life benefits.

Fiduciary funds. These funds account for (a) resources accumulated for the provision of benefit payments to the Charlotte Firefighters' Retirement System members and their beneficiaries, and (b) resources accumulated for the provision of other postemployment benefit payments for retirees and their beneficiaries.

c. Measurement Focus and Basis of Accounting

Government-wide, Proprietary, and Fiduciary Fund Financial Statements: The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all requirements have been satisfied.

Governmental Fund Financial Statements: Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within ninety days after the end of the current fiscal period except reimbursement grants which are accrued based on expenditures. Primary sources of revenue susceptible to accrual include occupancy tax, sales tax, Alcoholic Beverage Commission profits and federal and state grants. Expenditures are recorded when a liability is incurred, except for principal and interest on general debt, claims and judgments, and compensated absences, which are recognized as expenditures when payment occurs. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of debt issues are reported as other financing sources.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply grant resources to such programs followed by general revenues.

d. Assets, Deferred Outflows and Inflows, Liabilities and Fund Equity

(1) Cash and Investments

The City maintains a cash management pool to facilitate disbursement and investment and maximize investment income. Earnings on the pooled funds are apportioned and credited to the funds monthly based on the average daily balance of each fund. Since individual funds may deposit additional amounts at any time and may withdraw funds at any time without prior notice or penalty, the pool is used essentially as a demand deposit account and considered cash and cash equivalents. The pool is used by all funds except the Firefighters' Retirement System Fund. For arbitrage purposes, the City also maintains separate pools for the proceeds of each bond sale subsequent to 1986 in compliance with the Internal Revenue Code relative to yield restrictions and rebate requirements.

For funds not included in the pools described above, cash and cash equivalents consist of cash, demand deposits and short-term, highly liquid investments. Short-term refers to investments with an original maturity of three months or less at date of acquisition. Highly liquid investments are those that are both readily convertible to known amounts of cash and so near their maturity that the risk of changes in value because of changes in interest rates is insignificant.

The restricted cash and cash equivalents/investments are restricted pursuant to bond covenants and other financing agreements. All restricted money market funds of the enterprise funds are considered cash and cash equivalents. The remaining amount of restricted assets is considered investments.

Investments, except for North Carolina Capital Management Trust (NCCMT) and Firefighters' Retirement System Fund, are reported at fair value as determined by quoted market prices. The securities of the NCCMT Cash Portfolio, a SEC registered money market mutual fund, are valued at fair value, which is the NCCMT's share price. The NCCMT Term Portfolio's securities are valued at fair value. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost. Non-participating interest earning investment contracts are reported at cost. See Note 5.b., "Method Used to Value Investments," for an explanation of reporting the Firefighters' Retirement System's investments at fair value.

Component Unit: The Authority considers investments with an original maturity of three months or less to be cash equivalents.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

(2) Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Property tax and accounts receivables are shown net of an allowance for uncollectibles. Notes receivable in governmental funds consist of housing rehabilitation and economic development loans that are generally not expected or scheduled to be collected in the subsequent year.

(3) Inventories

Inventories are recorded as an expenditure/expense when consumed rather than when purchased. Inventories are valued at cost, which approximates market, using the first-in, first-out (FIFO) method.

(4) Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. General infrastructure assets include annexed streets that were acquired or received substantial improvements subsequent to July 1, 1980 and are reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add value to the assets or materially extend assets' lives are not capitalized.

Capital assets are assets with an initial, individual cost of more than \$5, except intangible assets which have a minimum cost of \$100. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings	20 - 40 years
Infrastructure	40 years
Improvements other than buildings	10 - 60 years
Intangible	5 - 10 years
Machinery and equipment	3 - 40 years

Net interest cost on debt issued to finance the construction of capital assets was capitalized during the construction period in the Water and Sewer, Storm Water and Airport Enterprise Funds in the amounts of \$17,789, \$204, and \$7,351, respectively, for the year ended June 30, 2013.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

(5) Deferred Outflows and Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. The Deferred Outflows of Resources financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The City has two items that meet this criterion, the unamortized bond refunding charges and the accumulated decrease in the fair value of hedging derivatives.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. The Deferred Inflows of Resources financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The City has prepaid taxes that meets this criterion. In the governmental funds, the City also has unavailable revenues that are reported as deferred inflows.

(6) Long-term Liabilities

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary funds statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable premium or discount. Bond issuance costs are expensed in the reporting period in which they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

The City enters into interest rate swap agreements to modify interest rates on outstanding debt. The swaps are reported at fair market value in the government-wide financial statements and proprietary fund financial statements using hedge accounting.

(7) Compensated Absences

Employees earn vacation leave at the rate of 10 to 20 days per year and can accrue a maximum of 20 to 40 days, depending on length of service. Unused vacation days are payable upon termination, resignation, retirement or death.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Employees accumulate sick leave at the rate of one day per month and can accrue an unlimited number of days. Sick leave can be taken for personal illness or illness of a member of the immediate family. Sick leave is lost upon termination or resignation. However, twenty percent of outstanding sick leave, with a maximum of 43.5 days, is payable upon retirement or death.

Compensated absences payable includes accumulated unpaid vacation leave and sick leave. This liability is recorded in the government-wide and proprietary fund financial statements.

(8) Net Position/Fund Balances

Net Position. Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are externally imposed by creditors, grantors, contributors, bond covenants, regulations of other governments or by State statute.

Fund Balances. In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

North Carolina State law [G.S.159-13(b)(16)] restricts appropriation of fund balance for the subsequent year's budget to an amount not to exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts as those amounts stand at the close of the fiscal year preceding the budget year.

The governmental fund types classify fund balances as follows:

Nonspendable fund balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories – portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Perpetual care – portion of fund balance that is required to be retained in perpetuity for maintenance of cemeteries.

Restricted fund balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for State statute – portion of fund balance that is not an available resource for appropriation in accordance with State law [G.S. 159-8(a)].

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Restricted for Special obligation debt service – portion of fund balance that is legally restricted through financing agreements for future payment of debt service requirements.

Restricted for Public safety – portion of fund balance that is restricted by revenue source for public safety expenditures.

Restricted for Streets and highways – Powell Bill and other portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. For the Special Revenue funds, this amount represents the balance of the total unexpended Powell Bill and other grant funds.

Restricted for Culture and Recreation – portion of fund balance that is restricted by revenue source for culture and recreation expenditures.

Restricted for Community planning and development – portion of fund balance that is restricted by revenue source for community planning and development expenditures.

Committed fund balance – This classification includes amounts that can only be used for specific purposes imposed by ordinance approved by the City Council, the highest level of decision-making authority. Any changes or removal of specific purposes requires action by the City Council.

Committed for Capital projects – portion of fund balance committed by the City Council for capital projects.

Committed for Culture and recreation – portion of fund balance that is committed by contractual obligation for culture and recreation expenditures.

Committed for Component unit – portion of fund balance committed by the City Council for the Charlotte Regional Visitors Authority.

Assigned fund balance – This classification includes amounts that the City intends to use for specific purposes.

Assigned for Debt service – portion of fund balance in the Debt Service fund that is not nonspendable, restricted, nor committed that will be used for future payment of debt service requirements. By approval of the budget of the Debt Service fund, the City Council has assigned this amount to the purpose of the Debt Service fund.

Assigned for Capital projects – portion of fund balance in the General fund that is not nonspendable, restricted, nor committed that will be used for capital projects. The appropriation of existing fund balance by City Council eliminates a projected budgetary deficit in the subsequent year's budget.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Unassigned fund balance – This classification includes amounts that have not been restricted, committed, or assigned to specific purposes or other funds.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted amounts to have been spent first. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed, assigned, and unassigned fund balance.

The City's Capital Investment Plan Financial Policies which are approved annually by the City Council include a policy to maintain the General fund balance at sixteen percent of the operating budget. Any portion of the General fund balance in excess of sixteen percent of budgeted expenditures is dedicated to capital expenses, unless otherwise directed by City Council.

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

- a. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds* and *net position - governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$1,599,789 difference are as follows:

Bonds and installment purchases payable	\$ 1,239,154
Net of premiums and discounts	75,409
Commercial paper notes	98,082
Derivative instrument liability	50,036
Swaption borrowing payable	9,081
Compensated absences	45,941
Section 108 loan guarantee	8,902
Private loan	35,331
Law enforcement officers' separation allowance	17,518
Unfunded OPEB liability	8,993
Accrued interest payable	11,342
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>	\$ 1,599,789

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

- b. Explanation of certain differences between the governmental funds statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$57,502 difference are as follows:

Capital outlay	\$161,691
Depreciation expense	<u>(104,189)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ 57,502</u>

Another element of that reconciliation states "The net effect of various miscellaneous transactions involving capital assets (i.e., sales and donations) is to decrease net position." The details of this (\$16,887) difference are as follows:

In the statement of activities, only the loss on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets sold. \$ (16,887)

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Another element of that reconciliation states "The issuance of long-term debt (e.g., bonds and installment purchases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this (\$8,651) difference are as follows:

Debt issued or incurred:	
Issuance of installment purchase	\$ (34,808)
Issuance of commercial paper notes	(73,988)
Plus premium on debt issuance	(4,303)
Derivative instrument	36,226
Swaption borrowing	(1,150)
Principal repayments:	
General obligation debt	26,024
Installment purchases	39,139
Section 108 loan guarantee	440
Private loan	<u>3,769</u>
Net adjustment to decrease <i>net changes in fund</i> <i>balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ (8,651)</u>

Another element of that reconciliation states, "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this (\$3,906) difference are as follows:

Accrued interest	\$(1,988)
Amortization on deferred amount on refunding	(806)
Amortization of debt premiums	5,993
Amortization of discounts	(32)
Compensated absences	(3,220)
Law enforcement officers' separation allowance	(2,268)
Unfunded OPEB liability	(575)
Change in pension assets	<u>(1,010)</u>
Net adjustment to increase <i>net changes in fund</i> <i>balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u>\$ (3,906)</u>

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

As required by State statutes, prior to July 1 each year the City Council adopts an annual appropriation ordinance for all funds except those for which expenditures are authorized by project ordinance and the Internal Service and Fiduciary Funds. City funds budgeted by project ordinance include the Capital Projects Fund, Democratic National Convention, Public Safety and Other Grants, Neighborhood Development, Employment and Training, Stimulus Grants, and Emergency Telephone System Special Revenue Funds and the Enterprise Funds capital projects.

