MEMORANDUM

To: Charlotte-Mecklenburg Planning Commission

From: LUESA, Mecklenburg County

Date: 9.29.23

Subject: Rezoning Petition Comments

Charlotte-Mecklenburg Planning Commission
600 East Fourth Street Charlotte, North Carolina 28202

Mecklenburg County has reviewed the City of Charlotte rezoning petition below to identify regulatory requirements of the petitioner; inform the petitioner, planning staff, and other affected parties of such regulatory requirements; and identify potential effects on, and impacts from, nearby properties.

<u>Petitioner Information:</u> Drakeford Communities Drakeford Communities 1914 Brunswick Ave # 1A Charlotte, NC, 28204 Home Phone: 704-344-0332 brittany.lins@alexanderricks.com	<u>Parcel GIS ID(s):</u> 06711346

2023-097: Drakeford/Granger

Air Quality Comments: This rezoning may result in residential use(s) being located adjacent to property zoned for industrial use (ML-1/ML-2). The Zoning Commission should determine whether this is compatible land-use. Within 1/2 mile of the parcels, there is 1 source of air pollution required to hold air quality permits. Many industrial uses result in activities that produce regulated air pollution, odors, dust, noise, and truck traffic. Local air quality regulations have limited ability to remedy these situations, and no ability to deny air quality permits to new or expanding industrial facilities when all requirements of the ordinance are met.

MCAQ Scope of Review:

Mecklenburg County Air Quality (MCAQ) has reviewed the petitions with regard to air quality regulations for stationary sources and demolition and/or renovation of structures (e.g. National Emission Standards for Hazardous Air Pollutants for asbestos). Comments may also be made regarding incompatible land uses, sources of Toxic Air Pollutants, proximity to Risk Management Plan facilities, and proximity to known nuisance conditions or sensitive populations. MCAQ has conducted the review based on information submitted by the petitioner, review of aerial photographs (as available through the Mecklenburg County Polaris system), review of the "Air Pollution Facility Information Online" database available from the MCAQ website, and review of Mecklenburg County Health Department records. The review is cursory based on limited information provided within petition applications and site plans.
