*CDOT's review of this rezoning petition is intended to provide consistency with council adopted policies, plans, standards and guidelines including, but not limited to, the [Transportation Action Plan \(TAP\)](#), [Vision Zero](#), [Urban Street Design Guidelines \(USDG\)](#), [Center, Corridor and Wedges](#), [Charlotte BIKES](#), [Traffic Impact Study Guidelines](#) and [Charlotte WALKS](#). With a commitment to design complete streets, this review is to ensure that the City's transportation network supports current and future land uses and includes streets that provide safe and comfortable mobility for motorists, pedestrians, bicyclists, and transit users.*

*This document is primarily for communication to Planning Department staff as part of the overall City staff analysis of the rezoning petition and includes an overall summary of the case from a transportation perspective, information on trip generation, and resolved or outstanding site plan concerns. Additional advisory information about the driveway permit process is provided for information only.*

---

Based on our review of the petition, we offer the following information for your consideration.

## Transportation Summary

The site is located adjacent to Legranger Road, a City-maintained local street and south of Heritage Pond Road, a City-maintained local street. A Traffic Impact Study (TIS) is not required for this site due to the site generating less than 2500 daily trips. Site plan and/or conditional note revisions are needed to commit to conditional note revisions. Further details are listed below.

# Rezoning Transportation Analysis

Petition Number: 2022-193

General Location Identifier: 04717118, 04738205, 04738206, 04738207, 04738208, 04738209

## Trip Generation

Scenario	Land Use	Intensity	Trip Generation (vehicle trips/day)	Source
Existing Use	Single Family Detached	4 Dwelling Units	40	<i>Tax Record</i>
Entitlement with Current Zoning	Single Family (RE-1 & R-4, 19.79 acres)	11 Dwelling Units	135	<i>General Guidance from Planning</i>
Proposed Zoning	Multifamily (Low-Rise) (R-3, 19.79 acres)	184 Dwelling Units	1,255	<i>Site Plan: 09-01-22</i>

**Petitioner to provide responses to the staff comments below as well as specify other changes to the site plan.**

### Outstanding Issues

**Strikethrough = Resolved**

**1. ~~Curblin~~:**

- a. ~~**Legranger Road:** Location of curb and gutter to be 13 feet from roadway centerline to accommodate a roadway typical section matching Charlotte Land Development Standards Manual (CLDSM) U-02.~~

~~NOTE: Additional distance from center line to back of curb may be required in locations where a median is present or around intersections and interchanges.~~

~~Label and dimension the curb and gutter from the centerline for each road on the site plan.~~

**2. ~~Traffic Study:~~**

~~A Traffic Impact Study (TIS) is not required for the complete review of this petition due to the site generating less than 2,500 daily trips and/or not triggering any other City TIS requirements.~~

- 3. ~~Revise site plan and conditional note(s) to commit to dedicate a minimum of 28' right of way from the road centerline. The site plan shall label and dimension the right of way from the road centerline.~~

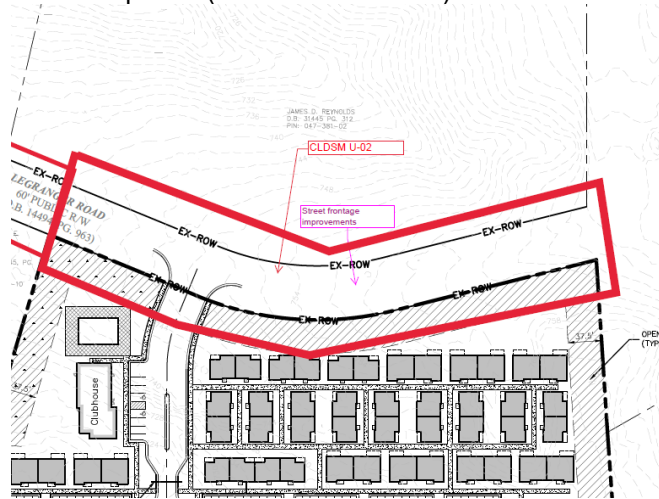

- 4. ~~Revise site plan and conditional note(s) to commit to construct an 8-foot planting strip, and 6-foot sidewalk on Legranger Road per Chapter 19. The site plan shall label and dimension both items from the back of curb and gutter or edge of pavement.~~