The annual budgets are adopted at the fund level which is the legal level of budgetary control. Supplemental appropriations at this level require approval of the City Council. During the year, several amendments to the budget were necessary. Administrative control is maintained through the establishment of more detailed line-item budgets. The budget is entered into the accounting records and comparisons of actual to budget are made throughout the year. City administration has the authority to amend line-item budgets. The final budgets shown in the statements are as amended at June 30, 2013.

Annual budgets are adopted on the modified accrual basis except that they include encumbrances for the current year. Current year's appropriations are charged for encumbrances when commitments for the expenditures of monies are issued. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

The accompanying Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Non-GAAP Basis) - General Fund presents comparisons of the original and final budget with actual data. Since the legally adopted budget is on a basis which differs from GAAP, the actual data is similarly presented on a budgetary basis for comparison purposes. A reconciliation of the non-GAAP basis to the GAAP basis is presented.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

4. DETAILED DISCLOSURES ON ALL FUNDS

a. Deposits

As of June 30, 2013, the bank balances and carrying amounts of bank deposits were as follows:

	<u>Bank Balance</u>	<u>Carrying Amount</u>
City - Governmental and Business-type Activities	\$137,034	\$ 96,956
City - Fiduciary Funds	245	29,892
Component unit - Authority	14,982	15,090

All deposits of the City are made in board-designated official depositories and are secured as required by State statutes. The City may designate as an official depository any bank or savings and loan association whose principal office is located in North Carolina. Also, the City may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

All of the City's deposits are either insured or collateralized by using the Pooling Method. Under the Pooling Method, a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City, these deposits are considered to be held by the City's agent in the City's name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the City or the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the City under the Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The City has no policy regarding custodial credit risk for deposits. Of the City's bank balances, \$995 was covered at the federal depository insurance coverage level and \$136,284 was covered by collateral held under the Pooling Method.

Component Unit. The Authority must comply with the requirements of the State statutes as previously described for the City. Of the bank balances, \$2,568 was covered by federal depository insurance coverage (including coverage by the Certificate of Deposit Account Registry Service Program). The remaining balances were covered by collateral held under the Pooling Method.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

b. Investments

State statute 159-30 authorizes the City and the Authority to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; repurchase agreements having third-party safekeeping; and the North Carolina Capital Management Trust (NCCMT), an SEC registered mutual fund. The City is not authorized to enter into reverse repurchase agreements. The investments of the Charlotte Firefighters' Retirement System (System) Pension Trust fund are governed by the North Carolina Act (Act) establishing the System. This Act authorizes additional investment types which include corporate bonds, common stock, guaranteed investment contracts and mutual funds. The investments of the Employee Benefit Trust Plan (EBTP) are governed by State statute 147-69.2(b)(1)-(6)&(8). This legislation authorizes additional investment types which include corporate bonds, common stock, and mutual funds.

City - Governmental and Business-type Activities – The investments and maturities at June 30, 2013, were as follows:

Investment type	Fair Value	Investment Maturities (in Years)		
		Less than 1	1-3	More than 3
U.S. Agencies	\$ 1,532,003	\$ 459,005	\$ 625,665	\$ 447,333
Commercial Paper	103,000	103,000	-	-
Mutual Funds	75,702	N/A	N/A	N/A
NCCMT Cash Portfolio	307,599	N/A	N/A	N/A
NCCMT Term Portfolio*	8,000	8,000	-	-
Total	<u>\$ 2,026,304</u>	<u>\$ 570,005</u>	<u>\$ 625,665</u>	<u>\$ 447,333</u>

* Because the NCCMT Term Portfolio had a weighted average maturity of 0.3 years, it was presented as an investment with a maturity of 6-12 months.

Interest Rate Risk. Although the City does not have a formal investment policy, internal investment guidelines prohibit maturities longer than five years which helps manage exposure to fair value losses in rising interest rate environments.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Credit Risk. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NSRO's). Although the City had no formal policy on managing credit risk, internal investment guidelines for commercial paper require at least two ratings from either Standard & Poor's (S&P), Fitch Ratings (Fitch), or Moody's Investors Service (Moody's). As of June 30, 2013, the City's investments in commercial paper carried at least S&P A1, Moody's P1 or Fitch F1 ratings. The City's investments in the NCCMT Cash Portfolio carried a credit rating of AAAm by S&P as of June 30, 2013. The City's investment in the NCCMT Term Portfolio is unrated. The Term Portfolio is authorized to invest in instruments permitted by State statute 159-30 described above. The City's investments in U.S. Agencies (Federal Home Loan Bank, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation and Federal Farm Credit Bank) are rated AA+ by S&P and Aaa by Moody's.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At June 30, 2013, the City had no investments subject to custodial credit risk. The City had no formal policy on custodial credit risk. However, the City's internal policy limits custodial credit risk by providing that security in the collateral be delivered to a third party safekeeping bank designated by the City.

Concentration of Credit Risk. The City's informal investment policy limits the amount of commercial paper or bankers acceptances to a maximum of 25 percent of the portfolio. For commercial paper, a maximum of \$20 million may be invested in any one issuer. For bankers acceptances, the maximum investment is limited to 10 percent of the portfolio for any one issuer.

City – Fiduciary Fund: Charlotte Firefighters' Retirement System – The investments and maturities at June 30, 2013 were as follows:

Investment type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1 - 5	6 - 10	More than 10
U.S. Treasuries	\$ 7,191	\$ -	\$ 1,148	\$ 4,459	\$ 1,584
U.S. Agencies	18,073	-	-	-	18,073
Corporate bonds	35,611	827	17,820	9,021	7,943
Common stocks	160,330	N/A	N/A	N/A	N/A
Mutual funds	167,568	N/A	N/A	N/A	N/A
Total	<u>\$ 388,773</u>	<u>\$ 827</u>	<u>\$ 18,968</u>	<u>\$ 13,480</u>	<u>\$ 27,600</u>

Interest Rate Risk. The System does not have a formal investment policy that limits investment maturities.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Credit Risk. The System is authorized to invest bonds with a quality rating of no less than investment grade and unrated U.S. Treasuries and Agencies. The quality ratings of investments in fixed income securities as described by nationally recognized statistical rating organizations at June 30, 2013 are as follows:

<u>Quality Rating</u>	<u>Fair Value</u>	<u>Percentage of Portfolio</u>
AAA	\$ 16,886	27.74%
Baa > AA	27,259	44.78%
Total credit risk debt securities	44,145	72.52%
US Government fixed income securities:		
Government National Mortgage Association	4,678	7.68%
U.S. Treasury	7,191	11.81%
Not rated	4,861	7.99%
Total fixed income securities	<u>\$ 60,875</u>	<u>100.00%</u>

Concentration of Credit Risk. The System limits the amount of equity holdings in any one company to 8 percent of the market value of the portfolio; the amount of equity holdings in any one sector to 30 percent of the market value of the portfolio; and the amount of fixed-income securities in any one corporation to 5 percent of the market value of the portfolio. There is no limit on securities backed by the full faith and credit of the U.S. Government or any of its instrumentalities.

In accordance with the Act, the System has invested in collateralized mortgage obligations (CMO) and mortgage backed securities. CMO and mortgage backed securities are based on cash flows from principal and interest payments on underlying mortgages. CMO rates trade in sympathy with treasury rates. At year-end, the System held \$1,520 of these securities.

City – Fiduciary Fund: Employee Benefit Trust Plan (EBTP) – At June 30, 2013, the EBTP had investments of \$44,117 in mutual funds.

Interest Rate Risk. The EBTP does not have a formal investment policy that limits investment maturities.

Credit Risk. The EBTP adheres to State statutes which limit credit risk by limiting investments in below investment grade securities and restricting the purchase of non-exchange traded investments.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Concentration of Credit Risk. The EBTP informal policy diversifies investments according to a strategic asset allocation across a range of company capitalizations in domestic and international equities as well as domestic and global bonds. The EBTP limits the amount of equity holdings in any one company to 8 percent of the market value of the portfolio; the amount of equity holdings in any one sector to 30 percent of the market value of the portfolio; and the amount of fixed-income securities in any one corporation to 5 percent of the market value of the portfolio. There is no limit on securities backed by the full faith and credit of the U.S. Government or any of its instrumentalities.

Component Unit – At June 30, 2013, the Authority had investments of \$190 in the NCCMT’s Cash Portfolio, which carried a credit rating of AAAM by Standard and Poor’s.

c. Receivables

The receivable amounts presented in the accompanying financial statements are net of the following allowances for doubtful accounts:

<u>Governmental</u>	
General	\$ 25,591
Debt Service	2,865
Capital Projects	6,760
Nonmajor	<u>3,485</u>
Total Governmental	<u>38,701</u>
<u>Proprietary</u>	
Water and Sewer	8,540
Storm Water	1,449
Airport	283
Public Transit	<u>367</u>
Total Proprietary	<u>10,639</u>
Total	<u>\$ 49,340</u>

In February 2002, City Council approved an interest-free loan to the Authority for \$5,000 for the renovation of Ovens Auditorium. In May 2007, the Council approved a new repayment schedule for the loan agreement. The term of the loan was extended by thirty years and established a \$160 per year repayment through fiscal year 2037. At June 30, 2013 the balance of the loan outstanding was \$3,598.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

d. Property Taxes

Pursuant to State statutes, property taxes levied on July 1, the beginning of the fiscal year, are due September 1; however, penalties do not accrue until January 6. The taxes levied effective July 1, 2012, were based on the assessed values listed as of January 1, 2012, which is the lien date.

The City and Mecklenburg County have a common tax base and overlapping bonded debt. Mecklenburg County is the City's agent for listing and collecting property taxes levied. The distribution of the City's levy for 2013 (tax rate per \$100 valuation) to its funds is shown below:

General	\$ 0.3600
Debt Service	0.0650
Capital Projects	0.0120
Total	<u>\$ 0.4370</u>

In addition, special taxes are levied on areas referred to as Municipal Services Districts. The purpose of these taxes is to aid the revitalization of these areas. The tax rates for 2013 for Districts 1, 2, 3, 4 and 5 were \$.0168, \$.0233, \$.0358, \$.0668 and \$.0279, respectively.

e. Restricted Assets

Cash, cash equivalents and investments are restricted in the accompanying statements as follows by fund:

<u>Governmental-</u>	
Debt Service	\$ 13
Capital Projects	<u>32,808</u>
Total Governmental	<u>32,821</u>
<u>Enterprise-</u>	
Water and Sewer	2,640
Airport	238,468
Public Transit	<u>125,066</u>
Total Enterprise	<u>366,174</u>
Total	<u>\$ 398,995</u>

These fund assets are restricted pursuant to bond orders and other financing agreements.

