STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *2040 Policy Map* recommendation for Neighborhood 1 place type.

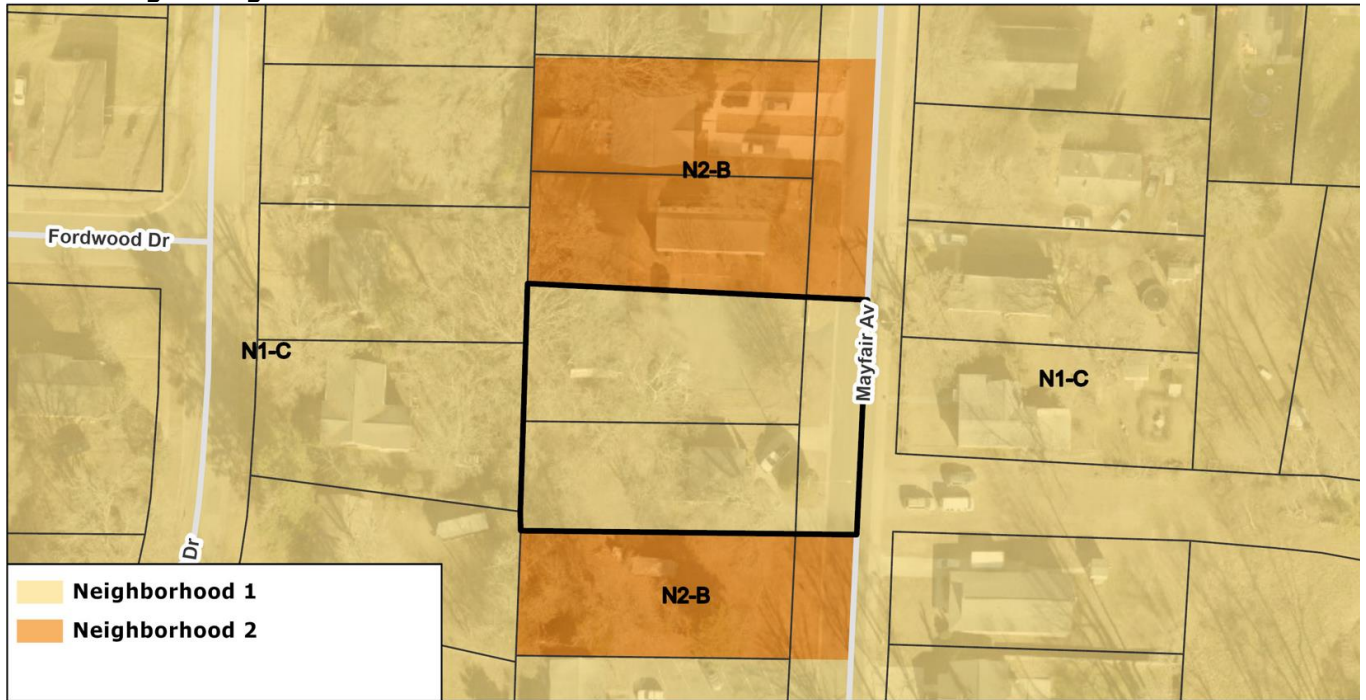

Rationale for Recommendation

- A portion of the site is already developed with a quadraplex building, creating a legal nonconformity. The petition would resolve the nonconformity.
- The petition would establish one zoning district on a parcel that is currently split-zoned.
- The properties to the north and south of the site are zoned N2-B and developed with triplex and quadraplex buildings.
- The petition could facilitate the following *2040 Comprehensive Plan Goals*:
 - 2: Neighborhood Diversity & Inclusion

The approval of this petition will revise the recommended place type as specified by the 2040 Policy Map, from Neighborhood 1 Place Type to Neighborhood 2 Place Type for the site.

PLANNING STAFF REVIEW

- **Proposed Request Details**
This is a conventional rezoning petition with no associated site plan.
- **Existing Zoning**

- The site and many of the surrounding properties are zoned N1-C. However, the properties immediately north and south of the site along Mayfair Avenue are zoned N2-B.

The site, marked by a red star, is surrounded primarily by single family detached residential with some single family attached residential mixed into the neighborhood.

Street view of the site from Mayfair Avenue showing one single family detached dwelling and a quadrplex building.

The property to the north of the site is developed with a triplex and quadrplex.

The properties to the east of the site across Mayfair Avenue are developed with single family detached dwellings.

The property to the south of the site is developed with two triplex buildings.

The properties to the west of the site along Kenhill Drive are developed with single family detached dwellings.

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status
	There are no recent rezonings in the vicinity of this site.	

• **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends Neighborhood 1 place type for the site.

- **TRANSPORTATION SUMMARY**

- The site is located adjacent to Mayfair Avenue, a City-maintained local street, south of Craddock Avenue, a City-maintained local street. A Comprehensive Transportation Review (CTR) is not necessary for the complete review of this petition due to the conventional rezoning. A CTR will be required during permitting if the site generates site trips over ordinance thresholds. The site will be subject to transportation improvements in accordance with the UDO and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated with this place type and zoning district.

- **Active Projects:**

- Markland Drive Apartments
 - Subdivision project converting 2 single family homes into a 19 unit apartment building located at 3517 Markland Drive.
 - Project is currently under review

- **Transportation Considerations**

- No outstanding issues.

- **Vehicle Trip Generation:**

Current Zoning:

Existing Use: 10 trips per day (based on one single family detached unit).

Entitlement: 20 trips per day (based on two single family detached units).

Proposed Zoning: N/A trips per day (based on too many uses to determine).
