

I. GENERAL PROVISIONS

A. **Site.** These Development Standards form a part of the Rezoning Plan associated with the Rezoning Petition filed by Chick-Fil-A, Inc. (the "Petitioner") for an approximately 1.210 acre site located at the southeast corner of the intersection of South Boulevard and Carolina Pavilion Drive (the "Site"), which Site is more particularly depicted on the Rezoning Plan. The Site is comprised of Tax Parcel No. 207-071-12.

B. **Zoning District/Ordinance.** The purpose of this rezoning request is to accommodate the demolition of the existing building on the Site that is utilized for an eating, drinking and entertainment establishment (Type 1) with accessory drive-in/drive through service lanes/windows, and to construct a new building on the Site that would be devoted to an eating, drinking and entertainment establishment (Type 1) with accessory drive-in/drive through service lanes/windows.

The development and use of the Site will be governed by the Rezoning Plan, these Development Standards and the applicable provisions of the City of Charlotte Zoning Ordinance (the "Ordinance"). Subject to the optional provisions set out below, the regulations established under the Ordinance for the Mixed Use Development District ("MUDD") zoning district shall govern the development and use of the Site.

C. **Graphics and Alterations.** The schematic depictions of the uses, sidewalks, driveways, parking areas and other development matters and site elements (collectively the "Development/Site Elements") set forth on the Rezoning Plan should be reviewed in conjunction with the provisions of these Development Standards. The layout, locations, sizes and formulations of the Development/Site Elements depicted on the Rezoning Plan are graphic representations of the Development/Site Elements proposed. Changes to the Rezoning Plan not anticipated by the Rezoning Plan will be reviewed and approved as allowed by Section 6.207 of the Ordinance.

Since the project has not undergone the design development and construction phases, it is intended that this Rezoning Plan provide for flexibility in allowing some alterations or modifications from the graphic representations of the Development/Site Elements. Therefore, there may be instances where modifications will be allowed without requiring the administrative amendment process per Section 6.207 of the Ordinance. These instances would include changes to graphics if they are:

(1) Minor and do not materially change the overall design intent depicted on the Rezoning Plan.

The Planning Director will determine if such minor modifications are allowed pursuant to this amendment process, and if it is determined that the alteration does not meet the criteria described above, Petitioner shall then follow the administrative amendment process pursuant to Section 6.207 of the Ordinance in each instance, however, subject to Petitioner's appeal rights set forth in the Ordinance.

D. **Amendments.** Future amendments to the Rezoning Plan and/or these Development Standards may be applied by the then owner or owners of the Site in accordance with the provisions of Chapter 6 of the Ordinance. Alterations to the Rezoning Plan are subject to Section 6.207 of the Ordinance.

2. OPTIONAL PROVISIONS

A. The optional provisions set out below shall apply to the Site.

(1) Drive-in/drive through service lanes/windows accessory to an eating, drinking and entertainment establishment (Type 1) shall be permitted on the Site.
