2220 Thrift Road Development Standards

General Provisions.

- Development of the Site will be controlled by the standards depicted on this Technical Data Sheet (Site Plan) and by the standards of the Charlotte Zoning Ordinance. The development depicted on this Site Plan is intended to reflect the arrangement of proposed uses on the Site, but the exact configuration, placement, and size of individual site elements may be altered or modified within the limits prescribed by the ordinance during the design development and construction phases as allowed under the provisions of Section 6.2 of the Zoning Ordinance.
- The Petitioner acknowledges that other standard development requirements imposed by other city ordinances, such as those that regulate streets, sidewalks, trees, bicycle parking, and site development, may apply to the development of this Site. These are not zoning regulations, and are not administered by the Zoning Administrator, and are not separate zoning conditions imposed by this Site Plan. Unless specifically noted in the conditions for this Site Plan, these other standard development requirements will be applied to the development of this Site as defined by those other city ordinances.
- Throughout this Rezoning Petition, the terms "Owner", "Owners", "Petitioner" or "Petitioners," shall, with respect to the Site, be deemed to include the heirs, devisees, personal representatives, successors in interest and assignees of the owner or owners of the Site who may be involved in its development from time to time.

Purpose

The purpose of this Rezoning application is to provide for the continued use of the site in accordance with the uses and accessory uses permitted in the MUDD district. The applicant is also seeking approval for modifications of certain MUDD standards as outlined below

Permitted Uses

The site may be developed with all uses permitted by right or under prescribed conditions in the MUDD zoning district, together with any incidental or accessory uses associated therewith.

MUDD Optional requests.

In view of the fact that the property is already the site of a re-purposed industrial building with on-site parking, the Petitioner seeks modification of certain MUDD standards.

- The Petitioner seeks approval for all parking and maneuvering be allowed to remain between the building and the streets that adjoin the site.
- Renovations to the existing building shall not be subject to the design standards or the streetscape standards in the MUDD zoning district and shall not increase the degree of any dimensional nonconformity that may exist at the time of this rezoning. The applicant will coordinate any streetscape improvements with the City so long as those improvements do not result in the loss of existing parking on the site.
- The Petitioner seeks approval for reduction of required parking to the total number of spaces on the site and on-street spaces that adjoin the site on either Thrift Road or Jay Street.