# Rezoning Transportation Analysis

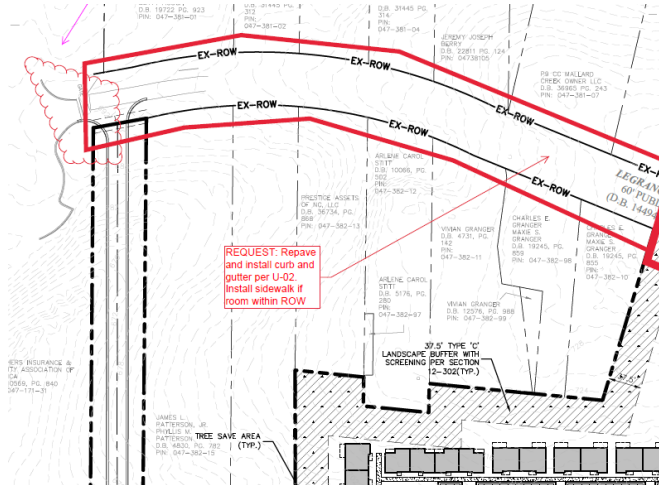

Petition Number: 2022-193

General Location Identifier: 04717118, 04738205, 04738206, 04738207, 04738208, 04738209

5. ~~Revise site plan and conditional note(s) to commit to reconstructing Legranger to meet CLDSM U-02 standards along sites frontage including sidewalk, curb and gutter. Roadway improvements shall be coordinated with adjacent development (SDRU-2022-00007).~~

6. ~~**CDOT REQUEST 03-23-23:** CDOT request that Legranger is revised to meet CLDSM U-02 between the sites frontage and the proposed site access to plan west. If this section is not complete the western most site access location shall be required to be restricted to emergency vehicular entrance only. This entrance shall be gated with a knox box.~~

7. ~~Add a conditional note specifying "A Right of Way Encroachment Agreement is required for the installation of any non standard item(s) (irrigation systems, decorative concrete pavement, brick pavers, etc.) within a proposed/existing City maintained street right of way by a private individual, group, business, or homeowner's/business association. An encroachment agreement must be approved by CDOT prior to construction/installation. Contact CDOT for additional information concerning cost, submittal, and liability insurance coverage requirements."~~
8. Add a conditional note specifying "the Petitioner shall dedicate and convey in fee simple all rights-of-way to the City before the site's first building certificate of occupancy is issued. CDOT requests rights-of-way set at 2' behind back of sidewalk where feasible."

# Rezoning Transportation Analysis

Petition Number: 2022-193

General Location Identifier: 04717118, 04738205, 04738206, 04738207, 04738208, 04738209

## Advisory Information

The following are requirements of the developer that must be satisfied prior to driveway permit approval. These requirements shall be reflected on the rezoning plan, as appropriate.

1. CDOT has the authority to regulate/approve all private street/driveway and public street connections to the right-of-way of a street under the regulatory jurisdiction of the City of Charlotte, per the City of Charlotte's Driveway Regulations.
2. Adequate sight triangles must be reserved at the existing/proposed street entrance(s). Two 35' x 35' sight triangles (and two 10' x 70' sight triangles on NCDOT-maintained streets) are required for the entrance(s) to meet requirements. All proposed trees, berms, walls, fences, and/or identification signs shall not interfere with sight distance at the entrance(s) and shall be identified on the site plan.
3. The proposed driveway connection(s) to public streets will require a driveway permit(s) to be submitted to CDOT (and NCDOT on NCDOT-maintained streets) for review and approval. The exact driveway location(s) and type/width of the driveway(s) will be determined by CDOT during the driveway permit process. The locations of the driveway(s) shown on the site plan are subject to change in order to align with driveway(s) on the opposite side of the street and comply with City Driveway Regulations and the City Tree Ordinance.
4. All proposed commercial driveway connections to a future public street will require a driveway permit submitted to CDOT for review and approval.
5. Any fence or wall constructed along or adjacent to any sidewalk or street right-of-way requires a certificate issued by CDOT.
6. To obtain a street and pedestrian lighting recommendation, the petitioner should visit the following link: <https://charlottenc.gov/Transportation/Programs/Pages/StreetLighting.aspx>