Total	<u>\$ 154,086</u>	<u>\$ 9,209</u>	<u>\$ 5,276</u>	<u>\$ 168,571</u>

h. Deferred Outflows and Inflows of Resources and Unavailable Revenues

The amount of deferred outflows of resources in both the governmental and business-type activities is a charge on refunding of debt of \$7,830 and \$22,243, respectively, and the accumulated decrease in fair value of hedging derivatives of \$50,036 and \$69,624, respectively. See note 4.j.7 for additional information concerning derivative instruments. The amount of deferred inflows of resources in governmental activities is property taxes received before the period for which they were levied of \$3,137.

In addition, governmental funds report unavailable revenues in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At the end of the current fiscal year, the governmental funds reported unavailable revenues as follows:

	<u>General</u>	<u>Debt Service</u>	<u>Capital Projects</u>	<u>Nonmajor governmental</u>	<u>Total governmental</u>
Property taxes receivable	\$ 7,769	\$ 303	\$ 945	\$ 251	\$ 9,268
Notes receivable	16	-	48,945	49,693	98,654
Accounts receivable	2,666	-	4,462	165	7,293
Due from component unit	<u>-</u>	<u>5,301</u>	<u>298</u>	<u>-</u>	<u>5,599</u>
	<u>\$ 10,451</u>	<u>\$ 5,604</u>	<u>\$ 54,650</u>	<u>\$ 50,109</u>	<u>\$ 120,814</u>

NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

(2) Special Obligation Bonds

In November 2004, the City issued taxable variable rate special obligation bonds to acquire property for purposes of revitalizing the uptown area. Interest on the variable-rate bonds is determined by a remarketing agent based upon market conditions. These bonds are solely secured by and payable from a portion of the sales and use tax distributed revenues and are non-general obligation financings. These revenues are not pledged by the City, directly or indirectly, as collateral, and no lien or claim can be made against such revenues. In accordance with State statutes, no deficiency judgment may be rendered against the City for amounts owed and the taxing power of the City may not be pledged directly or indirectly to collateralize amounts due pursuant to these bonds.

Debt service requirements to maturity for special obligation bonds are as follows:

<u>Governmental Activities</u>		
Year Ended		
<u>June 30</u>	<u>Principal</u>	<u>Interest</u>
2014	\$ 950	\$ 17

Total Business-type activities					\$ 2,336,010

Interest on the variable-rate bonds is determined by a remarketing agent based upon market conditions. The City entered into interest rate swap agreements for the variable rate Water and Sewer Revenue Bonds Series 2002B, 2002C, and 2006B. See note 4.j.7 for additional information concerning derivative instruments.

The principal and interest on the Airport Revenue bonds are payable from net revenues of the Airport. Pursuant to the Revenue Bond Order, the City has covenanted to charge rates which produce revenues sufficient to cover principal and interest payments.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

The Airport Special Facility Revenue Bonds are payable solely from and secured solely by a pledge of debt service rentals pursuant to a Special Facility Lease (Lease) agreement with US Airways Group, Inc.

The principal and interest on the Water and Sewer and Storm Water Revenue Bonds are payable from net revenues of the water and sewer and storm water systems, respectively. Pursuant to the general trust indentures, the City has covenanted to charge rates that produce net revenues which (1) including 50 percent of the surplus fund, after providing for a two-month operating reserve, are at least 120 percent of the principal and interest requirements plus 100 percent of non-revenue bond debt service requirements and (2) are at least 110 percent of the principal and interest requirements plus 100 percent of non-revenue bond debt service requirements. Based on the 2013 Water and Sewer Fund budgets, revenue bond debt service coverage was at least 143 percent. Based on the 2013 Storm Water Fund budgets, revenue bond debt service coverage was at least 452 percent.

The Revenue and Special Facility Revenue Bonds do not constitute a legal or equitable pledge, charge, lien or encumbrance upon any of the City's property or upon any of its income, receipts or revenues, except as provided in the Revenue Bond Orders or Lease. Neither the credit nor the taxing power of the City is pledged for the payment of the principal or interest, and no owner has the right to compel the exercise of the taxing power of the City or the forfeiture of any of its property in connection with any default under the Revenue Bond Orders or Lease.

The Revenue Bond Orders provide for the establishment of reserves for working capital and debt service. The reserves in the Airport Enterprise Fund at June 30, 2013 are \$23,048 for working capital and \$53,914 for debt service. The reserve requirements for the Water and Sewer Revenue Bonds, except for Series 2002A, were satisfied with the purchase of surety bonds or insurance policies. For the Water and Sewer Series 2002A Revenue Bonds, the reserve for debt service is \$3,146 at June 30, 2013

Revenue bond debt service requirements to maturity are as follows:

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Interest on the variable-rate installment purchases is determined by a remarketing agent based upon market conditions. The City entered into an interest rate swap agreement for the variable rate Tourism Refunding Series 2013G. See note 4.j.7 for additional information concerning derivative instruments.

These installment purchase contracts are non-general obligation financings. In accordance with State statutes, no deficiency judgment may be rendered against the City for amounts owed and the taxing power of the City may not be pledged directly or indirectly to collateralize amounts due pursuant to these contracts.

The City enters into installment purchase contracts annually for the purchase of capital equipment. These financings are payable over five years.

Installment purchases debt service requirements to maturity are as follows:

NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

(5) Commercial Paper

The City has available a general obligation commercial paper bond program to finance street improvements, neighborhood improvements, public improvements and housing projects. The City has authorized the issuance of bonds up to the amount of \$150,000 outstanding at any time. The bonds are general obligations of the City, and the City has pledged its faith and credit to the payment of principal of and interest on the bonds. In addition, the City has entered into a Standby Bond Purchase Agreement which will expire in April 2015. The bonds will mature no later than 270 days after the date of issuance or October 1, 2034. The bonds will be replaced by general obligation bonds. The City had general obligation commercial paper bonds payable of \$98,082 outstanding at June 30, 2013. Interest rates are based upon market conditions.

Commercial paper debt service requirements to maturity are as follows:

<u>Governmental Activities</u>

<u>June 30</u>	<u>Principal</u>	<u>Interest</u>
2014	\$ -	\$ 176
2015	98,082	142
	<u>\$ 98,082</u>	<u>\$ 318</u>

(6) Other Long-term Liabilities

(a) Section 108 Loan Guarantee

The loan guarantee provision of the Community Development Block Grant (CDBG) program that provides communities with a source of financing for economic development, housing rehabilitation, public facilities, and large-scale physical development projects. Local governments borrowing funds guaranteed by Section 108 loans must pledge their current and future CDBG allocations to cover the loan amount as security for the loan. Debt service requirements to maturity are as follows:

<u>Governmental Activities</u>		
Year Ended		
<u>June 30</u>	<u>Principal</u>	<u>Interest</u>
2014	\$ 458	\$ 312

	<u>\$ 8,902</u>	<u>\$ 3,084</u>

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

(b) Private Loan

The City has entered into a private loan agreement for up to \$41,500 dollars to finance pre-opening expenses for the NASCAR Hall of Fame project, construction of additional parking and construction of the facility. The interest rate is 4.00 percent and will be due in June 2014. As of June 30, 2013, \$35,331 was outstanding under this agreement.

Debt service requirements to maturity include \$35,331 in principal and \$1,413 in interest due during the fiscal year ended June 30, 2014.

(c) Municipal Systems

Pursuant to agreements, the City is leasing water and sewer facilities owned by municipalities within Mecklenburg County. These lease agreements continue until the outstanding bonds on these facilities have been retired, at which time title to the facilities will be conveyed to the City. Debt service requirements to maturity are as follows:

<u>Business-type Activities</u>		
Year Ended		
<u>June 30</u>	<u>Principal</u>	<u>Interest</u>
2014	\$ 835	\$ 210
2015	825	175
2016	820	139
2017	810	103
2018	645	67
2019-2020	675	49
	<u>\$ 4,610</u>	<u>\$ 743</u>

Certain developers have contracted with the City for construction of water and sewer lines. Under terms of these contracts, the developers are required to deposit with the City an amount equal to the estimated cost of constructing the lines. The lines become the property of the City upon completion and acceptance. Refunds of deposits may be either wholly or partially refundable depending upon terms of the contracts. They will be paid over periods of five to twenty years. There are no stated interest requirements for these deposits.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

(d) Federal Revolving Loan

Pursuant to the North Carolina Clean Water Revolving Loan & Grant Act of 1987 and the Federal Clean Water Act Amendments of 1987 and the American Recovery and Reinvestment Act of 2009, the City utilized loan proceeds to construct wastewater treatment works projects. The loans to be repaid are one-half of the total project costs reimbursed. Principal is forgiven for one-half of the total project costs reimbursed. Debt service requirements to maturity are as follows:

<u>Business-type Activities</u>	
Year Ended	
<u>June 30</u>	<u>Principal</u>
2014	\$ 66
2015	66
2016	66
2017	66

2019-2023	331
2024-2028	330
2029-2032	250
	<u>\$ 1,242</u>

In accordance with Section 148 of the Internal Revenue Code of 1986, as amended, and Sections 1.103-13 to 1.103-15 of the related Treasury Regulations, the City must rebate to the federal government “arbitrage profits” earned on governmental bonds issued after August 31, 1986. Arbitrage profits are the excess of the amount earned on investments over the interest paid on the borrowings. At June 30, 2013, the City had no liability for estimated arbitrage profits payable.

