Little Hope Creek Phase 2: Montford Drive Closure

Wastewater
Improvement Project

SEPTEMBER 2022

Little Hope Creek Wastewater Improvement Project

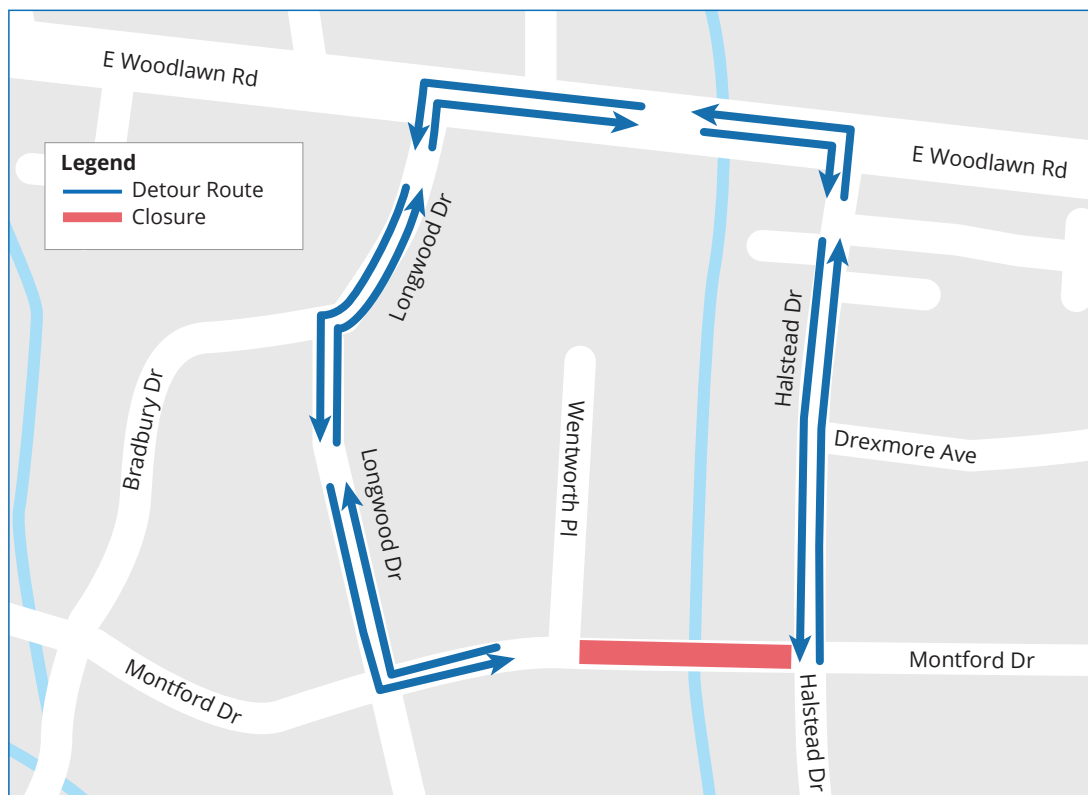

Montford Drive Road Closure

Contractors for Charlotte Water are continuing construction work on Phase 2 of the Little Hope Creek Wastewater Improvement Project. Once completed, the project will enhance the wastewater system in the community and protect the water quality in the creek.

A section of Montford Drive between Wentworth Place and Halstead Drive is expected to be closed from the end of September through mid-October to install new wastewater pipe.

During this time, motorists should follow all detour signage. Access will be maintained for residents that live within the impacted construction. See map for full detour. Charlotte Water understands construction can be inconvenient, but this closure is necessary to ensure safety of all individuals.

Please note, schedules are subject to change due to weather and other conditions.

QUESTIONS: For updates on project progress, please visit the project website at bit.ly/LittleHopeCreek or by visiting charlottenc.gov/littlehopecreek. Additionally, we are now offering text alert notifications (see other side for details). If you have a question, please contact project manager Stephen Scott, (980) 219-9488 or Stephen.Scott@charlottenc.gov.
