STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the 2040 Policy Map recommendation for Campus place type.

Rationale for Recommendation

- The site is not part of an office campus.
- OFC zoning allows a narrow range of uses.
- Surrounding the site is a mix of general office, medical office, public park and residential uses.
- There is Neighborhood Center place type recommended adjacent to the site to the south.
- The proposed NC(CD) zoning provides flexibility in uses.
- NC zoning provides a building form that is compatible with the surrounding mix of uses.

- The site is located on a corner lot with frontage on Providence Rd. and Phil Aull Place, a dead-end street.
- The site is adjacent to local CATS bus Route 14 and within 500 ft of a stop.
- The petition could facilitate the following *2040 Comprehensive Plan* Goals:
 - 1: 10 Minute Neighborhoods
 - 5: Safe & Equitable Mobility
 - 6: Healthy, Safe & Active Communities

The approval of this petition will revise the recommended place type as specified by the *2040 Policy Map*, from Campus Place Type to Neighborhood Center Place Type for the site.

The site is two parcels developed with 2 single family detached structures.

- Rezoning History in Area**

Petition Number	Summary of Petition	Status
2020-141	1.55 acres to the northeast on Randolph Rd by Flagship Healthcare to MUDD(CD) for medical office use.	Approved

- Public Plans and Policies**

- The 2040 Policy Map (2022) recommends Campus place type.

- **TRANSPORTATION SUMMARY**

- The site abuts Providence Rd, a State-maintained major thoroughfare, and Phill Aull Place, a city maintained Local Road. A Comprehensive Transportation Review (CTR) is not necessary for the complete review of this petition due to the conventional rezoning. A CTR will be required during permitting if the site generates site trips over ordinance thresholds. The site will be subject to transportation improvements in accordance with the UDO and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated with this place type and zoning district.
