AMENDING CHAPTER 23

ORDINANCE 3331

AN ORDINANCE AMENDING CHAPTER 23 OF THE CITY CODE ENTITLED  
"WATER, SEWER AND SEWAGE DISPOSAL TO ALLOW IMPLEMENTATION OF  
A PROPOSED EXTENSION POLICY."

BE IT ORDAINED by the City Council of the City of  
Charlotte, North Carolina that"

Section 1. Section 23-1 "Definitions" shall be amended by  
deleting in its entirety the definition of "Complete service con-  
nection" and inserting the following in its place:

"Complete service connection. A 3/4" or 1" water service  
connection consists of the connection to a public water main  
of a service line, a meter yoke, a meter box, required appur-  
tenances, and a stubbed out connection point for connection  
of the applicant's private plumbing system. Water service  
connections larger than 1" consist of the connection to a  
public water main of a service line, a meter box or vault,  
piping to the property line, a valve at the property line,  
and other required appurtenances."

Section 2. Chapter 23 shall be amended by adding a new  
section to read as follows:

"Sec. 23-12. Capacity charge.

Each applicant for water or sewer service shall pay the ap-  
plicable capacity charge for the type and size of service  
connection requested. The capacity charge shall be arrived  
at in accordance with the water and sewer rate methodology  
documents as set forth in the schedule of current rates,  
fees and charges."

Section 3. Section 23-83 shall be amended by deleting  
subsection (a) in its entirety, and substituting the following in  
its place:

"(a) The charges for making service connections of sizes  
four (4) inches or smaller shall be arrived at in accordance  
with the water and sewer rate methodology set forth in the  
"Water and Sanitary Sewer Cost of Service and Rate Structure

Study for the Charlotte-Mecklenburg Utility Department," dated June, 1977, as amended, by the "Water and Sewer Study Recommended Cost Determination Modifications," dated November 18, 1977 and as further amended by the "Second Amendment to the Water and Sewer Rate Methodology Documents," dated May 26, 1992, on file with the city clerk. The above documents shall be referred to as the "water and sewer rate methodology documents." Such rates, fees and charges as are set forth in the water and sewer rate methodology documents and any modifications thereto are referred to as the "schedule of current rates, fees and charges" in this chapter. The charges for making partial service connections 3/4-inch size shall be calculated and applied in the same manner."

Section 4. Section 23-83 shall be amended by deleting subsection (d) in its entirety, and substituting the following in its place:

"(d) The applicant or customer shall not operate or disturb any part of the water service other than to turn off water to the premises in the case of an emergency by operating the curb turn-off within the meter box if the service is 1" or smaller or by operating the property line cut-off valve on larger services. All fixtures within the owner's premises must be kept in repair by the customer or property owner."

Section 5. Section 23-84 shall be amended by deleting the words "but not including, the property line cut-off valve" on the fourth line of the section, and substituting in lieu thereof the words "and including the meter yoke assembly."

Section 6. Section 23-87 shall be amended by deleting subsection (a) in its entirety, and substituting in lieu thereof the following:

"(a) At each complete service connection larger than 1", a cut-off valve will be placed at the property line or right of way line. This valve will be furnished as part of the meter installation and is to be under the control of the owner of tenant. This valve is to be used in case of a break, or other necessity, whereby pipes to be repaired can be cut off without using the CMUD cut-off valve located in the meter box or meter vault. This is not intended to take the place of the ordinary stop and waste valve located within the premises for the purpose of draining the pipes to prevent damage from freezing."

Section 7. Section 23-88 shall be deleted in its entirety and the following substituted in its place:

"Interference with the water distribution system prohibited; exception.

It shall be unlawful for any unauthorized person to operate or damage by interference and/or tampering, the valves on the street mains or any part of the water distribution system. Plumbers or property owners may, in case of an emergency, shut off water at the curb cut-off valve."

Section 8. This ordinance shall become effective on July 1, 1992.

Approved as to form:
