 Michael Wilfong (Carolina Right of Way)

Jen McAlister (Carolina Right of Way)

Storm Water Services held a drop in style public meeting to discuss the proposed improvements for the Barrington Storm Drainage Improvement Project (SDIP) with the project area residents. The City shared an overall map of the proposed improvements and discussed the project in general. Discussion included:

- Explained construction process and duration.
- Assured residents that fences impacted during construction would be replaced.
- Independent real estate agents hired by the City were present and introduced themselves.
