

# Storm Drainage Culvert Improvements

**PROJECT STATUS**  
JULY 2024  
Planning continues.

# Storm Drainage Culvert Improvements

**PROJECT STATUS**  
JULY 2024  
Planning continues.

## PROJECT STATUS | JULY 2024

Charlotte-Mecklenburg Storm Water Services is working with D&A Wolverine and their surveyor Survey & Mapping Control, Inc. to evaluate a culvert and the storm drainage system in this area.

Representatives may need to enter your property to collect survey data on the existing system. While state law authorizes access to private property, no building or structure will be entered.

The survey work is scheduled to begin in July and take about 3 months to complete.
