DATE 08.18.2023

**SHEET**

TREE SURVEY  
**RZ.02**

**Development Data Table:**

Site Area: +/- 9.24 acres  
Tax Parcel: 157-152-87 and a portion of 157-152-86  
Existing Zoning: N1-A  
Proposed Zoning: N2-A(CD)  
Existing Use: Vacant/Single-Family Residential  
Proposed Uses: Up to 93 Single-family Attached (Townhome) Dwelling Units  
Maximum Building Height: Per the Ordinance  
Parking: Shall meet or exceed Ordinance standards

**I. General Provisions**

- These Development Standards form a part of the Rezoning Plan associated with the Rezoning Petition filed by Empire Communities (the "Petitioner") to accommodate the development of a single-family attached (townhome) residential community on that approximately 9.24-acre site located east of Bridlepath Lane, north of Linda Lane and west of Jenkins Avenue, more particularly depicted on the Rezoning Plan (the "Site"). The Site is comprised of Tax Parcel Numbers 157-152-87 and a portion of 157-152-86.
- Development of the Site will be governed by the Rezoning Plan, these Development Standards and the applicable provisions of the City of Charlotte Unified Development Ordinance (the "Ordinance").
- Unless the Rezoning Plan or these Development Standards establish more stringent standards, the regulations established under the Ordinance for the N2-A zoning district shall govern the development and use of the Site.
- The development and street layout depicted on the Rezoning Plan are schematic in nature and are intended to depict the general arrangement of such uses and improvements on the Site. Accordingly, the ultimate layout, locations and sizes of the development and site elements depicted on the Rezoning Plan are graphic representations of the proposed development and site elements, and they may be altered or modified in accordance with the setback, yard, landscaping and tree save requirements set forth on this Rezoning Plan and the Development Standards, provided, however, that any such alterations and modifications shall be minor in nature and not materially change the overall design intent depicted on the Rezoning Plan.
- Future amendments to the Rezoning Plan and/or these Development Standards may be applied for by the then owner(s) of the Site in accordance with the provisions of Article 37 of the Ordinance. Minor alterations to the Rezoning Plan are subject to Article 37.3 of the Ordinance.

**II. Permitted Uses**

The Site may be devoted only to a residential community containing a maximum of 93 single-family attached dwelling units and any incidental and accessory uses relating thereto that are permitted in the N2-A zoning district.

**III. Transportation**

- Vehicular access to the Site shall be as generally depicted on the Rezoning Plan. The placement and configuration of the vehicular access points are subject to any minor modifications required to accommodate final site and construction plans and designs and as required for approval by the Charlotte Department of Transportation (CDOT).
- As depicted on the Rezoning Plan, the Site will be served by internal public and/or private streets, and minor adjustments to the location of these streets shall be allowed during the construction permitting process in coordination with CDOT.
- A Right-of-Way Encroachment Agreement is required for the installation of any non-standard item(s) (irrigation systems, decorative concrete pavement, brick pavers, etc.) within a proposed/existing City-maintained street right-of-way by a private individual, group, business, or homeowner/business association. An encroachment agreement must be approved by CDOT prior to construction/installation. Contact CDOT for additional information concerning cost, submittal, and liability insurance coverage requirements.
- Petitioner shall dedicate all rights-of-way where necessary, in fee simple conveyance to the City of Charlotte prior to the issuance of the Site's first building certificate of occupancy. Right-of-way shall be set at two (2) feet behind the back of sidewalk where feasible.
- Petitioner shall construct a minimum eight (8) foot sidewalk and eight (8) foot wide planting strip along the Site's frontage of Wright Avenue.
- Petitioner shall dedicate 35.5 feet of right of way as shown on the zoning plan for Wright Avenue.
- Unless stated otherwise herein, the Petitioner shall ensure that all off-site transportation improvements are substantially completed prior to the issuance of the Site's first (1<sup>st</sup>) building certificate of occupancy.
- Final locations of proposed stub connection(s) shall be coordinated with the City of Charlotte

Subdivision Services.

9. Streets shall meet horizontal and vertical curve roadway geometry CDOT standards.

10. On street parking shall meet Public Right of Way Accessibility Guidelines (PROWAG) requirements.

11. The Petitioner will repave a portion of the existing pavement along Jenkins Avenue, per the attached outlined in red, for maintenance acceptance by CDOT. The petitioner will work in good faith with Owner of 15716506 should any temporary construction easements be necessary for this work. Per approved SDRMF-2022-00118, the Owner of 15715201 is responsible for improvements to a portion of Jenkins and Wright Avenues for maintenance acceptance by CDOT.

