

How to set IHD Pipe Catalog Settings

The path to the IHD Pipes Catalog should be set before creating a Pipe Network in Civil 3D. The IHD Pipes Catalog Settings will be applied in your Pipe Network Parts List.

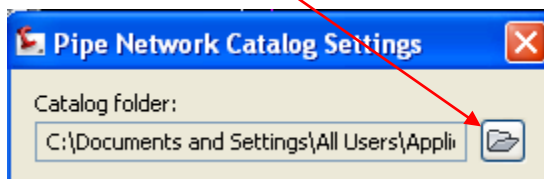

- 1) Locate "Set Pipe Network Catalog". From the Ribbon on the Home tab expand Create Design.

- 2) Select Set Pipe Network Catalog.

Next, select the path to the IHD Pipes Catalog folder

- 3) Select the path to the City Pipes Catalog Folder location. Note that the default location for Pipes Catalog is c:\Documents and Settings\Autodesk\C3D 2010\enu\Pipes Catalog.
