# ADA Assets Remediation website – to find RP_AssetID:

https://charlotte.maps.arcgis.com/apps/webappviewer/index.html?id=17b4dac6098747eabf1aa47ca1343d1f

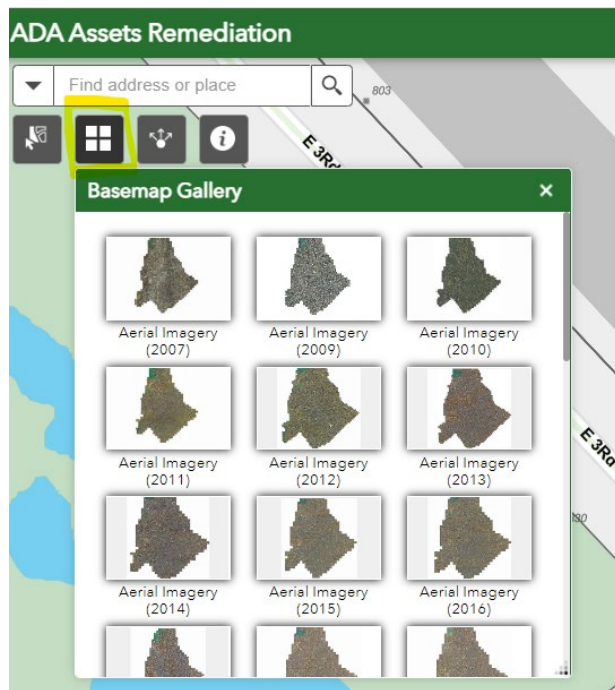

Layers List (circled below in ==yellow==) – make sure the ADA Curb Ramps Compliant box is checked.

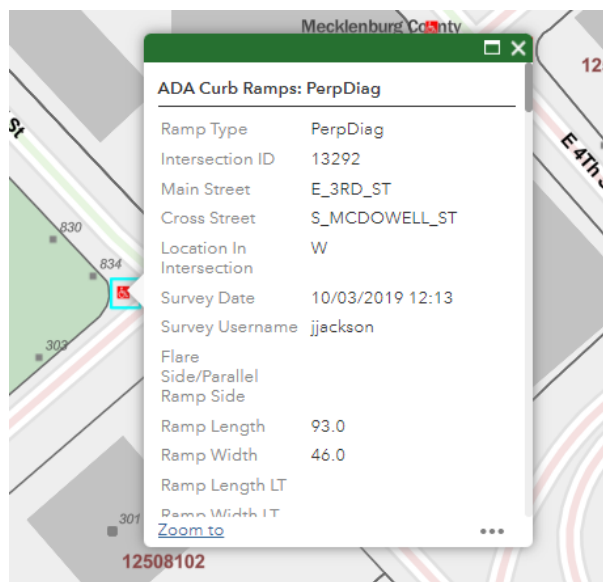

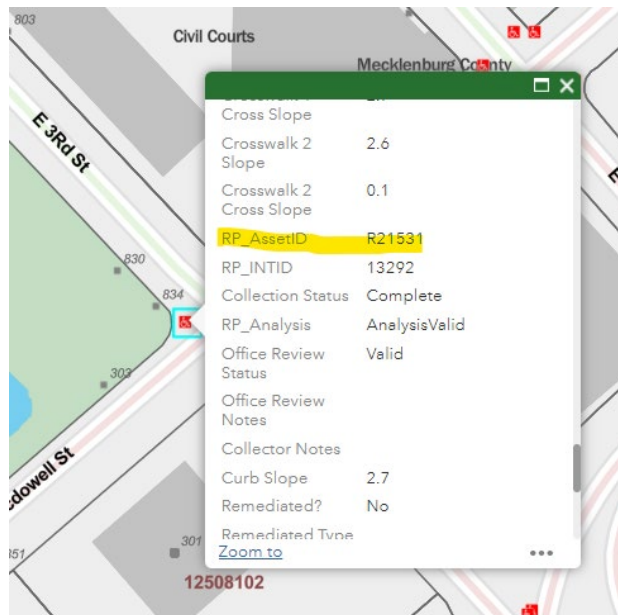

Use the search bar to locate the curb ramp.

Use Basemap Gallery (circled below in ==yellow==) to turn Aerial Imagery on/off.

Select the ramp and a Pop-Up box (ADA Curb Ramps: PerpDiag) will show up showing information on the existing ramp.

In the Pop-Up box, scroll down to locate the RP_AssetID (highlighted below in yellow).

## To select more than one ramp at a time:
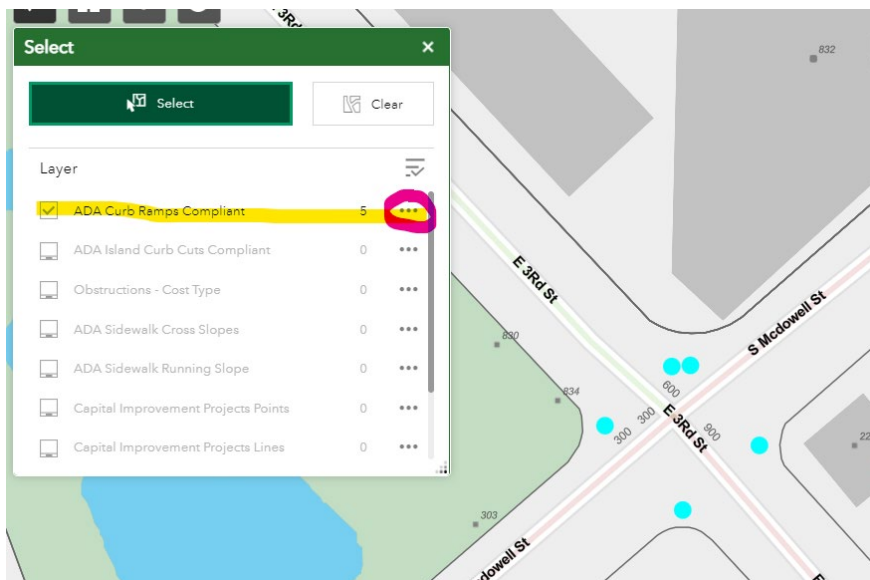

Click "Select" (circled below in yellow)

