

## STAY IN THE KNOW!

- As the Davidson South Street Wastewater Improvement Project begins construction, the project team wants to make sure those in the area can stay informed as much as possible.
- In addition to frequent mailers distributed to the area, residents are encouraged to sign up for text alerts. These alerts will be sent out several times each month and will give residents timely project information on what to expect during a certain timeframe.
- Those who sign up for alerts are also able to reply with questions they may have for the project team.

## HOW DO I SIGN UP FOR TEXT ALERTS?

- Text **DAVIDSONPROJECT** to **833-358-1988**
- Or scan the QR Code with your smart phone to opt in!

## DAVIDSON SOUTH STREET WASTEWATER IMPROVEMENT PROJECT

- The goal of the Davidson South Street Wastewater Improvement Project is to address current and future sewer capacity needs for the area.
- The project route begins on South St. near Davidson Elementary School and will end near the Hillside Dr. / Lorimer Rd. intersection.
- The design phase of the project began in Summer 2020 and the construction phase will begin this Summer.
