STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the *2040 Policy Map* recommendation for Manufacturing and Logistics.

Rationale for Recommendation

- The subject property is recommended for Manufacturing and Logistics and all surrounding properties are also recommended for Manufacturing and Logistics.
- Most of the parcel that the site is part of is already zoned I-2 and this is bringing zoning for entire parcel into one district – I-2.
- Immediately surrounding properties are zoned either I-1, I-2, or I-2(CD).
- The recommended land use and existing zoning context, the proposed I-2 zoning is appropriate
- The area along Old Hebron Road and E. Hebron Street is developed with industrial uses.
- The site does not abut residential use or zoning.
- The petition could facilitate the following *2040 Comprehensive Plan* Goals:
 - 8: Diverse & Resilient Economic Opportunity

Proposed Request Details

This is a conventional rezoning petition with no associated site plan.

- Allows all uses in the I-2 zoning districts.

- **Existing Zoning**

- This site is mostly zoned I-2, with a small portion zoned I-1 to the back of the parcel, with primarily I-2 and I-2(CD) zoning with multi-family homes zoning to the west of the industrially zoned property, and an additional I-1 parcel slightly adjacent to the site and next to the site.

| Existing Zoning | Translated Zoning | Recommended Place Type |
|-----------------|-------------------|-----------------------------|
| I-1 | ML-1 | Manufacturing and Logistics |
| I-2 | ML-2 | Manufacturing and Logistics |

The portion of the site being rezoned is indicated above by the red star. The front of the same parcel is a built industrial building/structure. This parcel is surrounded by light industrial buildings with open space to the west that is primarily vacant and a pallet recycling plant to the east. To the south of the site there is wooded space with a transportation equipment store for truck accessories, with a vacant lot neighboring that business.

The current site has an industrial building/warehouse on the parcel, this building is on the part of the parcel that is already I-2 and the subject property is behind this industrial building.

East of the site is a wooded area with a vacant lot neighboring the woods, along with a pallet and recycling center as well as a contracting company in an industrial building.

South of the site is a warehouse for truck auto parts and neighboring this business is a vacant lot.

West of the site is television towers and an industrial building.

• **Rezoning History in Area**

| Petition Number | Summary of Petition | Status |
|-----------------|-----------------------------|----------|
| 2021-013 | 8.25 acres from I-1 to I-2 | Approved |
| 2017-020 | 4.97 acres from R-17 to I-1 | Approved |

• **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends the Manufacturing and Logistics place type.

• **TRANSPORTATION SUMMARY**

- The site is located on the north side of Old Hebron Road, a City-maintained local street east of Nations Ford Road, a City-maintained minor throughfare. A Traffic Impact Study (TIS) is not required for the complete review of this petition due to the site generating less than 2,500 daily trips and/or not triggering any other City TIS requirements. CDOT will work with the petitioner during the permitting process to ensure all required streetscape and transportation related ordinance requirements are complied with for adequate access and connectivity to the site and surrounding network.
- **Active Projects:**
