Plan Consistency

The petition is **consistent** with the *2040 Policy Map* recommendation for Manufacturing & Logistics.

Rationale for Recommendation

- The site is located at the Interstate 85 interchange with N. Graham Street in an area predominately developed with industrial uses.
- The ML-1 Zoning District is generally located in areas readily accessible by arterials and interstates, as well as freight rail.
- The proposed ML-1 zoning district requires significant screening and buffering to ensure adequate separation and mitigation of potential impacts on surrounding areas.
- Abutting properties are zoned ML-1 and ML-2
- The site does not abut single family neighborhoods, therefore a change to ML-1 will not pose negative impacts on residents.
- The petition could facilitate the following *2040 Comprehensive Plan* Goals:
 - 8: Diverse & Resilient Economic Opportunity

- **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

- The petition allows all uses permitted by right or under prescribed conditions in the ML-1 district.

- **Existing Zoning**

- The area to the northeast of the site is zoned Manufacturing and Logistics 1 & 2, and Neighborhood 1-B, to the east of the site, the parcels are zoned Manufacturing and Logistics 2, and to the west of the site the area is zoned Manufacturing and Logistics 1 & 2.

The subject property is developed with an existing building.

The site currently has a warehouse structure on the property with some small outdoor storage areas.

To the north of the site there is a warehouse/distribution center.

East of the site is a property with a gas station.

The properties/area to the west of the site have industrial/warehouse developments, such as a FedEx distribution center.
