## Water Quality Enhancement Project

**PROJECT STATUS**  
OCTOBER 2022  
Design is underway.

## PROJECT STATUS | OCTOBER 2022

Charlotte-Mecklenburg Storm Water Services along with engineering consultant Kimley-Horn and their surveyor ACRO Development Services have begun the design phase. Additional survey information is needed for the proposed improvements.

Representatives may need to enter your property to collect survey data on the existing system. While state law authorizes access to private property, no building or structure will be entered.

The survey work is scheduled to begin during the next several weeks.
