STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the 2040 Policy Map recommendation for Community Activity Center.

Rationale for Recommendation

- The TOD-NC district may be applied to parcels within 1 mile of a rapid transit station.
- The site is located 0.5 miles from the E Woodlawn Light Rail Stop.
- The proposed zoning is in an area with recent rezonings to TOD designations.
- The proposed zoning would allow the site to be developed with transit supportive uses compatible with existing commercial development and recent redevelopment occurring in the area.
- The former industrial uses in this area have recently been transitioning

into uses compatible with the TOD and Innovation Mixed Use designation, aligning this proposal with the policy for this area.

- The South Boulevard corridor is well serviced by bus routes to support the use and development associated with this proposal.
- The petition could facilitate the following *2040 Comprehensive Plan Goals*:
 - 1: 10 Minute Neighborhoods
 - 4: Trail & Transit Oriented Development
 - 5: Safe & Equitable Mobility
 - 6: Healthy, Safe & Active Communities
