The Director of Finance of the City may increase or decrease the aggregate principal amount and the principal of each maturity of the Bonds both before and after the receipt and opening of the bids for the Bonds in accordance with the Detailed Notice of Sale so long as net present value savings are at least 2% of the par amount of the Refunded Bonds.

6. The Bonds shall be numbered from "R-1" consecutively and upward. All Bonds shall bear interest from their date at a rate or rates which shall be hereafter determined on the sale thereof computed on the basis of a 360-day year of twelve 30-day months.

7. The Bonds shall be registered as to principal and interest, and the Director of Finance of the City is directed to maintain the registration records with respect thereto. The Bonds shall bear the original or facsimile signatures of the Mayor or City Manager of the City and the City Clerk of the City. An original or facsimile of the seal of the City shall be imprinted on each of the Bonds.

8. The Bonds will initially be issued by means of a book-entry system with no physical distribution of bond certificates made to the public. One bond certificate for each maturity of each series will be issued to The Depository Trust Company, New York, New York ("DTC"), and immobilized in its custody. A book-entry system will be employed, evidencing ownership of the Bonds in principal amounts of $5,000 or integral multiples thereof, with transfers of beneficial ownership effected on the records of DTC and its participants pursuant to rules and procedures established by DTC. Interest on the Bonds will be payable to DTC or its nominee as registered owner of the Bonds in immediately available funds. The principal of and interest on the Bonds will be payable to owners of Bonds shown on the records of DTC at the close of business on the 15th day of the month preceding an interest payment date or a bond payment date. The City will not be responsible or liable for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants.
If (a) DTC determines not to continue to act as securities depository for the Bonds or (b) the Director of Finance for the City determines to discontinue the book-entry system in accordance with DTC’s rules and the City fails to identify another qualified securities depository to replace DTC, the City will authenticate and deliver replacement bonds in the form of fully registered certificates.

9. The Director of Finance is hereby authorized to determine the redemption provisions for the Bonds when the Bonds are sold. The Director of Finance will deliver a certificate on or before the Bonds are issued setting forth the Bonds that are subject to redemption, when such Bonds are subject to redemption and the redemption premium, if any, thereon. Such Bonds will be subject to redemption prior to maturity, at the option of the City, from any moneys that may be made available for such purpose, either in whole or in part on any date as determined by the Director of Finance, at the principal amount of the Bonds to be redeemed, together with interest accrued thereon to the date fixed for redemption, at a redemption premium thereon, if any, as determined by the Director of Finance.

If less than all of the Bonds are called for redemption, the City shall select the maturity or maturities of the Bonds to be redeemed in such manner as the City in its discretion may determine and DTC and its participants shall determine which of the Bonds within a maturity are to be redeemed by lot; provided, however, that the portion of any Bond to be redeemed shall be in principal amount of $5,000 or integral multiples thereof and that, in selecting Bonds for redemption, each Bond shall be considered as representing that number of Bonds which is obtained by dividing the principal amount of such Bond by $5,000. Whenever the City elects to redeem Bonds, notice of such redemption of Bonds, (1) stating the redemption date, redemption price and identifying the Bonds or portions thereof to be redeemed by reference to their numbers, (2) stating, if the redemption is conditional on the occurrence of one or more events, what the conditions for redemption are and the manner in which Owners will be notified if the conditions precedent to a redemption do not occur and (3) further stating that on such redemption date there shall become due and payable on each Bond or portion thereof so to be redeemed, the principal thereof, and interest accrued to the redemption date and that from and after such date interest thereon shall cease to accrue, shall be given not less than 30 days nor more than 60 days before the redemption date in writing to DTC or its nominee as the registered owner of the Bonds, by prepaid certified or registered United States mail, at the address provided to the City by DTC, but any failure or defect in respect of such mailing will not affect the validity of the redemption. If DTC is not the registered owner of the Bonds, the City will give notice at the time set forth above by prepaid first class United States mail, to the then-registered owners of the Bonds or portions thereof to be redeemed at the last address shown on the registration books kept by the City. The City will also mail or transmit by facsimile a copy of the notice of redemption within the time set forth above (1) to the Local Government Commission of North Carolina (the “Local Government Commission”), (2) to each of the then-existing securities depositories and (3) to at least two of the then-existing national information services.

