Date	Description
4-27-23	First Review (TM)

General Review Information

The petition is adjacent to US Highway 29, a State-maintained major throughfare, and north of Wrayhill Drive, a City-maintained local street. The petition is located in a Northeast corridor outside of Route 4, within the Northeast Area Plan.

Active Projects Near the Site:

- N/A

CDOT's review of this rezoning petition is intended to provide consistency with council adopted policies, plans, standards and guidelines including, but not limited to, the [Transportation Action Plan \(TAP\)](#), [Vision Zero](#), [Urban Street Design Guidelines \(USDG\)](#), [Center, Corridor and Wedges](#), [Charlotte BIKES](#), [Traffic Impact Study Guidelines](#) and [Charlotte WALKS](#). With a commitment to design complete streets, this review is to ensure that the City's transportation network supports current and future land uses and includes streets that provide safe and comfortable mobility for motorists, pedestrians, bicyclists, and transit users.

This document is primarily for communication to Planning Department staff as part of the overall City staff analysis of the rezoning petition and includes an overall summary of the case from a transportation perspective, information on trip generation, and resolved or outstanding site plan concerns. Additional advisory information about the driveway permit process is provided for information only.

Based on our review of the petition, we offer the following information for your consideration.

Transportation Summary

The site is adjacent to US Highway 29, a State-maintained major throughfare, and north of Wrayhill Drive, a City-maintained local street. A Traffic Impact Study (TIS) is not required for this site due to the site generating less than 2500 daily trips. Site plan and/or conditional note revisions are needed to commit to Realigning site plan in coordination with NCDOT, Provide connectivity with surrounding public roadways being constructed by adjacent developments and conditional note revisions. Further details are listed below.

Rezoning Transportation Analysis

Petition Number: 2022-199

General Location Identifier: 05109104, 05109114, 05109103, 05109113

Trip Generation

Scenario	Land Use	Intensity	Trip Generation (vehicle trips/day)	Source
Existing Use	Single Family	2 Dwelling Units	20	<i>Tax Record</i>
Entitlement with Current Zoning	Single Family (R-3, 19.91 acres)	59 Dwelling Units	625	<i>General Guidance from Planning</i>
Proposed Zoning	Multifamily (Mid-Rise) (R-12MF, 19.91 acres)	200 Dwelling Units	910	<i>Site Plan: 10-28-22</i>

Petitioner to provide responses to the staff comments below as well as specify other changes to the site plan.

Outstanding Issues

Strikethrough = Resolved

1. Curbline:

- a. **US 29 Highway:** Location of curb and gutter to be moved to 44 feet from roadway centerline to accommodate the Charlotte Streets Map with a roadway typical section of 6+ Boulevard, Shared Use Path.

NOTE: Additional distance from center line to back of curb may be required in locations where a median is present or around intersections and interchanges. Add a conditional note that the final location of the curb line is to be determined during the permitting process.

Label and dimension the curb and gutter from the centerline for each road on the site plan.

2. Traffic Study:

A Traffic Impact Study (TIS) is not required for the complete review of this petition due to the site generating less than 2,500 daily trips and/or not triggering any other City TIS requirements.

3. Add a conditional note specifying "A Right-of-Way Encroachment Agreement is required for the installation of any non-standard item(s) (irrigation systems, decorative concrete pavement, brick pavers, etc.) within a proposed/existing City-maintained Street right-of-way by a private individual, group, business, or homeowner's/business association. An encroachment agreement must be approved by CDOT prior to construction/installation. Contact CDOT for additional information concerning cost, submittal, and liability insurance coverage requirements."
4. Revise site plan and conditional note(s) to commit to realign the site access towards the western property line to accommodate the surrounding development in coordination with NCDOT. The existing private driveways serving neighboring properties shall be relocated. Site plan shall screen in left over to Floyd smith park that is being installed by SDRMF-2022-00078.
5. Revise site plan and conditional note(s) to commit to connecting to the stub street from the neighboring developments.
6. Revise site plan and conditional note(s) to commit to connecting to constructing the dedicated right turn lane into the site with 150-feet of storage in coordination with NCDOT.
7. Revise site plan and conditional note(s) to commit to coordinating with CDOT on street and pedestrian lighting during permitting.

Rezoning Transportation Analysis

Petition Number: 2022-199

General Location Identifier: 05109104, 05109114, 05109103, 05109113

8. Add a conditional note specifying "All transportation improvements will be approved and constructed before the site's first building certificate of occupancy is issued. The petitioner may phase transportation improvements if said improvements and phasing are explicitly described in site plan notes."
9. Add conditional note specifying "All public roadway improvements will be subject to the standards and criteria of CDOT and NCDOT, as applicable, to the roadway improvements within their respective road system authority. It is understood that such improvements may be undertaken by the Petitioner on its own or in conjunction with other development or roadway projects taking place within the broad north eastern Mecklenburg area, by way of a private/public partnership effort or other public sector project support."
10. Revise site plan and conditional note(s) to construct 8-foot planting strips and 12-foot multi-use path on Tryon Road. The site plan shall label and dimension both items from the back of curb and gutter or edge of pavement. Add conditional note The entire facility must be outside of the right of way and within a public access easement. Add conditional note committing to construction and maintenance of the 12-foot multi-use paths on Tryon Road.

Advisory Information

The following are requirements of the developer that must be satisfied prior to driveway permit approval. These requirements shall be reflected on the rezoning plan, as appropriate.

1. CDOT has the authority to regulate/approve all private street/driveway and public street connections to the right-of-way of a street under the regulatory jurisdiction of the City of Charlotte, per the City of Charlotte's Driveway Regulations.
2. Adequate sight triangles must be reserved at the existing/proposed street entrance(s). Two 35' x 35' sight triangles (and two 10' x 70' sight triangles on NCDOT-maintained streets) are required for the entrance(s) to meet requirements. All proposed trees, berms, walls, fences, and/or identification signs shall not interfere with sight distance at the entrance(s) and shall be identified on the site plan.
3. The proposed driveway connection(s) to public streets will require a driveway permit(s) to be submitted to CDOT (and NCDOT on NCDOT-maintained streets) for review and approval. The exact driveway location(s) and type/width of the driveway(s) will be determined by CDOT during the driveway permit process. The locations of the driveway(s) shown on the site plan are subject to change in order to align with driveway(s) on the opposite side of the street and comply with City Driveway Regulations and the City Tree Ordinance.
4. All proposed commercial driveway connections to a future public street will require a driveway permit submitted to CDOT for review and approval.
5. Any fence or wall constructed along or adjacent to any sidewalk or street right-of-way requires a certificate issued by CDOT.
6. To obtain a street and pedestrian lighting recommendation, the petitioner should visit the following link: <https://charlottenc.gov/Transportation/Programs/Pages/StreetLighting.aspx>