(7) Derivative Instruments

The fair value balances and notional amounts of derivative instruments outstanding at June 30, 2013 classified by type, and the changes in fair value of such derivative instruments for the year then ended are as follows:

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

The following table displays the objective and terms of the City's hedging derivative instruments outstanding at June 30, along with the credit rating of the associated counterparty:

Type	Objective	Notional Amount	Effective Date	Maturity Date	Terms	Counterparty Credit Rating
Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2002B Water and Sewer Revenue Bonds	\$ 114,430	3/13/2002	7/1/2027	Pay 4.03%; receive 67% of LIBOR	Baa2/A-
Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2002C Water and Sewer Revenue Bonds	\$ 101,180	8/8/2002	6/1/2025	Pay 3.79%; receive lesser of the bond floating rate or 67% of LIBOR capped at 12%	Baa2/A-
Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2006B Water and Sewer Revenue Bonds	\$ 170,685	8/1/2006	7/1/2036	Pay 4.04%; receive SIFMA swap index	Aa3/AA-
Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2009D Hall of Fame Certificates of Participation	\$ 93,595	8/18/2009	6/1/2035	Pay 4.725%; receive LIBOR	Aa3/AA-
Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2013G Tourism Certificates of Participation	\$ 128,245	6/1/2013	6/1/2033	Pay 5.10%; receive SIFMA swap index	Aa3/AA-

Interest rate risk. The City is exposed to interest rate risk on its interest rate swaps. On its pay-fixed, receive-variable interest rate swaps, as LIBOR, the bond floating rate swap index, or the SIFMA swap index decreases, the City's net payment on the swaps increases.

Basis risk. The City's hedging derivative instruments expose the City to basis risk since the variable payment received from the counterparty is determined on a basis different from that used to calculate the bond floating rate for the associated bonds. As of June 30 the rate received by the City for the 2002B and 2002C agreements was 67 percent of LIBOR or 0.13 percent, whereas the bond floating rates paid by the City were 0.05 percent for Series 2002B and 0.07 percent for Series 2002C. As of June 30 the rate received by the City for the 2006B agreement was 0.12 percent, whereas the bond floating rate paid by the City was 0.05 percent. As of June 30 the rate received by the City for the 2009D agreement was 0.19 percent, whereas the bond floating rate paid by the City was 0.18 percent. As of June 30 the rate received by the City for the 2013G agreement was 0.28 percent, whereas the bond floating rate paid by the City was 0.05 percent.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Termination risk. Either the City or its counterparties may terminate the hedging derivative instruments if the other party fails to perform under the terms of the contract. Termination could result in the City being required to make a termination payment.

Rollover risk. The City is exposed to rollover risk on hedging derivative instruments that are hedges of debt that may be terminated prior to the maturity of the hedged debt. If the option to terminate the hedging derivative instrument is exercised, then the City will be re-exposed to the risks being hedged by the hedging derivative instrument.

Hedging derivative instrument payments and hedged debt. As of June 30, aggregate debt service requirements of the City's variable-rate debt and net receipts/payments on associated hedging derivative instruments are as follows. These amounts assume that current interest rates on variable-rate bonds and the current reference rates of hedging derivative instruments will remain the same for their term. As these rates vary, interest payments on variable-rate bonds and net receipts/payments on the hedging derivative instruments will vary.

Governmental Activities

Year Ended June 30	<u>Variable Rate Instruments</u>		Hedging	Total

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Commitments. The City's derivative instruments include provisions that require the City to post collateral in the event its credit rating falls below A3 by Moody's and A- by S&P. The hedging derivative instruments will be collateralized at fair value with cash and/or U.S. government securities. Collateral will be posted with the City or its agent. At June 30, the aggregate fair value of all hedging derivative instruments with these collateral posting provisions is (\$119,660). If the collateral posting requirements were triggered at June 30, the City would not be required to post collateral to its counterparties because they had negative fair values. The City's credit rating is Aaa/AAA, therefore, no collateral has been posted at June 30.

(8) Refundings

In November 2012, the City issued \$20,585 in fixed rate Storm Water Revenue Refunding Bonds with interest rates ranging from 2.00 to 5.00 percent. The net proceeds of \$24,345 (after payment of \$272 in underwriting fees, insurance and other issue costs) were used to refund \$25,775 of outstanding fixed rate Storm Water Revenue Bonds, Series 2002. The refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$258. This difference, reported in the accompanying financial statements as a deduction from revenue bonds payable, is being charged to operations through the year 2025 using the effective-interest method. The City completed the refunding to reduce its total debt service payments over a period of 13 years by \$7,996 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$7,241.

In April 2013, the City issued \$2,225 in fixed rate Public safety installment purchase contracts, series 2013A. The net proceeds of \$2,346 (after payment of \$21 in underwriting fees, insurance and other issue costs) were used to refund \$2,345 of outstanding fixed rate installment purchase contracts, series 2001D. The City completed the refunding to reduce its total debt service payments over a period of 4 years by \$134 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$130.

In May 2013, the City issued \$47,845 in fixed rate Public Transit installment purchase contracts, series 2013C. The net proceeds of \$52,894 (after payment of \$383 in underwriting fees, insurance and other issue costs) were used to refund \$52,890 of outstanding fixed rate installment purchase contracts, series 2004A. The City completed the refunding to reduce its total debt service payments over a period of 21 years by \$13,032 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$10,085.

In May 2013, the City issued \$128,245 in variable rate Tourism installment purchase contracts, series 2013G. The net proceeds of \$127,564 (after payment of \$681 in underwriting fees, insurance and other issue costs) were used to refund \$128,245 of outstanding fixed rate installment purchase contracts, series 2003G. The variable rate installment purchase contracts were swapped to a fixed rate of 5.10 percent with a final maturity in 2033. See note 4.j.7 for additional information concerning swap agreements.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

(9) Other Debt Information

In prior years, the City defeased various general obligation bonds, revenue bonds and installment purchases by placing the proceeds of the new debt in an irrevocable trust to provide for all future debt service payments on the old debt. Accordingly, the trust account assets and the liability for the defeased debt are not included in the City's financial statements. At June 30, 2013, \$10,645 of general government debt outstanding is considered defeased.

As of June 30, 2013, the City has authorized but unissued bonds of \$354,198 consisting of \$274,602 for street improvements, \$34,374 for housing and \$45,222 for neighborhood improvements.

Pursuant to the North Carolina General Statutes, the City's outstanding general obligation debt is subject to a legal limitation based on 8 percent of the total assessed value of real and personal property. As of June 30, 2013, the City's legal debt limit was \$7,240,375. The outstanding debt subject to this limit was \$2,095,463, leaving a net legal debt margin of \$5,144,912.

(10) Early Extinguishment

On August 1, 2012, the City early extinguished \$1,745 of variable rate Airport Revenue Bonds, Series 2007B.

(11) Subsequent Events

On September 5, 2013, the City issued \$34,370 of Taxable General Obligation Bonds, Series 2013A. The proceeds will be used for loans or grants to developers to construct or renovate affordable housing units. Interest rates range from 1.0 to 4.15 percent with a final maturity in 2030.

On September 5, 2013, the City issued \$104,250 of General Obligation Refunding Bonds, Series 2013B. The proceeds will be used to redeem \$76,425 of General Obligation Bonds, Series 2003A; \$11,625 of General Obligation Bonds, Series 2003B; and \$25,995 of General Obligation Bonds, Series 2003C. Interest rates range from 2.0 to 5.0 percent with a final maturity in 2030.

On October 22, 2013, the City issued \$61,719.6 of Convention Center Refunding Installment Purchases, Series 2013H. The proceeds will be used to redeem \$60,960 of Convention Center Refunding Installment Purchases, Series 2003A. The interest rate will be 1.51 percent with a final maturity in 2020.

On October 22, 2013, the City issued \$28,125 of Convention Center Taxable Installment Purchases, Series 2013I. The proceeds will be used to finance capital improvements to Bank of America Stadium. The interest rate will be 2.94 percent with a final maturity in 2023.

(Dollar Amounts In Thousands)

j. Fund Balance

The following schedule provides information on the portion of General fund balance that is available for appropriation:

Total fund balance - General Fund	\$ 179,544
Less:	
Inventories	985
Restricted by State statute	73,571
Committed for Capital projects	12,539
Committed for Component unit	1,738
Assigned for Capital projects	550
Fund balance policy	90,161
Remaining fund balance	<u><u>\$ -</u></u>

5. PENSION PLANS AND OTHER BENEFITS

Primary Government: The City participates in the North Carolina Local Governmental Employees' Retirement System (LGERS), administered by the State of North Carolina; the Charlotte Firefighters' Retirement System, administered through a board of trustees; and the Law Enforcement Officers' Separation Allowance (LEO Separation). The City also participates in a Supplemental Retirement Income Plan for Law Enforcement Officers.

Component Unit: The Authority participates in the North Carolina LGERS which is described in Note 5.a. The Authority's contribution to the LGERS for the year ended June 30, 2013 was \$770, which was 6.74 percent of annual covered payroll.

a. Local Governmental Employees' Retirement System (LGERS)

Description: The City of Charlotte contributes to the statewide LGERS, a cost-sharing multiple-employer defined benefit pension plan. All employees of the City, except members of the Charlotte Firefighters' Retirement System, participate in LGERS which provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The LGERS is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the North Carolina Office of the State Controller, Accounting and Financial Reporting Section, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Funding Policy: Plan members are required to contribute 6.0 percent of their annual covered salary. The City is required to contribute at an actuarially determined rate. For the City, the current rate for employees not engaged in law enforcement and for law enforcement officers is 6.74 percent and 6.77 percent, respectively, of annual covered payroll. The contribution requirements of members and of the City are established and may be amended by the North Carolina General Assembly. The City's contributions to LGERS for the years ended June 30, 2013, 2012, and 2011, were \$21.4 million, \$21.4 million, and \$18.8 million, respectively. The contributions made by the City equaled the required contributions for each year.

b. Charlotte Firefighters' Retirement System

Description: The Charlotte Firefighters' Retirement System (System), a single-employer defined benefit plan, provides retirement, disability and death benefits to civil service employees of the Charlotte Fire Department. The System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Charlotte Firefighters' Retirement System, 428 East Fourth Street, Suite 205, Charlotte, North Carolina 28202.

Basis of Accounting: The financial statements of the System are presented on the accrual basis of accounting. Plan member and City contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Interest and dividend income are reported as earned. The net appreciation (depreciation) in the fair value of investments includes realized gains and losses on investments that were both bought and sold during the year.

