

Storm Drains are for Rain Only

Stormwater goes directly to our creeks and lakes without treatment. Pollution that washes away with rain and enters storm drains is called stormwater pollution.

Preventing stormwater pollution is important for:

Drinking Water

Recreation

Fish & Wildlife

Quality of Life

Pollution isn't just bad for the environment—IT'S ILLEGAL.

*You can be fined up to **\$10,000** per day, per event.*

Report Spills and Stormwater Pollution to 311 or (704) 336-7600
