COMMUNITY MEETING	The proposed text amendment was presented to the community via two virtual public information sessions on February 8, 2024. At the noon session, twenty-five individuals were in attendance including two UDO Advisory Committee members. At the 6:00 pm session, five individuals were present, including one UDO Advisory Committee member.

STAFF RECOMMENDATION	<p>Staff recommends approval of this petition.</p> <p><u>Plan Consistency</u> The petition is consistent with the <i>2040 Comprehensive Plan</i>.</p> <p><u>Rationale for Recommendation</u></p> <ul style="list-style-type: none"> • This petition could facilitate the goals of the Comprehensive Plan and implementation of the Campus Place Type. • A major document such as the UDO requires adjustments and revisions after adoption to correct minor errors, add clarity, and adjust use permissions and prescribed conditions. • The current approach to defining uses in the campus zoning districts has been confusing to users. This text amendment clarifies the uses allowed in these districts, including prescribed conditions when applicable. • The UDO lacks a campus zoning district to implement office concentrations, especially medical offices and stand-alone offices. Adding a new General Office (OG) district addresses this issue. • The proposed text amendment will make the UDO a more user-friendly ordinance and result in better functionality.