10. The Bonds and the provisions for the registration of the Bonds and for the approval of the Bonds by the Clerk of the Local Government Commission shall be in substantially the form of Exhibit A hereto.

11. The City covenants to take such action as may be required in the opinion of nationally recognized bond counsel to cause the Bonds and all actions of the City with respect to the proceeds thereof to comply with Internal Revenue Code of 1986, as amended (the “Code”). In particular, the City covenants as follows:

(a) At least one of the following two conditions will be satisfied for the Bonds: (1) less than 10% of the proceeds of the Bonds, reduced by costs of issuance, will be used directly or indirectly in the business of a person other than a state or local governmental unit or (2) less than 10% of the principal or interest on the Bonds will be
(under the terms of such issue or any underlying arrangement) directly or indirectly
(A) secured by an interest in property used or to be used in a private business or any
interest in payments made with respect to such property or (B) to be derived from
payments made with respect to property, or borrowed money, used or to be used in a
private business;

(b) Less than 5% of the proceeds of the Bonds, reduced by costs of issuance,
will be used by nongovernmental persons for a use unrelated to the purposes for which
the Bonds are being issued;

(c) It will not loan directly or indirectly more than 5% of the proceeds of the
Bonds to nongovernmental persons;

(d) It will not enter into any management contract with respect to the
facilities refinanced with the proceeds of the Bonds unless it obtains an opinion of
nationally recognized bond counsel that such management contract will not impair
the exclusion from a recipient’s gross income for federal income tax purposes of the interest
on the Bonds;

(e) The City acknowledges that the continued exclusion of interest on the
Bonds from a recipient’s gross income for federal income tax purposes depends, in part,
on compliance with the arbitrage limitations imposed by Section 148 of the Code. The
City covenants to comply with all the requirements of Section 148 of the Code, including
the rebate requirements, and it shall not permit at any time any of the proceeds of the
Bonds or other funds of the City to be used, directly or indirectly, to acquire any asset or
obligation, the acquisition of which would cause the Bonds to be “arbitrage bonds” for
purposes of Section 148 of the Code;

(f) The Bonds shall not be “federally guaranteed” as defined in Section
149(b) of the Code;

(g) The City covenants to file or cause to be filed Form 8038G in accordance
with Section 149(e) of the Code.

12. The proceeds from the sale of the Bonds, less the costs of issuance of the Bonds to be
paid from the proceeds of the Bonds and less the accrued interest on the Bonds, if any, shall be deposited
with the Escrow Agent, in an Escrow Fund created pursuant to the Escrow Agreement. The City
Manager and the Director of Finance of the City are hereby authorized and directed to enter into the
Escrow Agreement, a form of which has been made available to the City Council, but with such changes,
modifications, additions or deletions therein as shall to them seem necessary, desirable or appropriate,
their execution thereof to constitute conclusive evidence of the City Council’s approval of any and all
changes, modifications, additions or deletions therein from the form and content of the Escrow
Agreement presented to the City Council, and that from and after the execution and delivery of the
Escrow Agreement, the City Manager and the Director of Finance are hereby authorized, empowered and
directed to do all such acts and things and to execute all such documents as may be necessary to carry out
and comply with the provisions of the Escrow Agreement as executed. Proceeds of the Bonds to be used
to pay the costs of issuance of the Bonds shall be deposited in a separate segregated account held by the
City and invested and reinvested by the Director of Finance as permitted by the laws of the State of North
Carolina. The Director of Finance shall keep and maintain adequate records pertaining to such account
and all disbursements therefrom so as to satisfy the requirements of the laws of the State of North
Carolina and to assure that the City maintains its covenants with respect to the exclusion of the interest on

