## WT Harris/Plott Road Water Main Project *Highland Avenue Closure*

Contractors from Charlotte Water are continuing construction work on water main improvements in the area. Once completed, the project will maintain quality and reliability of water service for customers in the area.

**The section of Highland Avenue between Wickville Road and Robinson Church Road is expected to be closed from July 11 through July 22 to install the new water main.**

During this time, motorists should follow all traffic signage. Highland Avenue can continue to be accessed from Wickville Drive. See map for full detour. Access will be maintained for residents and businesses. Charlotte Water understands that construction can be inconvenient, but this closure is necessary to ensure safety of all individuals.

**Please note, schedules are subject to change due to weather and other conditions.**
