Plan Consistency

The petition is **consistent** with the *2040 Policy Map* recommendation for Neighborhood Center.

Rationale for Recommendation

- The site is currently zoned for commercial and campus uses.
- Neighborhood Centers are typically smaller, mixed-use areas that provide convenient access to goods, services, dining, and residential for nearby residents.
- Neighborhood Center at this location is a less intense center and offers an appropriate transition from residential uses to nearby retail, office, and warehouse uses.
- The petition could facilitate the following *2040 Comprehensive Plan Goals*:
  - 1: 10 Minute Neighborhoods
  - 5: Safe & Equitable Mobility
  - 6: Healthy, Safe & Active Communities
  - 8: Diverse & Resilient Economic Opportunity

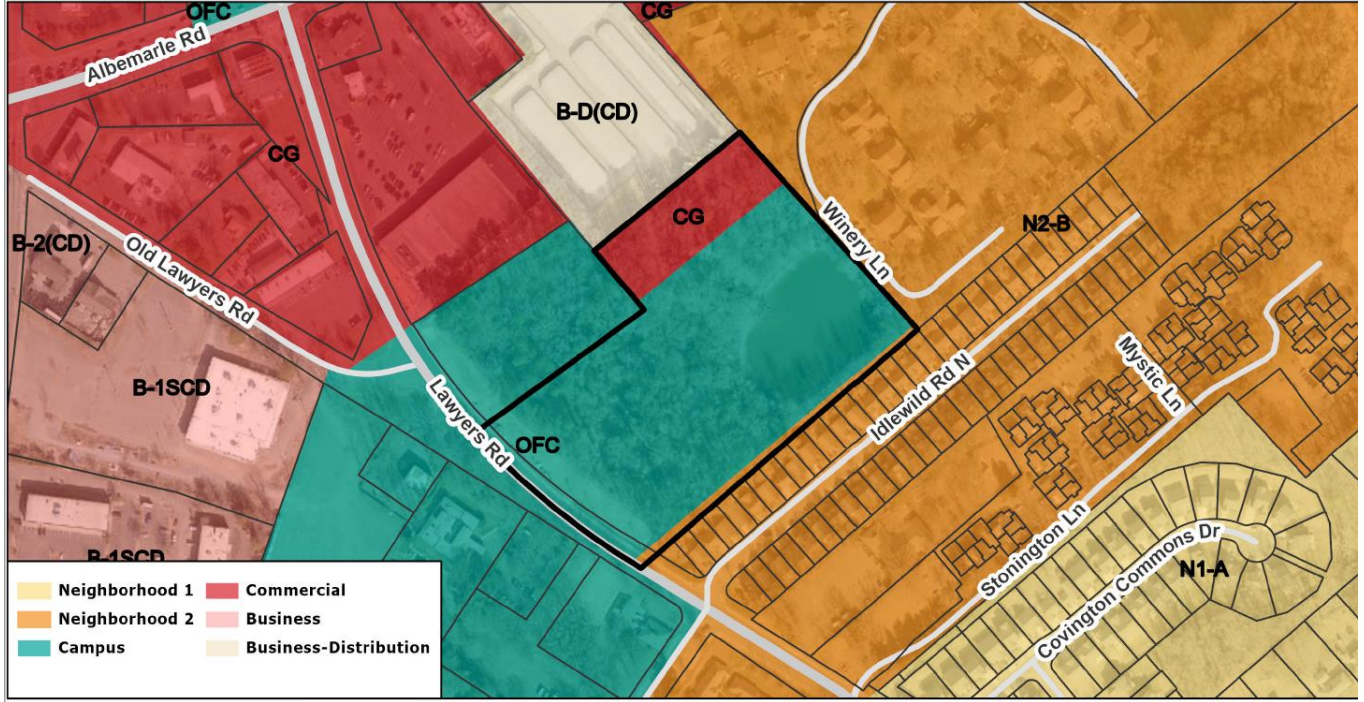

**PLANNING STAFF REVIEW**

• **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

- Proposes to allow all uses permitted by-right and under prescribed conditions in the NC zoning district.

• **Existing Zoning**

The parcel is currently zoned OFC and CG and surrounded by parcels zoned N1-A, N2-B, CG, B-1SCD, B-2(CD), BD(CD).

The subject site (denoted with a purple star) is surrounded by a mix of residential, retail, and warehouse uses.