Resolution Book 39 Page 616

the 2003C Bonds from gross income for purposes of federal income taxation. To the extent any funds remain in such account after all of the costs of issuance on the Bonds are paid, the Director of Finance shall apply them to pay interest on the Bonds on that date. The Director of Finance is hereby directed to hold proceeds of the Bonds representing accrued interest, if any, in a separate, segregated account and apply amounts held in such account to pay accrued interest on the Bonds on the first interest payment date with respect to the Bonds.

13. Actions taken by officials of the City to select paying and transfer agents, and a bond registrar, or alternate or successor agents and registrars pursuant to Section 159E-8 of the Registered Public Obligations Act, Chapter 159E of the General Statutes of North Carolina, are hereby authorized and approved.

14. The Local Government Commission is hereby requested to sell the Bonds through a competitive sale to the bidder whose bid results in the lowest interest cost to the City, determined by the Local Government Commission.

15. The Mayor, the City Manager, the Director of Finance and the City Clerk of the City are hereby authorized and directed to cause the Bonds to be prepared and, when they shall have been duly sold by the Local Government Commission, to execute the Bonds and to turn the Bonds over to the registrar and transfer agent of the City for delivery through the facilities of DTC to the purchaser or purchasers to whom they may be sold by the Local Government Commission.

16. The form and content of the Preliminary Official Statement to be dated on or about April 8, 2005 together with the final Official Statement to be dated on or about April 19, 2005 are in all respects authorized, approved and confirmed, and the Mayor, the City Manager, the Director of Finance and the City Clerk of the City are authorized, empowered and directed to execute and deliver the Official Statement in substantially the form and content presented to the City Council, but with such changes, modifications, additions or deletions therein as shall to the Mayor, City Manager or the Director of Finance of the City seem necessary, desirable or appropriate, their execution thereof to constitute conclusive evidence of the approval of the City Council of any and all changes, modifications, additions or deletions therein from the form and content of the Official Statement presented to the City Council.

The form and content of the Notice of Sale and Bid Form with respect to the sale of the Bonds are in all respects authorized, approved and confirmed.

17. The Mayor, the City Manager, the Director of Finance and the City Clerk of the City are authorized and directed to execute and deliver for and on behalf of the City any and all additional certificates, documents, opinions or other papers and perform all other acts as may be required by the documents contemplated hereinabove or as may be deemed necessary or appropriate in order to implement and carry out the intent and purposes of this Resolution.

18. The City agrees, in accordance with Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission (the "SEC") and for the benefit of the Registered Owners and beneficial owners of the Bonds, as follows:

To the extent permitted by the SEC, the City may discharge its notice obligations as required herein by transmitting them electronically to www.DisclosureUSA.org.

The City agrees that its undertaking under this Paragraph is intended to be for the benefit of the registered owners and the beneficial owners of the Bonds and is enforceable by any of the registered owners and the beneficial owners of the Bonds, including an action for specific performance of the City’s obligations under this Paragraph, but a failure to comply will not be an event of default and will not result in acceleration of the payment of the Bonds. An action must be instituted, had and maintained in the manner provided in this Paragraph for the benefit of all of the registered owners and beneficial owners of the Bonds.

The City may modify from time to time, consistent with the Rule, the information provided or the format of the presentation of such information, to the extent necessary or appropriate in the judgment of the City, but:

(2) the information to be provided, as modified, would have complied with the requirements of the Rule as of the date of the Official Statement, after taking into account any amendments or interpretations of the Rule as well as any changes in circumstances;

(3) any such modification does not materially impair the interest of the registered owners or the beneficial owners, as determined by nationally recognized bond counsel or by the approving vote of the registered owners of a majority in principal amount of the Bonds.