**IV. Architectural Standards**

- Preferred Exterior Building Materials: All principal and accessory buildings shall be comprised of a combination of portions of brick, natural stone (or its synthetic equivalent), stucco, cementitious siding, fiber cement ("HardiPlank") and/or other materials approved by the Planning Director.
- Prohibited Exterior Building Materials: (i) vinyl siding, excluding vinyl handrails, windows, soffits, doors or door trim, and (ii) concrete masonry units not architecturally finished.
- Pitched roofs, if provided, shall be symmetrically sloped no less than 5:12, except that roofs for porches and attached sheds may be no less than 2:12, unless a flat roof architectural style is employed.
- Buildings shall have either a porch or stoop oriented toward the public street.
- Walkways shall be provided to connect all residential entrances to sidewalks along the public street.
- All mechanical and utility equipment such as HVAC, meters, and transformers shall be screened from view from public streets. Backflow preventer(s), if provided, shall not be located within the setback and shall be screened from view from public streets.

**V. Landscape yards/ Screening**

1. A twenty-five (25) foot Class B buffer shall be provided along the western and southern property lines as shown on the zoning plan.

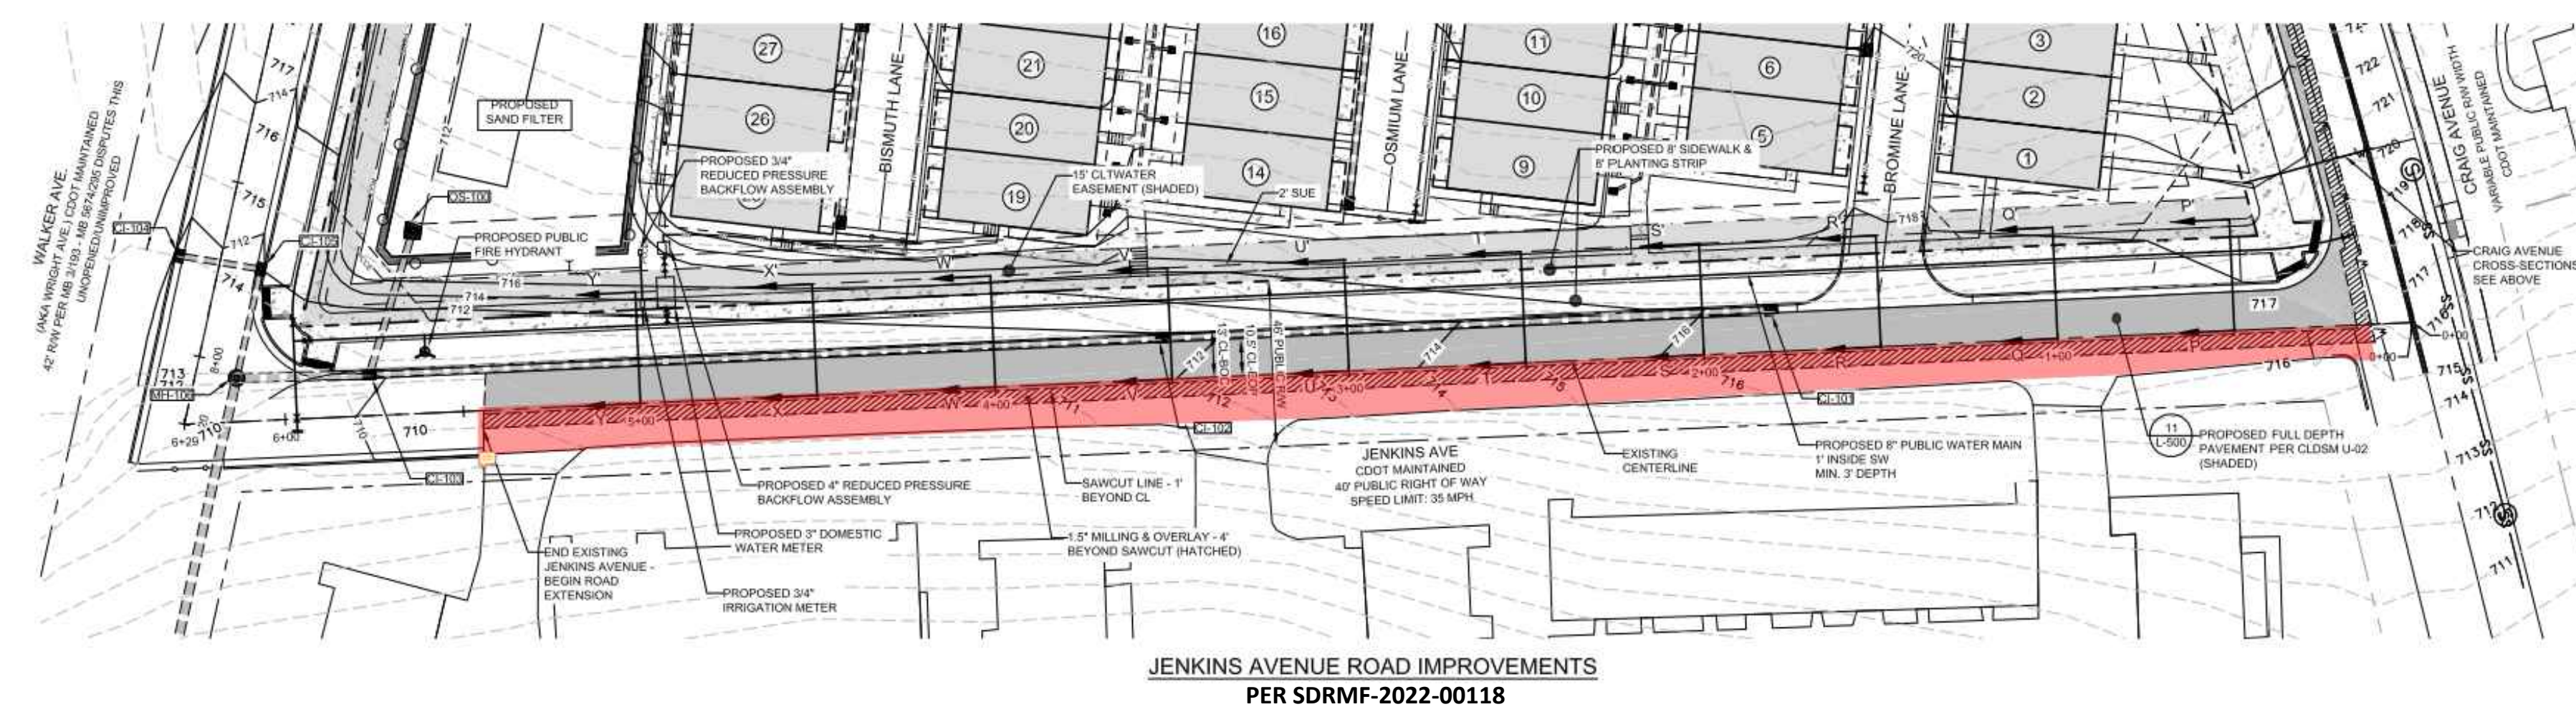

**VI. Environmental Features**

- The petitioner shall comply with the City of Charlotte Post Construction Stormwater Regulations (UDO Article 25).
- Development within the SWIM/PCSO Buffer shall be coordinated with and subject to approval by Charlotte-Mecklenburg Storm Water Services and mitigated if required by City ordinance.
- The petitioner commits to providing enhanced erosion control measures as listed under the City of Charlotte Soil, Erosion and Sedimentation Control Ordinance.
- Petitioner agrees to provide 100-yr stormwater peak control or provide a downstream analysis using the criteria specified in the SCM Design Manual.

**VII. Binding Effect of the Rezoning Documents and Definitions**

If this Rezoning Petition is approved, all conditions applicable to development of the Site imposed under the Rezoning Plan and these Development Standards will, unless amended in the manner provided under the Ordinance, be binding upon and inure to the benefit of the Petitioner and subsequent owners of the Site and their respective successors in interest and assigns.

Throughout these Development Standards, the terms, "Petitioner" and "Owner" or "Owners" shall be deemed to include the heirs, devisees, personal representatives, successors in interest and assigns of the Petitioner or the owner or owners of any part of the Site from time to time who may be involved in any future development thereof.
