

CATS Procurement

Addendum # 1	Hambright Park and Ride Design Project RFQ # 269-2023-1521
--------------	---

To: All Prospective Companies
Date: July 27, 2023
Subject: **Addendum # 1 – RFQ # 269-2023-1521**

Below are questions and responses related to this Request for Qualifications received during the Pre-Response Meeting:

Question 1: Has a survey of the property been completed?

Response: Yes, topographical and tree surveys have been completed. Due to construction of a public street on the parcel by an adjacent development, we anticipate further survey needs.

Question 2: Has an Environmental Assessment been completed? If so, by who and will it be made available?

Response: Yes, Kimley-Horn completed the Environmental Assessment. Due to the size of the document it cannot be attached to this addendum. If you would like access to the NEPA document please **send me an email request**, and I will provide a link to a shared folder where you can access the document.

In the event additional changes or clarifications to this RFQ are warranted, all Companies are responsible for monitoring the City's [Contract Opportunities](#) for additional addenda.

We appreciate your interest in doing business with the City and look forward to receiving a Proposal from your company.

Sincerely,

Jeremy Wall
Transit Procurement Officer
