STAFF RECOMMENDATION

Plan Consistency

The petition is **consistent** with the 2040 Policy Map recommendation for the Community Activity Center Place Type.

Rationale for Recommendation

- The proposed petition is compatible with what is envisioned for the Community Activity Center Place Type.
- Approval of this petition would result in zoning that is better aligned to the Community Activity Center place type than the existing O-15(CD) zoning district.
- This site meets the criteria to apply for a TOD-CC district.

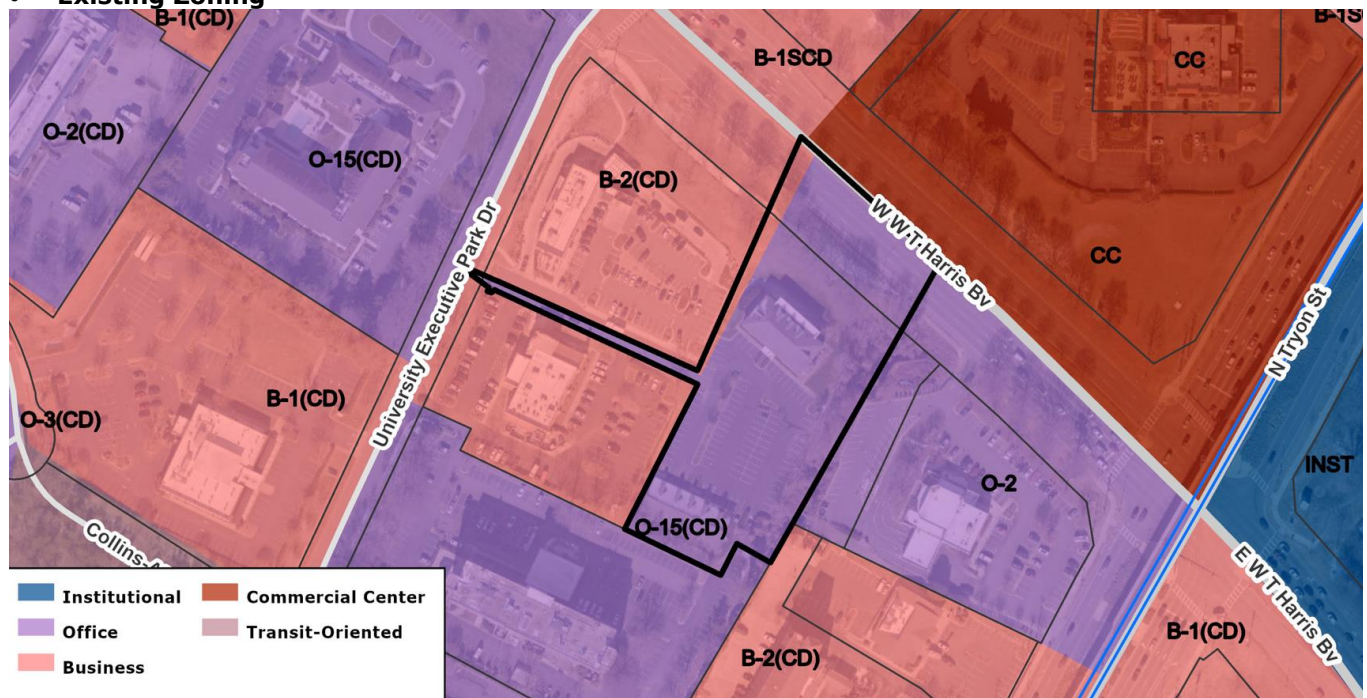

- The site is within a ½ mile walk of the McCullough and just over .5 of a mile walk from JW Clay transit stops that are about ½ mile walk from this station.
- The proposed zoning would allow the site to be developed with transit supportive uses compatible with existing commercial development and recent redevelopment occurring in the area.
- The petition could facilitate the following *2040 Comprehensive Plan Goals*:
 - 1: 10 Minute Neighborhoods
 - 4: Trail & Transit Oriented Development
 - 5: Safe & Equitable Mobility

- **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

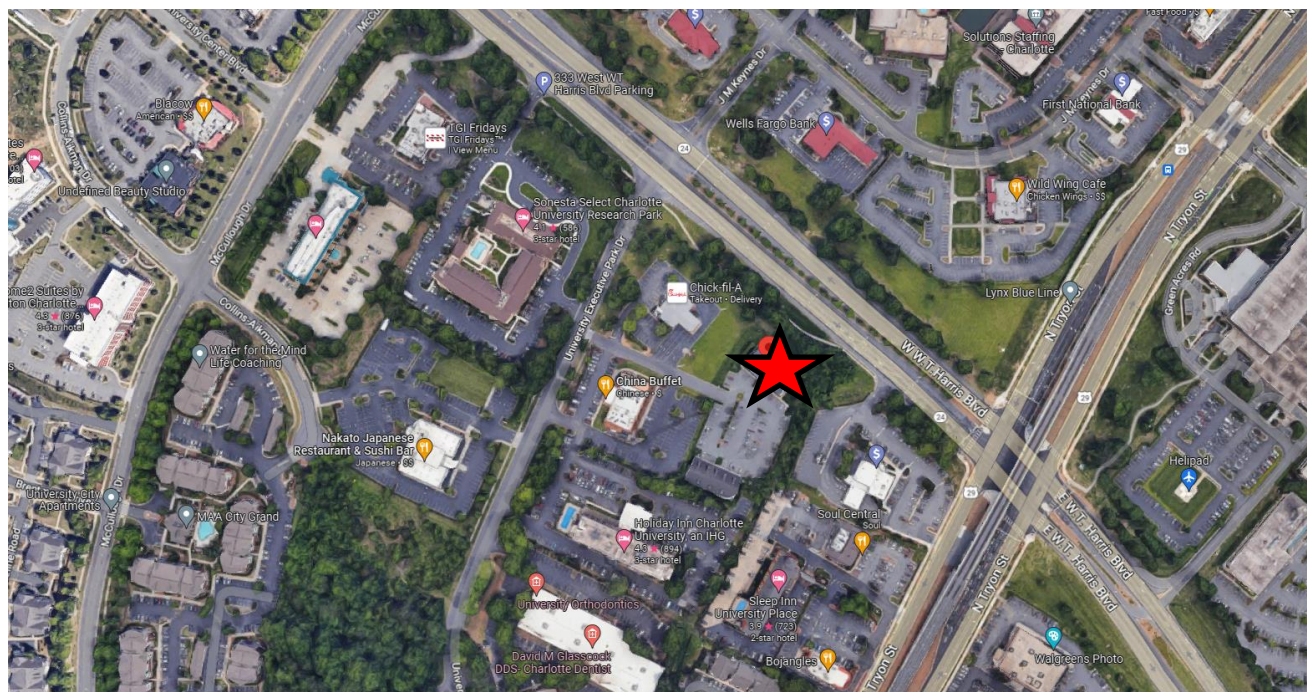

- Allows all uses in the TOD-CC zoning districts.

- The site located on the south side of West W.T. Harris Boulevard, a State-maintained class 2 expressway east of University Executive Park Drive, a City-maintained local street.
