Plan Consistency

The petition is **consistent** with the *2040 Policy Map* recommendation for Neighborhood 1 place type.

Rationale for Recommendation

- The petition's proposal for the R-6 zoning district, which translates to N1-D, is consistent with Neighborhood 1 Place Type and would help facilitate the goal of providing areas for neighborhoods with a variety of housing types, where single family housing is the primary use.

- The Neighborhood 1 Place Type may consist of smaller lot single family detached and attached dwellings. Additionally, this place type can allow for parks, religious institutions and neighborhood scaled schools.
- The character of this place type would align with the overall character design of the area.
- The petition could facilitate the following 2040 Comprehensive Plan Goals:
 - 2: Neighborhood Diversity & Inclusion
 - 9: Retain Our Identity & Charm