Method Used to Value Investments: The investments of the System are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

Contributions: Pursuant to the North Carolina Act (Act) which established the System, the City is required to match the member's contribution. The Act establishes the contribution rate pursuant to the Board of Trustees' recommendation and approval by the City Council. The current rate is 12.65 percent. The Act was established and may be amended by the North Carolina General Assembly.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

c. Law Enforcement Officers' Separation Allowance (LEO Separation)

Description: The City of Charlotte administers a public employee retirement system (LEO Separation), a single-employer defined benefit pension plan that provides retirement benefits to the City's qualified sworn law enforcement officers. The LEO Separation is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. A stand-alone financial report is not issued for the LEO Separation.

All full-time law enforcement officers of the City are covered by the LEO Separation. At December 31, 2012, the LEO Separation's membership consisted of:

Retirees receiving benefits	189
Active plan members	<u>1,835</u>
Total	<u>2,024</u>

Basis of Accounting: The City has chosen to fund the LEO Separation on a pay-as-you-go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting.

Method Used to Value Investments: No funds are set aside to pay benefits and administration costs. These expenditures are paid as they become due.

Contributions: The City is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay-as-you-go basis through appropriations made in the General Fund operating budget. The City's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. There were no contributions made by employees.

Projected salary increases	4.25 to 7.85%
Includes inflation at	3.00%
Cost of living adjustments	None

d. Supplemental Retirement Income Plan for Law Enforcement Officers

Description: The City contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the City. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

Funding Policy: Article 12E of G.S. Chapter 143 requires the City to contribute each month an amount equal to 5.0 percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. The City is currently making contributions for 1,762 law enforcement officers. Contributions for the year ended June 30, 2013 were \$9,356, which consisted of \$6,041 from the City and \$3,315 from the law enforcement officers.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

e. Death Benefit Plan

The City provides death benefits to law enforcement officers through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (LGERS), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the LGERS, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50 or be less than \$25. All death benefit payments are made from the Death Benefit Plan. The City has no liability beyond the payment of monthly contributions. Contributions are determined as a percentage of monthly payroll, based upon rates established annually by the State. Because the benefit payments are made by the Death Benefit Plan and not by the City, the City does not determine the number of eligible participants. For the fiscal year ended June 30, 2013, the City was not required and therefore, did not make any contributions to the State for death benefits. The City's contributions for employees engaged in law enforcement represented .14 percent of covered payroll.

f. Other Postemployment Benefits

Description: The City of Charlotte Employee Benefit Trust Plan (EBTP) is a single-employer defined benefit healthcare plan administered by the City of Charlotte. The EBTP provides health and welfare benefit plans for the benefit of eligible retired employees of the City. Section 4.05 of the Charlotte City Code assigns the authority to establish benefit provisions for EBTP to the City Council. A stand-alone financial report is not issued.

Membership of the EBTP consisted of the following at July 1, 2013, the date of the latest actuarial valuation:

Retirees and beneficiaries receiving benefits	2,047
Active plan members	<u>4,707</u>
	<u><u>6,754</u></u>

Funding Policy. The contribution requirements of plan members and the City are established and may be amended by the City Council. The City Council set the employer contribution rate to contribute the projected pay-as-you-go-financing requirements, with additional amounts to prefund benefits as determined annually.

For the current year, the City contributed \$15,474 to the plan. Plan members receiving benefits contributed \$6,720 through their required contribution. The required contribution rates for plan members were dependent on the years of service and the coverage selected. Monthly rates ranged from \$182 to \$1,306 per retiree.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Summary of Significant Accounting Policies. The City's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Short-term money market debt instruments, and deposits, are reported at cost or amortized cost, which approximates fair value. Certain longer term U.S. Government and U.S. Agency securities are valued at the last reported sales price. Administration costs of the plan are financed through contributions and investment earnings.

Annual OPEB Cost and Net OPEB Obligation: The City's annual other postemployment benefit (OPEB) cost (expense) and net OPEB obligation for the current year were as follows:

Annual required contribution	\$ 15,656
Interest on net OPEB obligation	(1,535)
Adjustment to annual required contribution	<u>2,418</u>
Annual OPEB cost (expense)	16,539
Contributions made	<u>(15,474)</u>
Increase in net OPEB obligation	1,065
Net OPEB obligation, beginning of year	<u>(19,815)</u>
Net OPEB obligation, end of year	<u><u>\$(18,750)</u></u>

Trend Information

Year Ended June 30	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2011	\$ 15,042	77.51%	\$ (20,928)
2012	16,488	93.25	(19,815)
2013	16,539	93.56	(18,750)

Funded Status and Funding Progress: As of July 1, 2013, the most recent actuarial valuation date, the plan was 18.29 percent funded. The actuarial accrued liability for benefits was \$241,293. The actuarial value of assets was \$44,129, resulting in an unfunded actuarial accrued liability (UAAL) of \$197,164. The covered payroll (annual payroll of active employees covered by the plan) was \$276,853 and the ratio of the UAAL to the covered payroll was 71.22 percent.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress, presented below, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Schedule of Funding Progress

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL)- Project Unit Credit (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll [(b-a)/c]
01/01/07	\$ -	\$ 229,764	\$ 229,764	-%	\$ 275,955	83.26%
07/01/09	33,006	207,301	174,295	15.92	322,162	54.10
07/01/11	40,742	224,184	183,442	18.17	294,793	62.23
07/01/13	44,129	241,293	197,164	18.29	276,853	71.22

Schedule of Employer Contributions

Year Ended June 30	Annual Required Contribution	Percentage Contributed
2008	\$ 17,041	166.49%
2009	14,405	195.06
2010	14,405	103.90
2011	14,405	80.94
2012	15,656	98.21
2013	15,656	98.84

Actuarial Methods and Assumptions: Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Actuarial valuation date	07/01/2013
Actuarial cost method	Projected unit credit
Amortization method	Level percent of projected payroll, Closed
Remaining amortization period	24 years
Asset valuation method	Market value
Actuarial assumptions:	
Investment rate of return	7.75%
Projected salary increases	4.50%
Annual healthcare cost trend rate	7.00 to 5.00% (year of ultimate trend rate 2018)
Includes inflation at	4.50%
Cost of living adjustments	None

g. Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The plan assets are placed in trust for the exclusive benefit of the participants and their beneficiaries and therefore are not included in the City's financial statements.

6. OTHER INFORMATION

a. Airport Leasing Arrangements with Tenants

A major portion of the Airport's assets are leased under operating agreements with airlines and other tenants. The total cost and accumulated depreciation of the assets at June 30, 2013 follows:

Land	\$ 299,917
Buildings	642,556
Runways	392,371
Improvements other than buildings	91,366
Intangibles	3,317
Machinery and equipment	<u>38,485</u>
Total	1,468,012
Less accumulated depreciation	<u>570,386</u>
Total	<u><u>\$ 897,626</u></u>

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

The following is a schedule of minimum future rental income on noncancelable operating leases subsequent to June 30, 2013:

2014	\$ 35,911
2015	36,014
2016	30,384
2017	29,322
2018	29,428
2019-2023	35,283
2024-2028	<u>147,785</u>
Total minimum future rental income	<u>\$ 344,127</u>

Of the \$344,127 minimum future rental income on noncancelable operating leases, \$264,309 relates to agreements with US Airways, Inc. See Note 6.h. for additional information related to US Airways, Inc.

Contingent rentals that may be received under certain leases based on the tenant's revenues, fuel flow or usage are not included above. Contingent rentals of approximately \$62,874 were received during the year ended June 30, 2013.

b. Passenger Facility Charges

The Federal Aviation Administration (FAA) authorized the Airport to collect Passenger Facility Charges (PFC) of \$3 per qualifying enplaned passenger commencing November 1, 2004. The net receipts from PFC are accounted for on the accrual basis of accounting and are restricted to use on FAA approved projects. The Airport has been authorized to collect PFC in the aggregate amount of \$1,036,776. Collections during fiscal year 2013 were \$56,111 and aggregate collections from inception through June 30, 2013 were \$412,264.

c. Insurance

(1) Employee Health and Life

The City provides health and life benefits to employees and retirees. Private companies administer these benefits pursuant to administrative services agreements. The City maintains insurance coverage with private carriers for life claims, vision claims, and excess coverage for health claims in excess of \$400 per year per person. The City has an Employee Health and Life Insurance Fund (EHLIF), an internal service fund, to account for and finance its health and life insurance program.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

All City funds participate in the program and make payments to the EHLIF for both an amount per employee and a proportionate share of the administrative cost. The amount per employee is based on actuarial estimates of amounts needed to pay prior and current year claims. The employees and retirees contribute a portion of the cost for health coverage. The City provides life insurance for employees in the amount of two times the employees' salary up to a maximum of \$200. Employees may purchase additional life insurance up to a maximum of four times their salary.

Liabilities include amounts for both reported and incurred but not reported claims. The changes in the fund's liabilities follow:

	<u>Beginning</u>	<u>Claims and</u>	<u>Claims</u>	<u>End of Year</u>
	<u>Of Year</u>	<u>Changes in</u>	<u>Payments</u>	
		<u>Estimates</u>		
2013	\$ 7,917	\$ 65,456	\$ (63,841)	\$ 9,532
2012	8,104	64,196	(64,383)	7,917

At June 30, 2013, the EHLIF held \$27,103 in cash and equivalents for payments of these claims.

(2) Risk Management

The City is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The City has a Risk Management Fund (RMF), an internal service fund, to account for and finance its insured and uninsured risks of loss. Currently, insurance coverage is purchased for excess property damage for buildings, contents and City buses; excess workers' compensation; excess vehicle and general liability; police professional liability; police helicopter hull liability and airport liability, City bus liability, railroad protective liability, passenger railway liability for the light rail train operations and property insurance on the light rail vehicles. Insurance coverage includes vehicle and general liability claims in excess of \$2,000 but less than \$22,000 per occurrence, workers' compensation claims in excess of \$2,000, property damage claims in excess of \$100 and flood insurance \$100,000 in all flood zones, except \$10,000 in flood zone A in excess of federal flood program maximums. The finance officer is bonded for \$100. Employees who handle funds or have access to inventories are bonded under a blanket bond for \$250. Settled claims have not exceeded insurance coverage in the past three years. The actuarially determined losses for the remaining risks and deductible amounts are funded in the RMF. All funds of the City participate in the risk management program and make payments to the RMF based on historical cost information or actuarial estimates of the amounts needed to pay prior and current year claims and establish a reserve for catastrophic losses.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

Pursuant to administrative agreements, the City provides risk management services to Mecklenburg County and the Charlotte-Mecklenburg Board of Education. There is no transfer or pooling of risks among entities. Amounts collected or due and amounts paid or to be paid to settle claims for Mecklenburg County and the Charlotte-Mecklenburg Board of Education are reported as a net liability on an accrual basis. At June 30, 2013, \$9,460 was held as deposits for these entities. This amount is reflected as a long-term liability, Due to Participants, in the RMF.

