

# North Davidson

## Storm Drainage Improvement Project

### PROJECT STATUS

SEPTEMBER 2023

Construction is complete.

## PROJECT STATUS | SEPTEMBER 2023

Construction of the North Davidson Storm Drainage Improvement Project is complete. Storm Water Services will continue to monitor the project during the next 12 months as part of the warranty phase. The construction inspector will conduct 6- and 11-month inspections during the warranty period. If needed, the contractor will return to the site to make repairs.

Charlotte-Mecklenburg Storm Water Services appreciates your cooperation and patience during the construction phase of this project.
