## STAFF RECOMMENDATION

Staff recommends approval of this petition.

### Plan Consistency

The petition is **inconsistent** with the 2040 Policy Map recommendation for the Neighborhood 1 Place Type.

### Rationale for Recommendation

- The proposed plan would add to the variety of housing options in the area.
- The proposed building forms of triplexes and quadraplexes are consistent with the Neighborhood 1 Place Type.
- The petition proposes streetscape improvements including a 12-foot multi-use path on Ridge Road.
- The petition could facilitate the following 2040 Comprehensive Plan Goals:
  - 2: Neighborhood Diversity & Inclusion

The approval of this petition will revise the recommended place type as specified by the 2040 Policy Map, from the Neighborhood 1 Place Type to the Neighborhood 2 Place Type for the site.

## DEPARTMENT COMMENTS

- **Charlotte Area Transit System:** No outstanding issues.
- **Charlotte Department of Housing and Neighborhood Services:** No outstanding issues.
- **Charlotte Department of Solid Waste Services:** No outstanding issues.
- **Charlotte-Mecklenburg Historic Landmarks:** Approval of Rezoning Petition #2022-084 would result in the demolition of a century-old farmhouse of local historical and architectural significance, due in part to the scarcity of such Craftsman bungalow style rural residences from the early twentieth century. Any approved rezoning to accommodate the proposed development should include a proactive plan for the preservation of the historic house. Accordingly, it is recommended that tax parcel ID number 02961111 (1429 Ridge Road) not be rezoned and instead retain its current R-3 zoning classification, and that the applicant consult with the Historic Landmarks Commission on an appropriate preservation solution for the property. As for the remaining subject tax parcels, it is recommended that any development incorporate proactive measures (including by way of example only appropriate setbacks from the farmhouse) consistent with and sensitive to the farmhouse's historical and architectural significance.
- **Charlotte-Mecklenburg Schools:** Development allowed with the existing zoning could generate 33 students, while development allowed with the proposed zoning may produce 44 students. Therefore, the net increase in the possible number of students generated from existing zoning to proposed zoning is 11 students.
  - The proposed development is projected to increase the school utilization over existing condition (without mobile classroom units) as follows:
    - Mallard Creek Elementary from 76% to 79%.
    - Ridge Road Middle from 115% to 116%.
    - Mallard Creek High from 122% to 123%.
- **Charlotte Water:** Charlotte Water has accessible water system infrastructure for the rezoning boundary via an existing 16-inch water distribution mains located in Ridge Road. Charlotte Water has sanitary sewer system infrastructure accessible for the rezoning boundary via existing 8-inch gravity sewer main located in Ridge Road. See advisory comments at [www.rezoning.org](http://www.rezoning.org)
- **Erosion Control:** No outstanding issues.
- **Mecklenburg County Land Use and Environmental Services Agency:** See advisory comments at [www.rezoning.org](http://www.rezoning.org)
- **Mecklenburg County Parks and Recreation Department:** ~~See Outstanding Issues, Note 1.~~
- **Stormwater Services Land Development Engineering:** No outstanding issues.
- **Storm Water Services:** No outstanding issues.
- **Urban Forestry / City Arborist:** No outstanding issues.