The claims liability of \$40,949 reported in the RMF at June 30, 2013, is based on GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Claims liabilities are based on the estimated ultimate cost of settling the claims, which includes incremental claim adjustment expenditures/expenses (i.e., outside legal assistance) and estimated recoveries on unsettled claims as required by GASB Statement No. 30. The changes in the fund's liabilities follow:

	<u>Beginning</u>	<u>Claims and</u>	<u>Claims</u>	<u>End of Year</u>
	<u>Of Year</u>	<u>Changes in</u>	<u>Payments</u>	
		<u>Estimates</u>		
2013	\$ 37,220	\$ 17,648	\$ (13,919)	\$ 40,949
2012	42,041	10,481	(15,302)	37,220

At June 30, 2013, the RMF held \$72,064 in cash and cash equivalents for payments of these claims.

d. Commitments and Contingencies

Noise litigation suits have been filed against the City in connection with the operation of the Charlotte/Douglas International Airport. In the opinion of the City's attorney and management, the ultimate outcome of the suits is not expected to have a significant impact upon the financial position or results of operations of the Airport Fund.

The City is also party to a number of other civil injustice lawsuits and legal actions. In the opinion of the City's attorney and management, the ultimate outcome of these legal matters is not expected to have a significant impact upon the City's financial position.

The City is currently evaluating a number of environmental issues including two former landfill sites. Until site assessments and further studies are completed, the cleanup costs can only be estimated. During the current fiscal year a provision for cleanup costs of \$603 has been provided within the financial statements. In the opinion of City management, costs ultimately incurred are not expected to have a material effect on the City's financial position after giving effect to the provision for clean-up costs.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

The City manages a Brownfield Assessment Grant Program which assists property and business owners and infill developers in overcoming barriers that contamination presents for the redevelopment of underutilized brownfield sites in distressed business districts and neighborhoods. The Program provides fifty percent matching funds, up to \$20 per site, to property owners for site assessment, design of remediation activities, and legal expenses for redevelopment sites suspected of contamination. When the City enters into the agreements, it legally obligates itself to participate in the cleanup activities of the remediation effort. The amount of the liability is derived from the grant agreements and assumes no unexpected change orders.

The City has received a number of federal and state grants for specific purposes that are subject to review by the grantor agencies. Such reviews could lead to requests for reimbursement to the grantor agencies for expenditures disallowed under terms of the grants. The City management believes that such disallowances, if any, would not be significant.

Authorized capital projects at June 30, 2013, are comprised of the following by fund:

	<u>Project</u> <u>Authorization</u>	<u>Expended</u>	<u>Unexpended</u>
<u>Governmental-</u>			
Capital Projects	\$ 1,932,766	\$ 1,442,067	\$ 490,699
<u>Enterprise-</u>			
Water and Sewer	2,405,095	1,673,751	731,344
Storm Water	461,566	337,905	123,661
Airport	1,057,406	758,644	298,762
Public Transit	<u>1,216,431</u>	<u>905,173</u>	<u>311,258</u>
Total Enterprise	<u>5,140,498</u>	<u>3,675,473</u>	<u>1,465,025</u>
Total	<u>\$ 7,073,264</u>	<u>\$ 5,117,540</u>	<u>\$ 1,955,724</u>

Financial resources are available to fund the total amount of unexpended authorizations.

Outstanding encumbrances are amounts needed to pay any commitments related to purchase orders and contracts that remain unperformed at year-end. For governmental funds, encumbrances are included within the restricted, committed, or assigned fund balances, as appropriate and are established in the funds as follows:

General	\$ 20,059
Capital Projects	130,108
Nonmajor governmental	<u>30,635</u>
Total	<u>\$ 180,802</u>

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

The City has construction and other contractual commitments at June 30, 2013, as follows by fund:

<u>Governmental-</u>	
Capital Projects	\$ 9,081
Nonmajor governmental	1,464
Total Governmental	<u>10,545</u>
<u>Enterprise-</u>	
Water and Sewer	134,888
Storm Water	48,921
Airport	197,675
Public Transit	42,143
Total Enterprise	<u>423,627</u>
Total	<u>\$ 434,172</u>

The City has operating lease commitments for land and office space with future rentals under these leases at June 30, 2013, as shown below:

<u>Year</u>	<u>Amount</u>
2014	\$ 14,648
2015	2,329
2016	2,140
2017	1,697
2018	1,557
2019-2034	4,451
	<u>\$ 26,822</u>

Related lease expense was approximately \$2,686 in 2013.

e. Arena

Time Warner Cable Arena was constructed and financed by the City of Charlotte and opened in October 2005. The primary tenant of the arena is the National Basketball Association's Charlotte Bobcats. Terms of a twenty-five year lease entitle the team to all operating revenues and the team is responsible for all operating expense, including non-basketball related events. The City and the Team each contribute \$250 annually (escalating at five percent per year to a maximum of \$500) to a capital reserve fund. Any capital expenses in excess of the reserve are the responsibility of the City. While the City of Charlotte retains ownership of the facility, the Charlotte Regional Visitors Authority provides operation support for the Arena. The \$200 million project was funded primarily through a combination of installment financing obligations supported by a portion of an occupancy tax and a dedicated rental car tax, private contributions and the sale of City assets. The City is entitled to damages based on the number of years remaining on the lease if the team violates the agreement.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

f. NASCAR Hall of Fame

NASCAR Hall of Fame was constructed and financed by the City of Charlotte and opened in May 2010. The \$140 million project was funded through a combination of installment financing obligations supported by a dedicated two percent occupancy tax and private loans repaid through land sales and private contributions. The City also receives a portion of sponsorship money and deferred NASCAR royalty payments to help service the debt. The City of Charlotte owns the facility and the Charlotte Regional Visitors Authority is fully responsible for Hall operations. However, the City can supplement capital maintenance and repair costs through the dedicated revenues if funds are available. The City is responsible for any capital costs for the facility.

g. Cultural Arts Facilities

The Cultural Arts Facilities consist of the Harvey B. Gantt Center for African-American Arts & Culture, the Bechtler Museum of Modern Art, the Mint Museum, and the Knight Theater, and are known collectively as the Levine Center for the Arts. All four facilities opened in fiscal year 2010 and are owned by the City, with Mecklenburg County entitled to a 30 percent share when the debt is retired. The \$120 million project is part of a \$600 million mixed-use development project, including the 50 story Duke Energy Center. The projects were funded through a combination of installment financing obligations supported by City revenues and ongoing City and County contributions derived from a synthetic tax increment finance payment of \$1,650 (divided proportionally between the City and County) annually through 2026. In addition, Wells Fargo Corporation is under contract to pay the difference between actual tax collections and \$1,650 annually. All four sites are leased by the City to non-profits, which are responsible for operating the facilities. The City and County (70/30 share) are responsible for capital repairs and major maintenance.

h. Bank of America Stadium

On April 22, 2013, the City Council approved business terms with the Carolina Panthers to fund improvements to Bank of America Stadium as part of a ten-year partnership and authorized the City Manager to develop an agreement with Panthers Stadium, LLC and Panthers Football, LLC consistent with the approved business terms. The agreement called for \$87.5 million in local funding for stadium improvements and City provided traffic control work. The first \$28 million for escalators, entry, and lightning improvements was issued by the City on October 22, 2013. \$1.25 million in operating funds will be appropriated annually for ten years to fund the traffic control situation. \$48 million in additional capital funding will come later in the ten year period. The Panthers have agreed to 6 years of injunctive relief with 4 additional years providing financial relief to the City were the team to move out of Charlotte. The funding for the stadium will come from the occupancy and prepared food tax revenues in the Convention Center Tax Special Revenue Fund. State statute deemed the stadium project an enhancement to Convention Center business therefore, allowing the use of these funds. Debt proceeds will be distributed by a trustee to the Panthers organization after City approval.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

i. US Airways

US Airways, Inc. (US Airways), a wholly owned subsidiary of US Airways Group, Inc., is the major passenger airline serving Charlotte/Douglas International Airport (Airport). For the fiscal year ended June 30, 2013, US Airways and its affiliates provided 25.85 percent of the Airport's operating revenues

US Airways conducts its passenger air carrier operations at the Airport pursuant to several agreements, the most significant of which is the City of Charlotte's 1985 Airport Agreements and Lease (Airport Agreement), which has also been executed by American Airlines, Continental Airlines, Delta Air Lines, Northwest Airlines, and United Airline (collectively, the Signatory Airlines). Pursuant to the Airport agreement, the Signatory Airlines lease certain premises in the passenger terminal building (terminal) and are obligated to pay landing fees and terminal rentals which, in the aggregate, are sufficient to enable the City to pay the annual operating expenses of the airfield and terminal, and the annual debt service on General Airport Revenue Bonds (GARBS) issued by the City to fund airfield and terminal improvements.

As of June 30, 2013 the City had \$663,000 of GARBS outstanding, the proceeds of which were used for airfield and terminal improvements. The GARBS are not general obligations of the City and are payable solely from revenues generated by the City in the airfield terminal. The City has \$35,051 in reserve to pay principal and interest on GARBS.

