## INTRODUCTION

North Carolina General Statute 160A-205.4 allows local governments to establish “Social Districts” within their jurisdictions. Social Districts are designated areas within a local government’s jurisdiction where businesses holding a valid permit issued by the North Carolina Alcoholic Beverage Control Commission (ABC) (e.g., bars, breweries, restaurants) may sell alcoholic beverages in designated containers to be consumed within the Social District. See Exhibit A.

The City of Charlotte authorized the creation of Social Districts, which may be created, designated, and managed within the City of Charlotte with the adoption of Article XV in Chapter 15 of the City of Charlotte Code of Ordinances pursuant to Article XV in Chapter 15 of the City of Charlotte Code of Ordinances.

### 1. MANAGEMENT

Upon creation of the Plaza Midwood Social District the Plaza Midwood Merchants Association shall establish an oversight committee of residents and business owners (the “Committee”). The Committee shall include at least three persons nominated by The Plaza Midwood Merchants Association and two persons nominated by Neighborhood Associations abutting the Social District.

The Committee shall respond to and communicate with the City Manager of Charlotte or its designee. The Committee shall have no fewer than five members and not more than twelve.

On at least an annual basis, the Committee shall meet to review and consider the maintenance and management of the Social District. The District may, in its discretion, make minor changes to the Maintenance Plan on its own initiative by majority vote during a meeting in which a quorum is present. A quorum for the Committee shall be a majority of the then serving Committee Members, but shall in no event be less than two Committee Members. Minor changes shall include:

The Committee may seek to make major changes in the operation of the Social District upon approval by the City of Charlotte and the State of North Carolina to make major changes as applicable. Major Changes shall include:

## **2. PLAZA MIDWOOD SOCIAL DISTRICT MAP**

The Plaza Midwood Social District boundaries are shown on the attached map and incorporated as Appendix C. Boundaries of the Social District will be clearly marked with signs at pedestrian exit points from the District.

## **3. Permitted ABC Establishments**

Businesses desiring to sell alcoholic beverages for consumption within the Social District must possess a valid ABC permit, meet Social District insurance requirements, meet the State City and District requirements and must maintain an up to date contact information with the Committee. Registration allows the City to ensure that those businesses selling alcoholic beverages within the Social District are aware of and in compliance with the requirements of this Plan and the Social District Ordinance. The registration process shall include the business's written acknowledgment to abide by the rules, regulations and requirements of this Plan and the Social District Ordinance. The registration process will also require that businesses sign a written acknowledgement to abide by all of the rules, regulations and requirements of their ABC permits.

Businesses without an ABC permit may participate in the Social District by allowing alcoholic beverages purchased and possessed in accordance with this Plan and the Social District Ordinance to be consumed in their businesses. Participating businesses that are not selling alcoholic beverages are not required to register with the Committee, but will be encouraged to do so on an ongoing basis. There shall be no participation fee for non-permittee businesses.

Nothing in this Plan or the Social District Ordinance shall be construed as requiring any business, regardless of whether or not it holds a valid ABC permit, to participate in the Social District.

The Committee will provide information and materials to participating and nonparticipating businesses to ensure that the businesses understand their obligations under this Plan and the Social District Ordinance and communicate their participation or nonparticipation to the public.

All businesses in the Social District that are not listed as participating are deemed to have opted-out. Non-permitted businesses may decide to participate at any time. Permittee businesses shall first register with the Committee and prove compliance with the requirements before beginning participation.

## **Why reuse is the best environmental option:**

- Keeping materials in use longer, requires less use of natural resources, energy, and water to create.
- Reduces environmental impact of distribution.
- Avoid costs to recycle or landfill
- Avoid CO2 or Methane gas from disposing in landfill

**Why stainless steel is the best option** - Reusing is the best environmental option, so durability and material environmental impact matter (energy use and greenhouse gas emissions). Stainless Steel not only is one of the lowest using this criteria, it is also has better perceived value than polypropylene cups. Stainless steel can be reused and recycled more sustainably than aluminum.