Select box will pop-up. Make sure the ADA Curb Ramp Compliant box is checked.
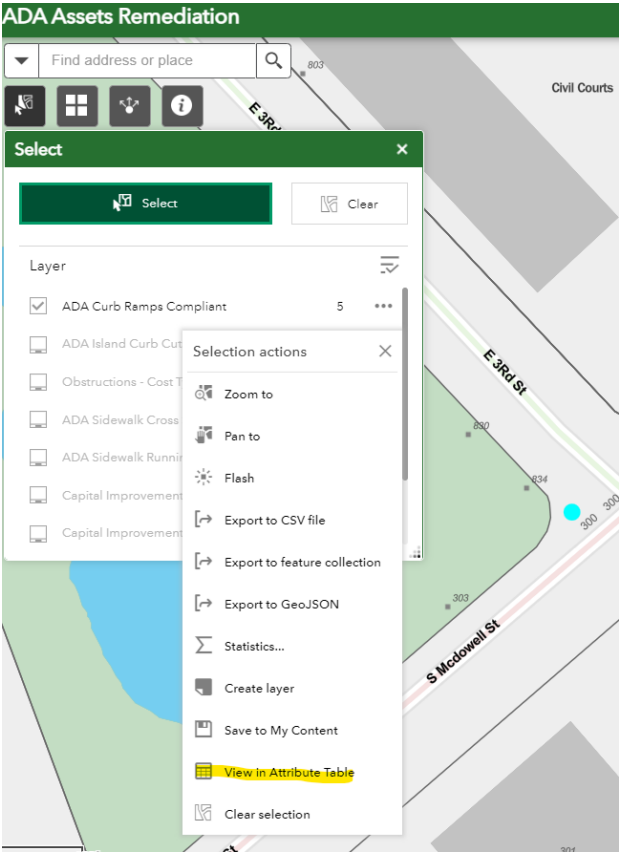

Draw a box around the ramps you want to select. The squares will turn Teal if they are selected. The number beside ADA Curb Ramp Compliant will change to the number of ramps you selected.

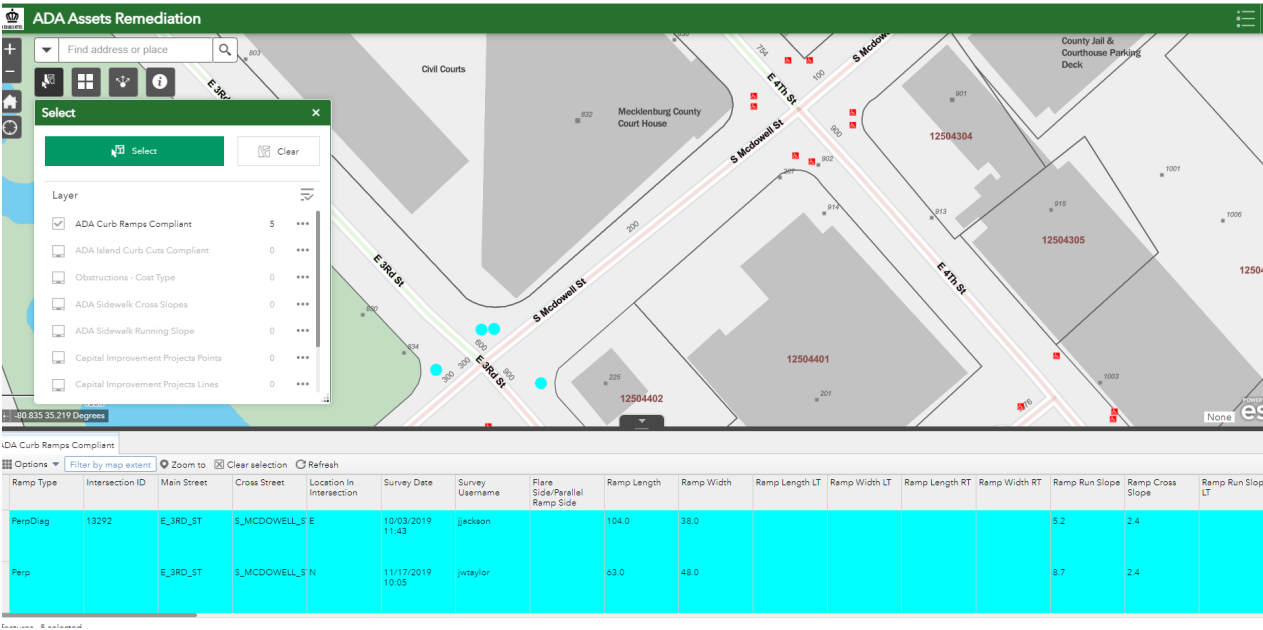

Click the three (3) dots (circled below in pink) in the Select pop-up box for a drop down.

Select "View in Attribute Table"

Attribute table will pop-up at the bottom of screen and will be highlighted Teal.

Scroll down for information on each of the selected (Teal) ramps. Scroll to the right to find the "RP_AssetID"

ADA Curb Ramps Compliant