In addition to GARBS, the City also issued Special Facility Revenue Bonds to finance the construction of crew training, airfield maintenance and other Airport facilities (Special Facilities) that are leased to US Airways by the City. As rental for the Special Facilities, US Airways is obligated to pay directly to the City a Ground Rental and an Airport Service Fee Rental. In addition, US Airways is obligated to pay directly to a Trustee for the benefit of bondholders a facility rental (Special Facilities Debt Service Rental) in an equal to the annual installments of principal and interest on the Special Facility Revenue Bonds. The Special Facilities Debt Service Rental is not a general obligation of the City. If US Airways fails to pay the Special Facilities Debt Service Rentals, the City is obligated to use reasonable efforts to re-let the Special Facilities to another tenant and apply the debt service rentals from such re-letting to the payment of the principal and interest on the Special Facility Revenue Bonds. The City is not obligated to make any payments relating to the Special Facilities or the Special Facility Revenue Bonds except for such debt service rentals as it receives from the tenant of the Special Facilities. As of June 30, 2013, there was \$175,205 of Special Facility Revenue Bonds outstanding. The Special Facility Revenue Bonds provide for the semi-annual payment of interest with a lump-sum payment of principal on the maturity date of the bonds. The Special Facility Revenue Bonds mature on July 1, 2027 and February 1, 2028.

j. Airport Commission

On July 26, 2013, Senate Bill 380 was enacted into law by the North Carolina General Assembly. The legislation would create the Charlotte Douglas International Airport Commission (the "*Airport Commission*"). The Airport Commission would be an agency of the City and composed of thirteen members that would be appointed as follows: three by the Mayor of the City, four by the City Council, and one by each of the Boards of Commissioners of Mecklenburg County, Cabarrus County, Gaston County, Iredell County, Lincoln County and Union County. The Airport Commission would be responsible for operating the Airport. The City would be responsible for the issuance of revenue or refunding revenue bonds with respect to the Airport.

The City has challenged the legislation's validity under the State constitution and challenged the State's authority to create the Airport Commission. On August 1, 2013, a Superior Court judge in Mecklenburg County (NC) granted an injunction blocking transfer of control of the Airport to the Airport Commission pending approval of or issuance of an operating certificate to the Airport Commission by the Federal Aviation Administration (the "*FAA*"). On September 26, 2013, the FAA issued a letter stating that prior to being able to make a final ruling on the approval of or issuance of an operating certificate to the Airport Commission, the Superior Court must further clarify whether the Airport Commission or the City would act as the sponsor of the operating certificate. A hearing is scheduled on November 1, 2013 before a Mecklenburg County (NC) Superior Court judge to further consider the Airport Commission matter as well as issues addressed by the FAA in their September 26, 2013 letter.

The City cannot predict the impact the legislation or the Airport Commission might have on the City or the Airport.

k. Change in Accounting Principle and Other Restatements

(1) GASB Statements 63 and 65

The City implemented Governmental Accounting Standards Board (GASB) Statement 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, and Statement 65, Items Previously reported as Assets and Liabilities, in the fiscal year ending June 30, 2013. In accordance with GASB Statement 63, the Statement of Net Assets has been replaced with the Statement of Net Position. Items on the Statement of Net Position are now classified into Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position. Additionally, GASB Statement 65 requires that deferred costs from the refunding of debt, which were previously deferred and amortized, be presented as deferred outflows of resources.

CITY OF CHARLOTTE, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS-(Continued)
JUNE 30, 2013
(Dollar Amounts In Thousands)

The statement also requires that bond issuance costs which were previously deferred and amortized, be expensed in the year they occurred. The net position of the government-wide activities and the Water and Sewer, Storm Water, Airport and Public Transit enterprise funds have been restated in the following amounts:

<u>Governmental activities-</u>	\$ 7,790
<u>Enterprise funds-</u>	
Water and Sewer	11,627
Storm Water	880
Airport	14,726
Public Transit	<u>1,868</u>
Total Enterprise funds	<u>29,101</u>
Total	<u>\$ 36,891</u>

(2) Restatement for Land

The City received a donation of land from the State of North Carolina that was not included in the capital assets of the City. The City received land with a fair value of \$5,460 during fiscal year 2008 and \$30,420 during fiscal year 2010. The capital assets of the governmental type activities have been restated to reflect this addition of land.

(3) Restatement for GASB 53

In September 2005, the City issued an interest rate swaption agreement in connection with the Series 2003G Tourism installment purchase contracts. The agreement was recorded as a premium and amortized over the life of the related debt. At the implementation of GASB 53, "Accounting and Financial Reporting for Derivative Instruments" in fiscal year 2010, the premium should have been reduced when the swaption borrowing payable was recorded. The long-term liabilities of the governmental activities have been restated to reflect this reduction in the unamortized premiums.

Premium	\$ 5,866
Cumulative amortization, fiscal years 2005-2012	<u>(1,412)</u>
Restatement	<u>\$ 4,454</u>

THIS PAGE INTENTIONALLY BLANK.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds from specific revenue sources (other than funding for major capital projects) that are restricted to expenditures for specified purposes.

- ❖ Convention Center Tax Fund – Accounts for room occupancy and prepared food and beverage tax revenues to be used for convention and tourism purposes, including debt service, maintenance and operation of convention center facilities, and promotion of tourism.
- ❖ Tourism Fund – Accounts for room occupancy and other tax revenues to be used for tourism purposes.
- ❖ Hall of Fame Tax Fund – Accounts for room occupancy tax and private contribution revenues to be used for the NASCAR Hall of Fame.
- ❖ Municipal Services District Fund – Accounts for property tax on property within designated Municipal Services Districts to be used to enhance economic vitality and quality of life within the districts.
- ❖ Democratic National Convention (DNC) Fund – Accounts for the federal grant to be used for security activities related to the 2012 DNC.
- ❖ Public Safety and Other Grants Fund – Accounts for federal and state grants to be used for public safety, including police, fire and emergency management, and other governmental-type activities.
- ❖ Neighborhood Development Fund – Accounts for federal grants to be used for neighborhood activities which develop viable urban communities providing adequate housing and economic opportunities, principally for persons of low and moderate income.
- ❖ Employment and Training Fund – Accounts for federal grants to be used for activities providing comprehensive employment and training services to enable individuals to secure and retain employment at their maximum capacity.
- ❖ Stimulus Grants Fund – Accounts for American Recovery and Reinvestment Act (ARRA) grants to be used for governmental-type activities.
- ❖ State Street Aid Fund – Accounts for motor fuel taxes distributed by the State on the basis of local street mileage and population to be used for maintenance, repair and construction of streets and highways.
- ❖ Emergency Telephone System Fund – Accounts for revenues remitted by the NC 911 Board from service charges imposed on voice communications service connections to be used for the operation and enhancement of the 911 system.

Permanent Fund

A permanent fund is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used.

Perpetual Care Fund – Accounts for monies held by the City for cemetery maintenance.

\$ 2,524

DEBT SERVICE FUND

The Debt Service fund is used to account for the accumulation of resources and the payment of principal, interest and related costs for all long-term debt other than debt issued for and serviced by business-type activities.

CAPITAL PROJECTS FUND

The Capital Projects fund accounts for financial resources, primarily bond proceeds and property taxes, used for the acquisition, construction or improvement of capital assets.

ENTERPRISE FUNDS

Enterprise funds are used to account for operations that charge a fee for service to customers similar to private business enterprises. The City has four enterprise operations.

- ❖ Water and Sewer Fund – Accounts for the operation of Charlotte-Mecklenburg Utilities, provider of water and wastewater services.
- ❖ Storm Water Fund – Accounts for the operation of Charlotte Storm Water Services, administrator of storm water programs and policies.
- ❖ Airport Fund – Accounts for the operation of the Charlotte Douglas International Airport.
- ❖ Public Transit Fund – Accounts for the operation of Charlotte Area Transit System, provider of community-wide public transportation services.

INTERNAL SERVICE FUNDS

Internal service funds are used to account for centralized services provided to City departments and other governmental units and agencies on a cost-reimbursement basis.

- ❖ Risk Management Fund – Accounts for the general insurance program, claim and loss control services for the City as well as services provided, on a cost-reimbursement basis to other governmental units and agencies in Mecklenburg County.
- ❖ Employee Health and Life Fund – Accounts for funds contributed by the City and employees for health and life benefits.

STATISTICAL SECTION

This part of the City of Charlotte’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government’s overall financial health.

	Page
Financial Trends – These schedules contain trend information to help the reader understand how the government’s financial performance and well-being have changed over time.	169
Revenue Capacity – These schedules contain information to help the reader assess the government’s most significant local revenue source, the property tax.	176
Debt Capacity – These schedules present information to help the reader assess the affordability of the government’s current levels of outstanding debt and the government’s ability to issue additional debt in the future.	182
Demographic and Economic Information – These schedules offer demographic and economic indicators to help the reader understand the environment within which the government’s financial activities take place.	190
Operating Information – These schedules contain service and infrastructure data to help the reader understand how the information in the government’s financial report relates to the services the government provides and the activities it performs.	192

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

¹ 2004 through 2012 have been restated for the effects of GASB65.

² 2008 through 2012 have been restated for the effects of a prior period adjustment.

³ In 2004, construction began on light rail projects.

⁴ In 2004, unrestricted net position declined due to an allowance for uncollectible receivables related to US Airways, Inc.

Notes:

¹ In 2012, the City hosted the Democratic National Convention, funded by a Federal grant.

² 2004 through 2009 have been restated for the effects of a prior period adjustment.

³ In 2004 and in 2006, fewer street miles were added. In 2009, more street miles were added due to annexation.

⁴ In 2004, a \$23 million allowance for long-term receivables was recorded due to US Airways bankruptcy. In 2005, the Airport began collecting Passenger Facility Charges. In 2008, the Airport began collecting Contract Facility Charges.

⁵ In 2004, \$105 million in water and sewer assets and \$19 million in storm water assets were added due to annexation.

⁶ In 2004, an additional 1/2 cent sales tax was collected.

⁷ In 2007, an additional 2 percent occupancy tax was collected to be used for NASCAR Hall of Fame.

⁸ In 2005, the City sold a civic center. In 2006, the City sold the Charlotte Coliseum.

¹ In 2007, an additional 2 percent occupancy tax was collected to be used for NASCAR Hall of Fame.

² 2004 through 2009 have been restated for the effects of a prior period adjustment related to the recognition of revenues.

³ The City hosted the Democratic National Convention in September 2012, funded by a Federal grant.

⁴ In 2004, private contributions were received to fund construction of a new uptown arena. In 2011, private contributions were received to fund construction of the Mint Museum.

⁵ In 2009, the City early extinguished \$21,215 of installment purchases.

⁶ In 2005, the City sold a Civic Center. In 2006, the City sold the Charlotte Coliseum. In 2008, the City sold land adjacent to Time Warner Cable Arena.

