Plott Road: Lane Closure

WT Harris/Plott Road

Water Main Project
SEPTEMBER 2022

WT Harris/Plott Road Water Main Project

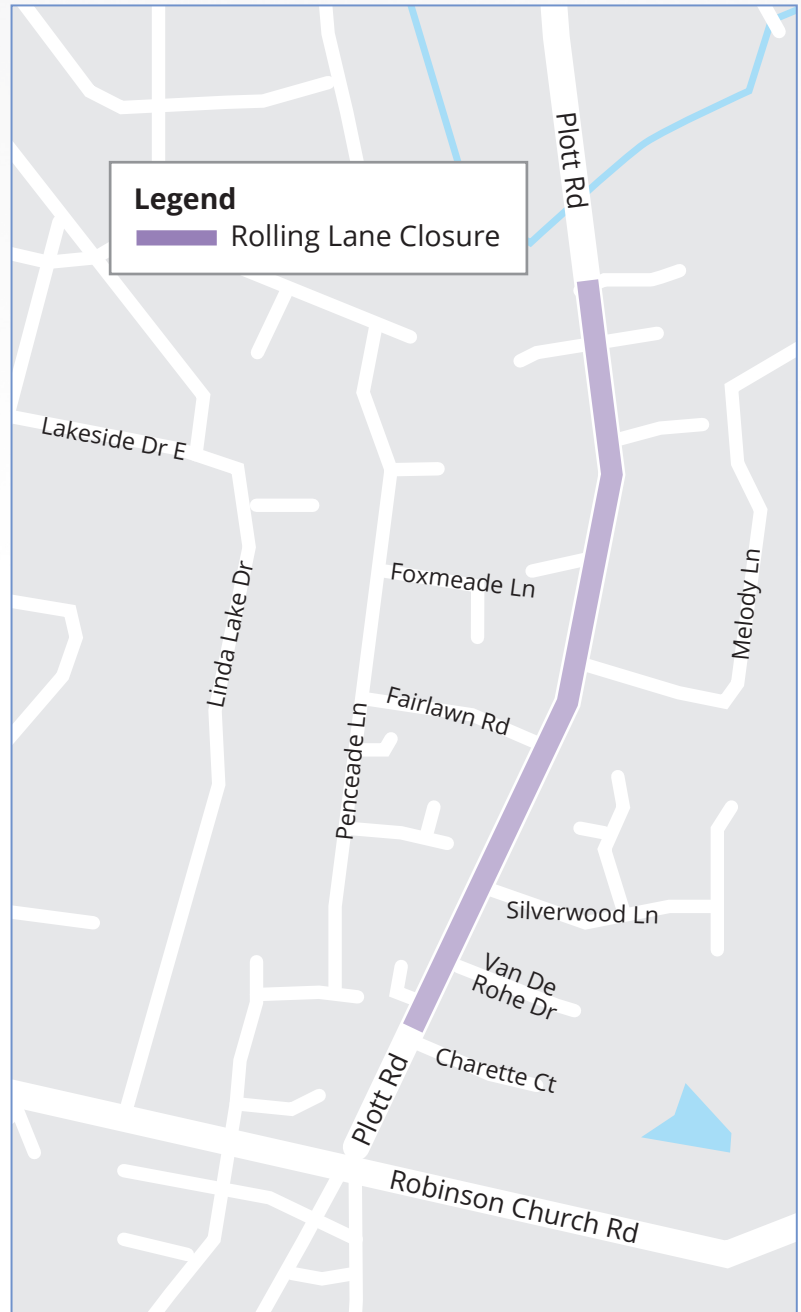

Plott Road – Lane Closure

Contractors for Charlotte Water are continuing construction work on water main improvements in the area. Once completed, the project will maintain quality and reliability of water service for customers in the area.

The section of Plott Road starting at Charette Court is expected to have rolling lane closures from late September through January 2023. One lane will be closed at a time while crews progress north along Plott Road. Temporary traffic lights will be utilized allowing one-way traffic to proceed. See map.

During this time, motorists should follow all detour signage. Access will be maintained for all residents and businesses along the closed lane of Plott Road. Charlotte Water understands that construction can be inconvenient, but this closure is necessary to ensure safety of all individuals.

Please note, schedules are subject to change due to weather and other conditions.

Rolling lane closure will impact a small section of Plott Road at a time to minimize traffic disruptions.

QUESTIONS:

For updates on project progress, please visit the project webpage at bit.ly/WTHarrisPlottRoad, or by visiting charlottewater.org (click on "projects"). If you have a question, please contact Charlotte Water project manager Amy Vershel, amy.vershel@charlottenc.gov, (704) 962-7685.