Any annual financial information containing modified operating data or financial information will explain, in narrative form, the reasons for the modification and the impact of the change in the type of operating data or financial information being provided.

The provisions of this Paragraph terminate on payment, or provision having been made for payment in a manner consistent with the Rule, in full of the principal of and interest on the Bonds.

19. Those portions of this Resolution other than Paragraph 18 may be amended or supplemented, from time to time, without the consent of the owners of the Bonds if in the opinion of nationally recognized bond counsel, such amendment or supplement would not adversely affect the interests of the owners of the Bonds and would not cause the interest on the Bonds to be included in the gross income of a recipient thereof for federal income tax purposes. This Resolution may be amended or supplemented with the consent of the owners of a majority in aggregate principal amount of the outstanding Bonds, exclusive of Bonds, if any, owned by the City, but a modification or amendment (1) may not, without the express consent of any owner of Bonds, reduce the principal amount of any Bond, reduce the interest rate payable on it, extend its maturity or the times for paying interest, change the monetary medium in which principal and interest is payable, or reduce the percentage of consent required for amendment or modification and (2) as to an amendment to Paragraph 18, must be limited as described therein.

Any act done pursuant to a modification or amendment consented to by the owners of the Bonds is binding on all owners of the Bonds and will not be deemed an infringement of any of the provisions of

this Resolution, whatever the character of the act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this Resolution, and after consent has been given, no owner of a Bond has any right or interest to object to the action, to question its propriety or to enjoin or restrain the City from taking any action pursuant to a modification or amendment.

If the City proposes an amendment or supplemental resolution to this Resolution requiring the consent of the owners of the Bonds, the Registrar shall, on being satisfactorily indemnified with respect to expenses, cause notice of the proposed amendment to be sent to each owner of the Bonds then outstanding by first-class mail, postage prepaid, to the address of such owner as it appears on the registration books; but the failure to receive such notice by mailing by any owner, or any defect in the mailing thereof, will not affect the validity of any proceedings pursuant hereto. Such notice shall briefly set forth the nature of the proposed amendment and shall state that copies thereof are on file at the principal office of the Registrar for inspection by all owners of the Bonds. If, within 60 days or such longer period as shall be prescribed by the City following the giving of such notice, the owners of a majority in aggregate principal amount of Bonds then outstanding have consented to the proposed amendment, the amendment will be effective as of the date stated in the notice.

20. Nothing in this Resolution shall preclude (a) the payment of the Bonds from the proceeds of refunding bonds or (b) the payment of the Bonds from any legally available funds.

If the City causes to be paid, or has made provisions to pay, on maturity or on redemption before maturity, to the owners of the Bonds the principal of the Bonds (including interest to become due thereon), through setting aside trust funds or setting apart in a reserve fund or special trust account created pursuant to this Resolution or otherwise, or through the irrevocable segregation for that purpose in some sinking fund or other fund or trust account with an escrow agent or otherwise, moneys sufficient therefor, including, but not limited to, interest earned or to be earned on Federal Securities, the City shall so notify Moody's, S&P and Fitch Ratings, and then the such Bonds shall be considered to have been discharged and satisfied, and the principal of the Bonds (including and interest thereon) shall no longer be deemed to be outstanding and unpaid; provided, however, that nothing in this Resolution requires the deposit of more than such Federal Securities as may be sufficient, taking into account both the principal amount of such Federal Securities and the interest to become due thereon, to implement any such defeasance.

If such a defeasance occurs and after the City receives an opinion of a nationally recognized accounting firm that the segregated moneys or Federal Securities together with interest earnings thereon are sufficient to effect a defeasance, the City shall execute and deliver all such instruments as may be necessary to effect such a defeasance and desirable to evidence such release, discharge and satisfaction. Provisions shall be made by the City, for the mailing of a notice to the owners of the Bonds that such moneys are so available for such payment.