⁷ In 2007, the City entered into a private loan agreement to finance pre-opening expenses for NASCAR Hall of Fame.

¹ Pursuant to the North Carolina General Statutes, property taxes levied on July 1, the beginning of the fiscal year, are due September 1; however, penalties do not accrue until January 6. For example, the taxes levied effective July 1, 2012, for the fiscal year 2013, were based on the assessed values listed as of January 1, 2012.

² In subsequent years, for the fiscal year 2012, refunds due to successful appeals of the most recent revaluation exceeded additional collections.

**Report of Independent Auditor On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit of Financial Statements
Performed In Accordance with *Government Auditing Standards***

To the Honorable Mayor and
Members of the City Council
City of Charlotte, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Charlotte (the "City"), North Carolina, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprises the City's basic financial statements, and have issued our report thereon dated October 31, 2013. Our report includes a reference to another auditor who audited the financial statements of the Charlotte Regional Visitors Authority (the "CRVA"). This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 13-01 and 13-02 to be material weaknesses.

A significant deficiency is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 13-03 and 13-04 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Response to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

Report of Independent Auditor On Compliance With Requirements Applicable To Each Major Federal Program And Internal Control Over Compliance; In Accordance With OMB Circular A-133 And The State Single Audit Implementation Act

To the Honorable Mayor and
Members of the City Council
City of Charlotte, North Carolina

Report on Compliance for Each Major Federal Program

We have audited the City of Charlotte (the "City"), North Carolina, compliance with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2013. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described on the accompanying schedule of findings and questioned costs as item 13-05. Our opinion on each major federal program is not modified with respect to this matter.

The City's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**Report of Independent Auditor On Compliance For Each Major State Program;
And On Internal Control Over Compliance; In Accordance With OMB Circular A-133;
and the State Single Audit Implementation Act**

To the Honorable Mayor and
Members of the City Council
City of Charlotte, North Carolina

Report on Compliance for Each Major State Program

We have audited City of Charlotte (the "City"), North Carolina, compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the City's major State programs for the year ended June 30, 2013. The City's major State programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; applicable sections of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major State program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major State Program

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major State programs for the year ended June 30, 2013.

Report On Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major State program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major State program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Names of State Program or Cluster

State Street Aid- Powell Bill
Public Transportation Section 5309 Capital Programs- Blue Line Extension
Municipal Agreement- Project U-4911
One NC Fund

Section II – Financial Statement Findings

Material Weakness

Finding 13-01

Criteria: The City is responsible for recording capital assets in accordance with accounting principles generally accepted in the United States of America.

Condition: The City understated capital assets as of and for the year ended June 30, 2012. Four parcels of land were deeded to the City related to the NASCAR Hall of Fame and I-277 Projects in fiscal years 2008 and 2010. City Finance was unaware that the parcels had been deeded; therefore, the four parcels of land were not recorded in their respective periods and a material prior period adjustment was recorded for the year ended June 30, 2012.

Effect: The financial statements were materially misstated as of June 30, 2012.

Cause: Lack of internal controls established over capital assets.

Recommendation: We recommend that the City establish internal controls over the recordation of capital assets to ensure amounts are properly stated.

Views of responsible officials: The City agrees with this finding.

CITY OF CHARLOTTE, NORTH CAROLINA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2013

Material Weakness

Finding 13-02

Criteria: The City is responsible for recording long term liabilities in accordance with accounting principles generally accepted in the United States of America.

Condition: During fiscal year 2003, the City of Charlotte entered into a swaption agreement and received approximately \$6 million in borrowing proceeds. This was treated as an installment purchase premium at this time and amortized. When the City implemented GASB 53 in fiscal year 2010, they correctly bifurcated the fair value of the swaption from the borrowing proceeds, thus presenting the \$6 million borrowing liability separately. However, the City failed to remove the premium that they were amortizing, thus recognizing the liability both as an unamortized premium on installment purchases and as a liability on the swaption borrowing payable, overstating long-term liabilities. The City has incorrectly continued to amortize the premium since fiscal year 2010. At June 30, 2012 the outstanding balance related to the premium recorded on the books was approximately \$4.5 million overstated, thus a material prior period adjustment was recorded for the year ended June 30, 2012.

Effect: The financial statements were materially misstated as of June 30, 2012.

Cause: Lack of internal controls established over long term liabilities.

Recommendation: We recommend that the City establish internal controls over the recordation of long term liabilities to ensure amounts are properly stated.

Views of responsible officials: The City agrees with this finding.

Significant Deficiency

Finding 13-03

Criteria: The City is responsible for establishing internal controls over cash collections in order to ensure accurate reporting.

Condition: The City engaged a third party vendor to handle the collection of various fines, including fines for all riders of the Light Rail (Transportation System) who did not properly purchase a ticket. The vendor was responsible for collections of fines, and remittance of those fines to the City. The third party vendor notified the City in fiscal year 2013 that one of its employees had admitted to the misappropriation of approximately \$15,000 in fine collections from 2011-2013. After review, the misappropriation is estimated at \$50,000. No internal controls existed at the time to reconcile the amounts fined by the third party vendor to amounts remitted to the City. There was also no formal agreement in place between the vendor and City Finance surrounding the collection of these fines, thus not allowing Finance to establish any type of internal controls to mitigate the risk of misappropriation.

Effect: Misappropriation of assets surrounding collection and remittance of fines were undetected by the City.

Cause: Lack of internal controls established over collection of fines related to the Light Rail.

Recommendation: We recommend that the City establish internal controls surrounding the collection and remittance of fines related to the Light Rail in order to reconcile collections to the amount actually received by the City.

Views of responsible officials: The City agrees with this finding.

CITY OF CHARLOTTE, NORTH CAROLINA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2013

Significant Deficiency
Finding 13-04

Criteria: The City is responsible for establishing internal controls over cash collections in order to ensure accurate reporting.

Condition: The City does not periodically monitor the internal controls present at cash collection sites throughout the City to ensure they are properly designed and operating effectively.

Effect: Internal controls over cash collection sites are not being properly monitored; therefore, the design and operation of internal control may be ineffective.

Cause: Lack of monitoring internal controls surrounding cash collection sites throughout the City.

Recommendation: We recommend that the City establish monitoring internal controls of the cash collection sites throughout the City to ensure internal controls are properly designed and operating effectively.

Views of responsible officials: The City agrees with this finding.

Section III – Federal Award Findings and Questioned Costs

U.S. Department of Homeland Security
Program Name: ARRA - TSA Airport Checked Baggage Inspection System Program
CFDA #: 97.117

Finding 13-05

Nonmaterial Noncompliance
Reporting

Criteria: The TSA Baggage Grant Agreement requires that the airport submit monthly milestone and project progress status reports by the 10th of each month to the TSA Deployment Manager, TSA Contracted Site Lead, and TSA Contracting Officer.

Condition: The City did not properly prepare or submit monthly milestone and project progress status reports during the fiscal year ended June 30, 2013.

Questioned Costs: There were no questioned costs since all program costs were properly approved through reimbursement requests submitted to TSA, rather than through program reports.

Effect: The City was not in compliance with reporting requirements for the fiscal year ended June 30, 2013.

Cause: Lack of understanding of grant reporting requirements.

Recommendation: We recommended that the City submit these reports to TSA on a monthly basis and in accordance with grant guidelines.

Views of responsible officials: The City agrees with this finding.

CITY OF CHARLOTTE, NORTH CAROLINA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2013

Section IV – State Award Findings and Questioned Costs

None noted.

CITY OF CHARLOTTE, NORTH CAROLINA

CORRECTIVE ACTION PLAN

FOR THE FISCAL YEAR ENDED JUNE 30, 2013

Section II – Financial Statement Findings

Finding 13-01
Material Weakness

Name of contact person: Teresa Smith, Financial Reporting Manager

Corrective Action: The City has developed a Capital Asset policy that is in final approval. The policy addresses donations of capital assets and the communication required to the Finance Department to ensure proper recording of the asset. The Finance Department has discussed this policy, including donations of capital assets, with the Business Managers of City departments in order to educate them on these procedures. The Finance Department will also consider sending a request for City departments to provide documentation for all donated assets for the period, at least on an annual basis.

Proposed completion date: Fiscal year 2014

Finding 13-02
Material Weakness

Name of contact person: Teresa Smith, Financial Reporting Manager

Corrective Action: The City has a process for preparation and review of long-term liabilities for financial reporting. The error related to the GASB 53 implementation from fiscal year 2010 was discovered during this preparation and review process. The City will consider whether procedures should be added or modified for the preparation and review process.

Proposed completion date: Fiscal year 2014

Finding 13-03
Significant Deficiency

Name of contact person: Teresa Smith, Financial Reporting Manager

Corrective Action: The City is currently reviewing the facts related to this misappropriation of fine collections. City Finance, Internal Audit and CATS departments are participating in the review process. The misappropriation has been reported to the police and the City will pursue prosecution, if possible. Procedures related to reporting and reconciliation of amounts collected to outstanding receivables will be adjusted, as necessary in order to strengthen internal controls surrounding this activity. The City will also consider implementing a policy or procedure which specifies that formal collection agreements between third party vendors and the Finance Department should be in place.

Proposed completion date: Fiscal year 2014

CITY OF CHARLOTTE, NORTH CAROLINA
CORRECTIVE ACTION PLAN

FOR THE FISCAL YEAR ENDED JUNE 30, 2013

Finding 13-04
Significant Deficiency

Name of contact person: Teresa Smith, Financial Reporting Manager

Corrective Action: The Finance Department requested additional resources during the FY2014/2015 budget process. The positions would be used in an auditing/compliance monitoring capacity but were not approved for FY2014. The Finance Department will continue to request additional resources for this purpose. Whether resources are approved or not, the Finance Department will work with Internal Audit to implement a plan to periodically monitor cash collection sites throughout the City.

Proposed completion date: Fiscal year 2014

Section III – Federal Award Findings and Questioned Costs

Finding 13-05
Nonmaterial Noncompliance

Name of contact person: Brent Cagle, Interim Aviation Director

Corrective Action:
Beginning in fiscal year 2014, the City will submit the monthly milestone and project progress status reports by the 10th of the following month. Airport staff will provide financial information and coordinate with Turner project manager on project milestone updates.

Proposed completion date: August 2013

Section IV – State Award Findings and Questioned Costs

None noted.