North of the site are retail uses.

East of the site are single family homes and condominiums.

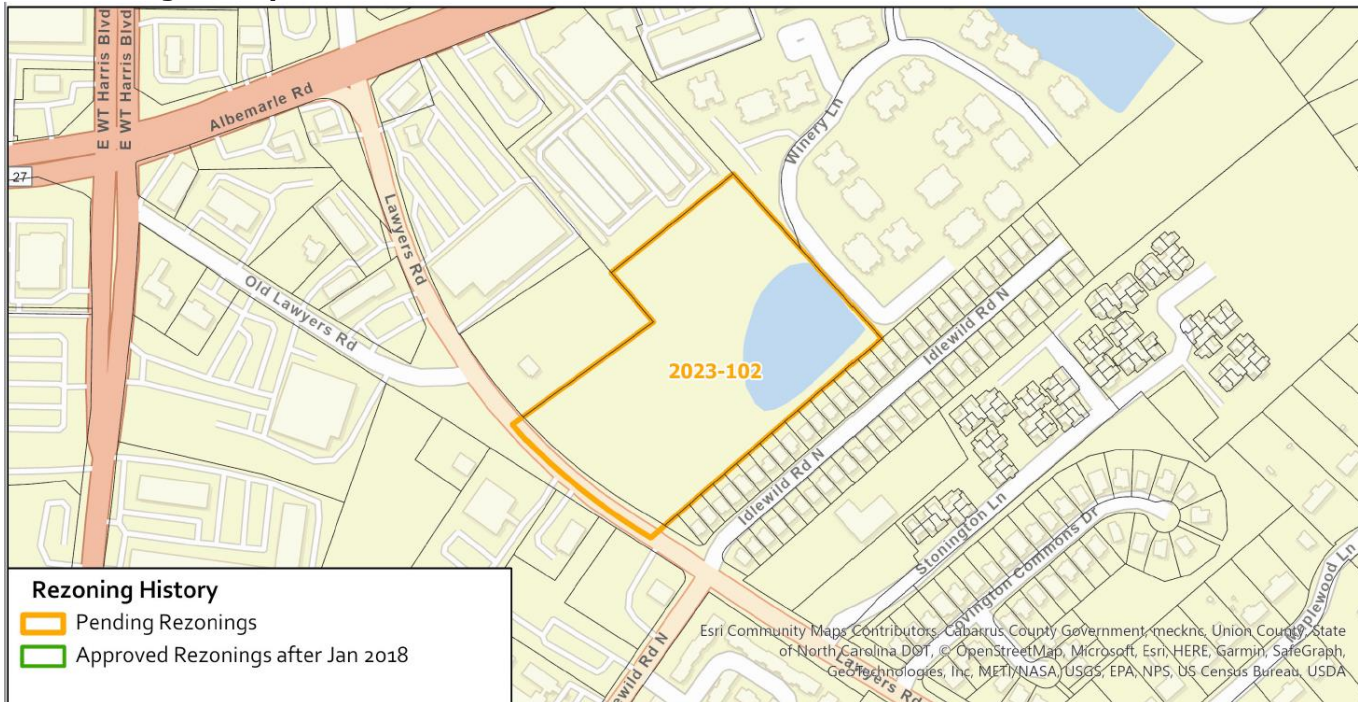

South are residential and office uses.

West of the site are retail and warehouse uses.

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status
	There have been no recent rezonings in the immediate area.	

• **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends the Neighborhood Center Place Type for this site.

• **TRANSPORTATION SUMMARY**

The site is located adjacent to Lawyers Road, a State-maintained major arterial, west of Idlewild Road, a City-maintained major collector. A Comprehensive Transportation Review (CTR) is not necessary for the complete review of this petition due to the conventional rezoning. A CTR will be required during permitting if the site generates site trips over ordinance thresholds. The site will be subject to transportation improvements in accordance with the UDO and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated with this place type and zoning district.

• **Active Projects:**

- There are no active projects near the site.

• **Transportation Considerations**

- No outstanding issues. See advisory comments at [www.rezoning.org](http://www.rezoning.org)

• **Vehicle Trip Generation:**

Current Zoning:

Existing Use: 0 trips per day (based on vacant land)

Entitlement: 1,070 trips per day (based on 90,700 square feet of office)

Proposed Zoning: Too many uses to determine trip generation.
