• **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends the Innovation Mixed Use Place Type for this site.

- **TRANSPORTATION SUMMARY**

- The site is located adjacent to Tryon Street, a State-maintained major arterial, south of Orr Road, a City-maintained minor arterial. A Comprehensive Transportation Review (CTR) is not necessary for the complete review of this petition due to the conventional rezoning. A CTR will be required during permitting if the site generates site trips over ordinance thresholds. The site will be subject to transportation improvements in accordance with the UDO and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated with this place type and zoning district.
