Storm Drainage
Improvement Project

PROJECT STATUS
MARCH 2024
Planning continues.

PROJECT STATUS | MARCH 2024

Charlotte-Mecklenburg Storm Water Services and engineering consultant LandDesign continue with the planning phase. The project will replace aging infrastructure and provide adequate drainage system capacity.

The project team continues to study the existing drainage system and is developing alternative solutions. A public meeting will be held once the project team is ready to present a recommended solution to property owners.
